UNITED STATES OF AMERICA,
STATE OF IDAHO.

I, ROBERT LANSDON, Secretary of State of the State of Idaho, do hereby certify that the following printed Volumes (1 and 2) are a true and literal copy of House Bill No. 1, introduced and passed at the Tenth Session of the Legislature of the State of Idaho and approved by the Governor of said State on the Twelfth day of January A. D. 1909, as appears from the enrolled copy of said House Bill No. 1, now on file in this office; and that the same is published under authority of the State of Idaho.

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed the great Seal of the State. Done at Boise City, the Capital of Idaho, this Twenty-second day of March in the year of our Lord one thousand nine hundred and nine and of the Independence of the United States of America the one hundred and thirty-third.

A handwritten signature in dark ink, appearing to read "Robert Lansdon".

Secretary of State.

PREFACE

The "Revised Codes" embraced in these volumes have been prepared under the authority of an act of the Legislature, approved March 12, 1907, entitled "An Act to provide for the Revision, Compilation and Codification of the Laws of the State of Idaho." The act is set forth at length on pages 75 to 77 of this volume.

Whatever difference of opinion there may be as to the proper scope of an authorized statutory revision under an act such as the one above cited, the wisdom of simply revising and compiling the existing law was so apparent on practical grounds as to exclude every other course. A Revised Code has become an imperative necessity, and while there might be many forceful objections to enacting a code reflecting individual views, there can be none to the mere re-enactment of the present law. These Codes, therefore, contain only what is believed to be the existing law of this State, revised and brought down to date so as to accurately and adequately express the latest will of the Legislature. Obvious grammatical, clerical and typographical errors, and mistakes of punctuation, have been corrected; alterations have been made where a section as originally enacted has been modified by subsequent legislation; provisions ante-dating the Constitution or otherwise inapplicable to the present state of government or of the law have been omitted or modified as circumstances required; but in no case has the legislative function of making new laws or of changing the existing law been usurped.

The revision act required the statutes to be divided into Political, Civil, Civil Procedure and Penal Codes. This method of classification is open to serious objection. The personal equation enters too largely into the problem as thus presented, and subjects which one person would place in one code, another would place in another. This is illustrated in previous compilations of the laws of this State. The chapters concerning "Wills" and "Succession" in 1887 were included in the Code of Civil Procedure, and in 1901 in the Civil Code. Many similar instances will readily occur to every one familiar with our statutes. Attempted logical classifications of the law have been unsatisfactory and have provoked controversy ever since Blackstone wrote his Commentaries, while alphabetical or encyclopedic classifications have universally met with approval. Statutes arranged in the latter method are themselves an index to their contents. There is always an opportunity for difference of opinion, and consequently argument and dissatisfaction, over a division of topics founded on individual preferences, but there can be no dispute over the arbitrary progression of the letters of the alpha-

bet. However, we in this State are perhaps committed to the so-called "Code" system, and in any event such has been foreordained for these codes. Within the limitations thus imposed, and with a view of making a usable and practical, rather than a scholarly classification, the familiar arrangement of the Revised Statutes of 1887 has been adopted. This classification is closely analagous to that of the California Codes, and has been followed with more or less variation in all the States which have followed those Codes. In the present work it has been closely adhered to without any attempt to improve upon it, and often in disregard to personal preferences. In the Civil Procedure and Penal Codes even the title and chapter headings and section numbers are preserved. In the Political and Civil Codes there has been so much new legislation since the Revised Statutes that it was necessary to make several insertions in what seemed to be their appropriate places, and the old section numbers could not be preserved without using a labyrinth of letters in combinations which would frequently have been unintelligible. It has also been necessary to insert several new titles and chapters, and in some cases to change the relative positions of titles and chapters. The chapter on "Funding County Indebtedness" has been transferred from the title of the Civil Code which treats of negotiable instruments to Title 11 of the Political Code concerning "Counties and County Officers." The Police title of the Political Code includes "Inclosures and Trespassing Animals" and "Estrays" which, in the Revised Statutes, constituted separate titles. In contradistinction to the 1901 Codes, the title "Irrigation Districts" has been included in the Political Code, on the theory that such districts are "political divisions of the State which, by the revision act, are required to be included in that Code. Again differing from the 1901 Codes, and in some respects from the Revised Statutes, penal provisions of political, administrative and police laws have been retained in the Political Code with the acts of which they are the sanctionary clauses, instead of being transferred to the Penal Code, where, standing alone, they would be meaningless and must be read in connection with provisions in an entirely different part of the work. In their place in the Penal Code, "cross reference headings" or "false sections" have been inserted, referring to all penal provisions of the law which are not contained in that Code. Provisions creating State offices and boards are included in the same title or chapter with the department of government, institution or branch of law, which the office or board is created to administer or enforce. The details of the classification are adequately explained by the table of contents.

The historical notes give the origin and history of the section and indicate any changes, other than mere clerical or verbal corrections, which have been made, with the reasons therefor. The references to the original and amendatory acts are to the initial page of the act and not to the page on which the section is found, the object being to present as a unit an act which may extend through many sections. The notes to sections taken from the Session Laws of 1888-89 refer to the pages of the edition published by the Smith Printing Co. in 1893, while those to sections from the 1899 laws refer to the pages of the Lewis edition.

The "California Legislation" notes give the corresponding section of the California Codes whenever there is a similar section, and indicate in a general way the points of similarity or difference. References are given to the original Commissioners' Code of 1872, Deering's Code of 1885, and Kerr's Cyclopedic Code of 1905. The latter work cites all the California decisions construing the section. Where there is no similar California legislation and it has been possible, with the means and resources at hand, to find similar statutes of other States, they are referred to under the heading "Comparative Legislation." These latter notes do not pretend to be exhaustive and their absence does not indicate that the Idaho section is *sui generis*, but merely that, in the limited time which could be given to the quest, no similar legislation could be found.

The case notes include all cases decided by the Supreme Court of this State citing or construing the section annotated, through the cases reported in the 12th Idaho, and in addition thereto such cases reported in the 13th Idaho as appeared in the 91st Pacific Reporter. Parallel references are given to the Idaho Reports and to the Pacific Reporter. Federal cases, through 206 U. S. (Bk. 51 L. Ed.) and 153 Fed. Rep., construing sections of our statutes, are also included. The word "Cited" followed by reference to a case indicates that the section has been cited by the court in the case referred to, but that it was not construed, or, if construed, the construction turned principally on some other section under which the full note is given. The year of the decision is given in parentheses so that by inspecting the historical note it can be judged whether or not the decision is applicable to the section since amendments referred to in that note. Dissenting and concurring opinions are also digested, being indicated by the abbreviations "dis. op." and "concur. op.", respectively. Where a Justice expressly dissents from a construction placed on a statute by the opinion, that fact is noted, but no note is made of a general dissent from the judgment of the court. If a case has been expressly overruled it is so stated, but personal opinions as to whether a later decision in effect overrules an earlier one are not interjected.

An index to the Constitution follows that instrument, an index to the Political and Civil Codes is appended to Volume 1, and a complete index to all Codes, including also the Constitution, follows Volume 2. The index to the Political and Civil Codes is an abridgment of the complete index. It refers to every section of those Codes, but duplication is avoided and the sections are only indexed under the main topical head. This abridgment was rendered necessary to keep the bulk of the first volume within bounds. Attention is called to the appendixes to Volume 2 which include: (1) a parallel reference table giving the sections of the Revised Statutes, and pages and sections of the Session Laws, with the corresponding sections of the Codes; (2) a table of repealed and amended laws; (3) the rules of the Supreme Court. Section 17 of the Codes gives a table of all local and special laws preserved in force.

The Justices of the Supreme Court and other State officers have rendered invaluable service in advice and suggestions, which it is impossible to recount in detail. It is here gratefully acknowledged.

In addition acknowledgments are made to Mr. Edwin Snow, Assistant Attorney General, for the compilation of the county boundaries, and assistance in checking over the repealed and omitted laws; to Mr. Herbert Wing, of the State Engineer's office, for assistance with the irrigation laws, and to W. C. Dunbar, Esq., of the Boise Bar, for the notes on the California and comparative legislation. Whatever typographical excellence the books possess is due to the publishers, the Syms-York Company, who have directed every energy towards making them above reproach in that respect.

These Codes are now submitted to the people of the State, in the hope that they may be found accurate and reliable, and to present a complete and systematic compilation of our statutes. To those, if there be any such, who hoped and expected that they would eliminate all difficulties of statutory construction and application, the writer would suggest the advice of Carlyle, "Quit hope of the universal pill." Such a consummation can never be attained until legislative wisdom and foresight can foresee and adequately provide for every complication arising in social and business relations which are constantly growing more complex.

Commissioner.

INTRODUCTORY MATTERS

MAGNA CHARTA

THE GREAT CHARTER OF LIBERTIES OF KING JOHN, GRANTED AT RUNNYMEDE, JUNE 15, A. D. 1215, IN THE SEVENTEENTH YEAR OF HIS REIGN.

John, by the grace of God, King of England, Lord of Ireland, Duke of Normandy, and Aquitaine, and Count of Anjou, to his Archbishops, Bishops, Abbots, Earls, Barons, Justiciaries, Foresters, Sheriffs, Governors, Officers, and to all Bailiffs, and his Lieges, Greeting: Know ye, that we, in the presence of God, and for the salvation of our own soul, and the souls of our ancestors, and of our heirs, and unto the honor of God and the advancement of Holy Church, and amendment of our realm, by advice of our venerable Fathers, Stephen, Archbishop of Canterbury, Primate of all England and Cardinal of the Holy Roman Church, Henry, Archbishop of Dublin, William of London, Peter of Winchester, Jocelin of Bath and Glastonbury, Hugh of Lincoln, Walter of Worcester, William of Coventry, Benedict of Rochester, Bishops; of Master Pandulph, Sub-Deacon and Familiar of our Lord the Pope, Brother Aymeric, Master of the Knights Templar in England; and of the Noble Persons, William Mereschal, Earl of Pembroke, William, Earl of Salisbury, William, Earl of Warren, William, Earl of Arundel, Alan de Galloway, Constable of Scotland, Warin Fitz-Gerald, Peter Fitz-Herbert, and Hubert de Burgh, Seneschal of Poitou, Hugh de Neville, Matthew Fitz-Herbert, Thomas Basset, Alan Basset, Philip of Albany, Robert de Roppell, John Mareschal, John Fitz-Hugh, and others, our ligemen, have in the first place, granted to God, and by this our present Charter confirmed for us and our heirs forever:

1. That the Church of England shall be free, and have her whole rights, and her liberties inviolable; and we shall have them so observed, that it may appear thence, that the freedom of elections which is reckoned chief and indispensable to the English Church, and which we granted and confirmed by our charter, and obtained the confirmation of the same from our Lord Pope Innocent III., before the discord between us and our barons, was granted of mere free will which charter we shall observe, and we do will it to be faithfully observed by our heirs forever.

2. We have also granted to all the freemen of our kingdom, for us and for our heirs forever, all the underwritten liberties to be had and holden by them and their heirs, of us and our heirs, forever: If any of our earls, or barons or others, who hold of us in chief by military service, shall die, and at the time of his death, his heirs shall

be of full age, and owes a relief; he shall have his inheritance by the ancient relief; that is to say, the heir or heirs of an earl, for a whole earldom, by a hundred pounds; the heir or heirs of a baron, for a whole barony, by a hundred pounds; the heir or heirs of a knight, for a whole knight's fee, by a hundred shillings at most; and whoever oweth less shall give less, according to the ancient custom of fees.

3. But if the heir of any such shall be under age, and shall be in ward when he comes of age, he shall have his inheritance without relief and without fine.

4. The keeper of the land of such an heir being under age, shall take of the land of the heir none but reasonable issues, reasonable customs, and reasonable services, and that without destruction and waste of his men and his goods; and if we commit the custody of any such lands to the sheriff, or any other who is answerable to us for the issues of the land, and he shall make destruction and waste of the lands which he hath in custody, we will take of him amends, and the land shall be committed to two lawful and discreet men of that fee, who shall answer for the issue to us, or to him to whom we shall assign them; and if we sell or give to anyone the custody of any such lands, and he therein makes destruction or waste, he shall lose the same custody, which shall be committed to two lawful and discreet men of that fee, who shall in like manner answer to us as aforesaid.

5. But the keeper, so long as he shall have the custody of the land, shall keep up the houses, parks, warrens, ponds, mills, and other things pertaining to the land, out of the issues of the same land; and shall deliver to the heir when he comes of full age, his whole land, stocked with plows and carriages, according as the time of wainage shall require, and the issue of the land can reasonably bear.

6. His heirs shall be married without disparagement, and so that before matrimony shall be contracted, those who are near in blood to the heir shall have notice.

7. A widow, after the death of her husband, shall forthwith and without difficulty have her marriage and inheritance; nor shall she give anything for her dower, or her marriage, or her inheritance, which her husband and she held at the day of his death; and she may remain in the mansion house of her husband forty days after his death, within which time her dower shall be assigned.

8. No widow shall be distrained to marry herself, so long as she has a mind to live without a husband; but yet she shall give security that she will not marry without our assent, if she holds of us; or without the consent of the lord whom she holds, if she holds of another.

9. Neither we nor our bailiffs will seize any land or rent for any debt, so long as the chattels of the debtor are sufficient to pay the debt; nor shall the sureties of the debtor be distrained so long as the principal debtor has sufficient to pay the debt; and if the principal debtor shall fail in the payment of the debt, not having the wherewithal to pay it, then the sureties shall answer the debt; and if they will they shall have the lands and rent of the debtor, until they shall be satisfied for the debt which they paid for him, unless the principal debtor can show himself acquitted thereof against said sureties.

10. If any one have borrowed anything of the Jews, more or less, and die before the debt be satisfied, there shall be no interest paid for that debt, so long as the heir is under age, or whomsoever he may hold; and if the debt falls into our hands we will take only the chattel mentioned in the deed.

11. And if any one shall die indebted to the Jews, his wife shall have her dower and pay nothing of that debt; and if the deceased left children under age, they shall have necessities provided for them, according to the tenement of the deceased; and out of the residue the debt shall be paid, saving, however, the services due the lords; and in like manner shall it be done touching debts due to others than the Jews.

12. No scutage or aid shall be imposed in our kingdom, unless by the general council of our kingdom; except for ransoming our person, making our eldest son knight, and once for marrying our eldest daughter; and for these there shall be paid no more than reasonable aid. In like manner it shall be concerning the aids of the city of London.

13. And the city of London shall have all of its ancient liberties and free customs, as well by land as by water; furthermore we will and grant, that all other cities and burroughs, and towns and ports, shall have all their liberties and free customs.

14. And for holding the general council of the kingdom concerning the assessment of aids, except in the three cases aforesaid, and for the assessing of scutages, we will cause to be summoned the archbishops, bishops, abbots, earls, and greater barons of the realm, singly by our letters. And furthermore we will cause to be summoned generally by our sheriffs and bailiffs, all others who hold us in chief, for a certain day, that is to say forty days before their meeting at least and to a certain place; and in all letters of such summons we will declare the cause of such summons. And summons being thus made, the business shall proceed on the day appointed, according to the advice of such as shall be present, although all that were summoned come not.

15. We will not for the future grant to any one that he may take aid of his own free tenants, unless to ransom his body, and to make his eldest son a knight, and once to marry his eldest daughter; and for this there shall be paid only reasonable aid.

16. No man shall be distrained to perform more service for a knight's fee, or other fee tenement than is due from thence.

17. Common pleas shall not follow our court, but shall be holden in some place certain.

18. Trials upon the writ of novel disseisin, and mort d'ancestor, and of darrien presentment, shall not be taken but in their proper counties, and after this manner: We, or, if we should be out of the realm, our chief justiciary, will send two justiciaries through every county four times a year, who, with four knights of each county, chosen by the county, shall hold the said assizes, in the county, on the day and at the place appointed.

19. And if any matters cannot be determined on the day appointed for the holding of the assizes, in each county, so many of the knights and freeholders as have been at the assizes aforesaid, shall stay to

decide them, as is necessary, according as there is more or less business.

20. A freeman shall not be amerced for a small offence, but only after the degree of the offence; and for a great crime according to the heinousness of it, saving to him his contenement; and after the same manner a merchant, saving to him his merchandise. And a villein shall be amerced after the same manner, saving to him his wainage, if he falls under our mercy; and none of the aforesaid amerciaments shall be assessed but by oath of honest men of the neighborhood.

21. Earls and barons shall not be amerced, but by their peers, and after the degree of the offence.

22. No ecclesiastical person shall be amerced for his lay tenement, but according to the proportion of the others aforesaid, and not according to the value of his ecclesiastical benefice.

23. Neither a town nor any tenement shall be distrained to make bridges or banks, unless that anciently of right they are bound to do it.

24. No sheriff, constable, coroner, or other our bailiffs, shall hold pleas of the crown.

25. All counties, hundreds, wapentakes, and tythings, shall stand at the old rents, without increase, except in our demesne manors.

26. If any one holding of us a lay fee die, and the sheriff, or our bailiffs, show our letters of patent, of summons for debt which the dead man did owe to us, it shall be lawful for the sheriff or our bailiff to attach and register the chattels of the dead, found upon his lay fee, to the amount of the debt, by the view of lawful men, so as nothing be removed until our whole clear debt be paid; and the rest shall be left to the executors to fulfill the testament of the dead, and if there be nothing due from his to us, all the chattels shall go to the use of the dead, saving to his wife and children their reasonable shares.

27. If any freeman shall die intestate, his chattels shall be distributed by the hands of his nearest relations and friends, by view of the church; saving to everyone his debts which the deceased owed to him.

28. No constable or bailiff of ours shall take corn or other chattels of any man, unless he presently give him money for it, or hath respite of payment by the good will of the seller.

29. No constable shall distrain any knight to give money for castle-guard, if he himself will do it in his person, or by another able man in case he cannot do it through any reasonable cause. And if we have carried or sent him into the army, he shall be free from such guard for the time he shall be in the army by our command.

30. No sheriff or bailiff of ours, or any other, shall take horses or carts of any freeman for carriage, without the consent of the said freeman.

31. Neither will we nor our bailiffs take any man's timber for our castles or other uses, unless by the consent of the owner of the timber.

32. We will retain the lands of those convicted of felony only one year and a day, and then they shall be delivered to the lord of the free.

33. All weirs for the time to come shall be put down in the rivers Thames and Medway, and throughout all England, except upon the sea-coast.

34. The writ, which is called *prascipe*, for the future, shall not be made out to anyone, of any tenement, whereby a freeman may lose his court.

35. There shall be one measure of wine and one of ale through our whole realm; and one measure of corn, that is to say, the London quarter; and one breadth of dyed cloth, and russets, and haberjacks, that is to say, two ells within the lists and it shall be of weights as it is of measures.

36. Nothing from henceforth shall be given or taken for a writ of inquisition of life or limb, but it shall be granted freely, and not denied.

37. If any do hold of us by the fee-farm, or by socage, or by burgage, and he hold also lands of any other by knight service, we will not have the custody of the heir or land, which is holden of another man's fee by reason of that fee-farm, socage, or burgage, neither will we have the custody of the fee-farm, socage or burgage, unless knight's service was due us out of the same fee-farm. We will not have the custody of an heir, nor of any land which he holds of another by knight's service, by reason of any petty serjeanty by which he holds of us, by the service of paying a knife, an arrow, or the like.

38. No bailiff from henceforth shall put any man to his law upon his own bare saying, without creditable witnesses to prove it.

39. No freeman shall be taken or imprisoned, or disseised, or outlawed or banished, or in any way destroyed, nor will we pass upon him, nor will we send upon him, unless by the lawful judgment of his peers, or by the law of the land.

40. To none will we sell, to none will we deny, or delay, right or justice.

41. All merchants shall have safe and secure conduct to go out of, and to come into England, and to stay there, and to pass as well by land as water, for buying and selling by the ancient and allowed customs, without any unjust toils; except in time of war, or when they are of any nation at war with us. And if there be found any such in our land, in the beginning of war, they shall be attached without damage to their bodies or goods, until it be known unto us, of our chief justiciary, how our merchants, be treated in the nation at war with us; and if ours be safe there, the others shall be safe in our dominions.

42. It shall be lawful for the time to come, for any one to go out of our kingdom, and return safely and securely, by land or by water, saving his allegiance to us; unless in time of war, by some short space, for the common benefit of the realm, except prisoners and outlaws, according to the law of the land, and people in war with us, and merchants who shall be treated as is above mentioned.

43. If any man holds of any escheat, as of the honor of Wallingford, Nottingham, Boulogne, Lancaster, or of other escheats which be in our hand, and are baronies, and die, his heir shall give no other relief and perform no other service to us, that he would do to the baron, if it were in the baron's hand; we will hold it after the same manner as the baron held it.

44. Those men who dwell without the forest, from henceforth shall not come before our justiciaries of the forest, upon common summons, but such as are impleaded, or are pledges for any that are attached for something concerning the forest.

45. We will not make any justices, constables, sheriffs, or bailiffs, but of such as know the law of the realm and mean duly to observe it.

46. All barons who have founded abbeys, and have the kings of England's charters or advowson, or the ancient tenure thereof, shall have the keeping of them, when vacant, as they ought to have.

47. All forests that have been made forests in our time, shall forthwith be disforested; and the same shall be done with the water banks that have been fenced in by us in our time.

48. All evil customs concerning forests, warrens, foresters and warreners, sheriffs and their officers, rivers and their keepers, shall forthwith be inquired into in each county by twelve sworn knights of the same shire, chosen by creditable persons of the same county; and within forty days after the said inquest, be utterly abolished so as never to be restored. So as we are first acquainted therewith, or our justiciary, if we be not in England.

49. We will immediately give up all hostages and writings delivered unto us by our English subjects, as securities for their keeping the peace, and yielding us faithful service.

50. We will entirely remove from our bailiwicks the relations of Gerard de Athyes, so that for the future they shall have no bailiwick in England; we will also remove Englelard de Cygony, Andrew, Peter and Gyon, from the Chancery; Gyon de Cygony, Geoffrey de Martyn and his brothers; Philip Mark and his brothers, and his nephew, Geoffrey, and their whole retinue.

51. As soon as peace is restored, we will send out of the kingdom all foreign soldiers, cross-bowmen, and stipendaries, who are come with horses and arms to the prejudice of our people.

52. If any one has been dispossessed or deprived by us, without legal judgment of his peers, of his lands, castles, liberties, or right, we will forthwith restore them to him; and if any dispute arise upon this head, let the matter be decided by the five-and-twenty barons hereafter mentioned, for the preservation of the peace. As for all those things of which any person has, without the legal judgment of his peers, been dispossessed or deprived, either by King Henry our father, or our brother King Richard, and which we have in our hands, or are possessed by others, and we are bound to warrant and make good, we shall have a respite till the term usually allowed the crusaders; excepting those things about which there is a plea depending or whereof an inquest hath been made, by our order, before we undertake the crusade, but when we return from our pilgrimage, or if perchance we tarry at home and do not make our pilgrimage, we will immediately cause full justice to be administered therein.

53. The same respite we shall have (and in the same manner about administering justice, disafforesting the forests, or letting them continue) for disafforesting the forests, which Henry our father, and our brother Richard have afforested; and for the keeping of the lands which are in another's fee, in the same manner as we have hitherto enjoyed those wardships, by reason of a fee held of us by knight's service; and for the abbeys founded in any other fee than our own, in which the lord of the fee says he has a right; and when we return from our pilgrimage, or if we tarry at home and do not make our pilgrimage, we will immediately do full justice to all the complainants in this behalf.

54. No man shall be taken or imprisoned upon the appeal of a woman, for the death of any other than her husband.

55. All unjust and illegal fines made by us, and all amerciaments imposed unjustly and contrary to the law of the land, shall be entirely given up, or else be left to the decision of the five-and-twenty-barons hereinafter mentioned for the preservation of the peace, or of the major part of them, together with the aforesaid Stephen, archbishop of Canterbury, if he can be present, and others whom he shall think fit to take along with him; and if he cannot be present, the business shall notwithstanding go on without him; but so that if one or more of the aforesaid five-and-twenty-barons be plaintiffs in the same cause, they shall be set aside as to what concerns this particular affair and others be chosen in their room, out of the said five-and-twenty, and sworn by the rest to decide the matter.

56. If we have disseised or dispossessed the Welsh, of any lands, liberties, or other things, without the legal judgment of their peers, either in England or in Wales, they shall be immediately restored to them; and if any dispute arise upon this head, the matter shall be determined in the Marche by the judgment of their peers; for tenements in England, according to the law of England, for tenements in Wales according to the law of Wales, for tenements of the Marche according to the law of the Marche; the same shall the Welsh do to us and our subjects.

57. As for all those things which a Welshman hath, without the legal judgment of his peers, been disseised or deprived of by King Henry our father, or our brother King Richard, and which we either have in our hands, or others are possessed of, and we are obliged to warrant it, we shall have a respite till the time generally allowed the crusaders; excepting those things about which a suit is depending, or whereof an inquest has been made by our order before we undertook the crusade; but when we return, or if we stay at home without performing our pilgrimage, we will immediately do them full justice, according to the laws of the Welsh and of the parts before mentioned.

58. We will without delay dismiss the son of Llewellyn, and all the Welsh hostages, and release them from the engagements they have entered into with us for the preservation of peace.

59. We will treat with Alexander, King of Scots, concerning the restoration of his sisters and hostages, and his rights and liberties, in the same form and manner as we shall do to the rest of the barons of England; unless by the charters which we have from his father, William, late King of Scots, it ought to be otherwise; but this shall be left to the determination of his peers in our court.

60. All the aforesaid customs and liberties, which we have granted to be holden in our kingdom, as much as it belongs to us towards all people of our kingdom, as well clergy as laity shall observe as far as they are concerned, towards their dependents.

61. And whereas, for the honor of God and the amendment of our kingdom, and for the better quieting this discord that has arisen between us and our barons, we have granted all these things aforesaid; willing to render them firm and lasting, we do give and grant our subjects the underwritten security, namely, that the barons may choose five-and-twenty-barons of the kingdom, whom they think con-

venient; who shall take care, with all their might, to hold and observe and cause to be observed, the peace and liberties we have granted them, and by this our present charter confirmed; so that if we, our justiciary, our bailiffs, or any of our officers, shall in any circumstances fail in the performance of them, towards any person, or shall break through any of these articles of peace and security and the offence be notified to four barons chosen out of the five-and-twenty before mentioned, the said four barons shall repair to us, or our justiciary, if we are out of the realm, and laying open the grievance, shall petition to have it redressed without delay; and if it be not redressed by us, or if we should chance to be out of the realm, if it should not be redressed by our justiciary, within forty days, reckoning from the time it has been notified to us, or to our justiciary, if we should be out of the realm, the four barons aforesaid shall lay the cause before the rest of the five-and-twenty barons; and the said five-and-twenty barons, together with the community of the whole kingdom, shall distrain and distress us in all possible ways, by seizing our castles, lands, possessions, and in any other manner they can, till the grievance is redressed according to their pleasure; saving harmless our own person and the persons of our queen and children; and when it is redressed they shall obey as before. And any person whatsoever in the kingdom, may swear that he will obey the orders of the five-and-twenty barons aforesaid, in the execution of the premises, and will distress us jointly with them, to the utmost of his power; and we give public and free liberty to any one that shall please to swear to this, and never will hinder any person from taking the same oath.

62. As for those of our subjects who will not, of their own accord, swear to join the five-and-twenty barons in distraining and distressing us, we will issue orders to make them take the same oath as aforesaid. And if any one of the five-and-twenty barons dies, or goes out of the kingdom, or is hindered in any other way from carrying the things aforesaid into execution, the rest of the said five-and-twenty barons may choose another in his room, at their discretion, who shall be sworn in like manner as the rest. In all things that are committed by the execution of these five-and-twenty barons, if, when they are all assembled together, they should happen to disagree about any matter, and some of them, when summoned, will not, or cannot, come, whatever is agreed upon, or enjoined, by the major part of those that are present, shall be reputed as firm and valid as if all the five-and-twenty had given their consent; and the aforesaid five-and-twenty shall swear that all the premises they shall faithfully observe, and cause with all their power to be observed. And we will not, by ourselves, or by any other, procure any thing whereby any of these concessions and liberties may be revoked or lessened; and if any such thing be obtained, let it be null and void; neither shall we ever make use of it, either by ourselves or any other. And all the ill will, indignations and rancour that have arisen between us and our subjects, of the clergy and laity, from the first breaking out of the dissensions between us, we do fully remit and forgive; moreover all trespasses occasioned by the said dissensions, from Easter in the fifteenth year of our reign, till the restoration of peace and tranquility, we hereby entirely remit to all, both clergy and laity, and, as far as in us lies, do

fully forgive. We have, moreover, caused to be made for them the letters patent testimonials of Stephen, lord archbishop of Canterbury, Henry, lord archbishop of Dublin, and the bishops aforesaid, as also of Master Pandulph, for the security and concessions aforesaid.

63. Wherefore we will and firmly enjoin, that the Church of England be free, and that all the men in our kingdom have and hold all the aforesaid liberties, rights and concessions, truly and peaceably, freely and quietly, fully and wholly to themselves and their heirs, of us and our heirs, in all things and places, forever, as is aforesaid. It is also sworn, as well on our part as on the part of the barons, that all the things aforesaid shall be observed, bona fide and without evil subtilty.

Given under our hand in the presence of the witnesses above named and many others, in the meadow called Runnymede, between Windsor and Staines, the 15th day of June, in the 17th year of our reign.

DECLARATION OF INDEPENDENCE

IN CONGRESS, JULY 4, 1776.—THE UNANIMOUS DECLARATION OF THE THIRTEEN UNITED STATES OF AMERICA.

WHEN in the course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume among the Powers of the earth, the separate and equal station to which the laws of Nature and of Nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain inalienable rights, that among these are life, liberty, and the pursuit of happiness; that to secure these rights Governments are instituted among men, deriving their just powers from the consent of the governed. That whenever any form of government becomes destructive of these ends, it is the right of the people to alter or to abolish it, and to institute new government, laying its foundation on such principles and organizing its powers in such form, as to them shall seem most likely to effect their safety and happiness. Prudence, indeed, will dictate that Governments long established should not be changed for light and transient causes; and accordingly all experience hath shown that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But when a long train of abuses and usurpations, pursuing invariably the same object, evinces a design to reduce them under absolute despotism, it is their right, it is their duty, to throw off such government, and to provide new guards for their future security. Such has been the patient sufferance of these Colonies, and such is now the necessity which constrains them to alter their former systems of government. The history of the present King of Great Britain is a history of repeated injuries and usurpations, all having in direct object the establishment of an absolute tyranny over these States. To prove this, let facts be submitted to a candid world.

He has refused his assent to laws the most wholesome and necessary for the public good.

He has forbidden his Governors to pass laws of immediate and pressing importance, unless suspended in their operation till his assent should be obtained; and when so suspended, he has utterly neglected to attend to them.

He has refused to pass other laws for the accommodation of large districts of people, unless those people would relinquish the right of representation in the Legislature, a right inestimable to them and formidable to tyrants only.

He has called together legislative bodies at places unusual, uncomfortable, and distant from the depository of their public records, for the sole purpose of fatiguing them into compliance with his measures.

He has dissolved Representative Houses repeatedly, for opposing with manly firmness his invasions on the rights of the people.

He has refused for a long time, after such dissolutions, to cause others to be elected; whereby the legislative powers, incapable of annihilation, have returned to the people at large, for their exercise, the State remaining, in the meantime, exposed to all the dangers of invasion from without, and convulsions within.

He has endeavored to prevent the population of these States; for that purpose obstructing the laws for naturalization of foreigners; refusing to pass others to encourage their migration hither and raising the conditions of new appropriation of lands.

He has obstructed the administration of justice, by refusing his assent to laws for establishing judiciary powers.

He has made judges dependent on his will alone, for the tenure of their offices and the amount and payment of their salaries.

He has created a multitude of new offices, and sent hither swarms of officers, to harass our people, and eat out their substance.

He has kept among us, in times of peace, standing armies, without the consent of our legislatures.

He has affected to render the military independent of, and superior to, the civil power.

He has combined with others to subject us to a jurisdiction foreign to our Constitution, and unacknowledged by our laws; giving his assent to their acts of pretended legislation.

For quartering large bodies of armed troops among us.

For protecting them, by a mock trial, from punishment for any murders which they should commit on the inhabitants of these States.

For cutting off our trade with all parts of the world.

For imposing taxes on us without our consent.

For depriving us, in many cases, of the benefits of trial by jury.

For transporting us beyond seas to be tried for pretended offenses.

For abolishing the free system of English laws in a neighboring province, establishing therein an arbitrary government, and enlarging its boundaries, so as to render it at once an example and fit instrument for introducing the same absolute rule into these colonies.

For taking away our charters, abolishing our most valuable laws, and altering, fundamentally, the forms of our government.

For suspending our own legislatures, and declaring themselves invested with power to legislate for us in all cases whatsoever.

He has abdicated government here by declaring us out of his protection, and waging war against us.

He has plundered our seas, ravaged our coasts, burnt our towns, and destroyed the lives of our people.

He is at this time transporting large armies of foreign mercenaries to complete the works of death, desolation, and tyranny, already begun with circumstances of cruelty and perfidy scarcely paralleled in the most barbarous ages, and totally unworthy the head of a civilized nation.

He has constrained our fellow citizens taken captive on the high seas to bear arms against their country, to become the executioners of their friends and brethren, or to fall themselves by their hands.

He has incited domestic insurrections amongst us, and has endeavored to bring on the inhabitants of our frontiers, the merciless Indian savages, whose known rule of warfare is an undistinguished destruction of all ages, sexes and conditions.

In every stage of these oppressions, we have petitioned for redress in the most humble terms. Our repeated petitions have been answered only by repeated injury. A prince, whose character is thus marked by every act which may define a tyrant, is unfit to be the ruler of a free people.

Nor have we been wanting in attention to our British brethren. We have warned them from time to time of attempts by their legislature to extend an unwarrantable jurisdiction over us. We have reminded them of the circumstances of our emigration and settlement here. We have appealed to their native justice and magnanimity, and we have conjured them by the ties of common kindred to disavow these usurpations, which would inevitably interrupt our connections and correspondence. They too have been deaf to the voice of justice and of consanguinity. We must, therefore, acquiesce in the necessity which denounces our separation, and hold them, as we hold the rest of mankind, enemies in war, in peace, friends.

We, therefore, the Representatives of the United States of America, in General Congress assembled, appealing to the Supreme Judge of the World for the rectitude of our intentions, do, in the name and by authority of the good people of these colonies, solemnly publish and declare, that these united colonies are, and of right ought to be, free and independent States; that they are absolved from all allegiance to the British crown, and that all political connection between them and the State of Great Britain, is and ought to be totally dissolved; and that as free and independent States, they have full power to levy war, conclude peace, contract alliances, establish commerce, and to do all other acts and things which independent States may of right do. And for the support of this Declaration, with a firm reliance on the protection of Divine Providence, we mutually pledge to each other our lives, our fortunes and our sacred honor.

CONSTITUTION OF THE UNITED STATES

ADOPTED IN CONVENTION, SEPTEMBER 17, 1787.

We the people of the United States, in order to form a more perfect Union, establish justice, insure domestic tranquility, provide for the common defense, promote the general welfare, and secure the blessings of liberty to ourselves and our posterity, do ordain and establish this Constitution for the United States of America :

ARTICLE I.

SECTION 1. All legislative powers herein granted shall be vested in a Congress of the United States, which shall consist of a Senate and House of Representatives.

Section 2. The House of Representatives shall be composed of members chosen every second year by the people of the several States, and the electors in each State shall have the qualifications requisite for the electors of the most numerous branch of the State Legislature.

No person shall be a representative who shall not have attained to the age of twenty-five years, and been seven years a citizen of the United States, and who shall not, when elected, be an inhabitant of that State in which he shall be chosen.

Representatives and direct taxes shall be apportioned among the several States which may be included within this Union, according to their respective numbers, which shall be determined by adding to the whole number of free persons, including those bound to service for a term of years, and excluding Indians not taxed, three-fifths of all other persons. The actual enumeration shall be made within three years after the first meeting of the Congress of the United States, and within every subsequent term of ten years, in such manner as they shall by law direct. The number of Representatives shall not exceed one for every thirty thousand, but each State shall have at least one Representative; and until such enumeration shall be made, the State of New Hampshire shall be entitled to choose three, Massachusetts eight, Rhode Island and Providence Plantations one, Connecticut five, New York six, New Jersey four, Pennsylvania eight, Delaware one, Maryland six, Virginia ten, North Carolina five, South Carolina five, Georgia three.

When vacancies happen in the representation from any State, the executive authority thereof shall issue writs of election to fill such vacancies.

The House of Representatives shall choose their Speaker and other officers; and shall have the sole power of impeachment.

Section 3. The Senate of the United States shall be composed of two Senators from each State, chosen by the Legislature thereof, for six years; and each Senator shall have one vote.

Immediately after they shall be assembled in consequence of the first election, they shall be divided as equally as may be into three classes. The seats of the Senators of the first class shall be vacated at the expiration of the second year, of the second class at the expiration of the fourth year, and of the third class at the expiration of the sixth year, so that one-third may be chosen every second year; and if vacancies happen by resignation, or otherwise, during the recess of the Legislature of any State, the executive thereof may make temporary appointments until the next meeting of the Legislature which shall then fill such vacancies.

No person shall be a Senator who shall not have attained to the age of thirty years, and been nine years a citizen of the United States, and who shall not, when elected, be an inhabitant of that State for which he shall be chosen.

The Vice President of the United States shall be President of the Senate, but shall have no vote, unless they be equally divided.

The Senate shall choose their other officers, and also a President pro tempore, in the absence of the Vice President, or when he shall exercise the office of President of the United States.

The Senate shall have the sole power to try all impeachments. When sitting for that purpose, they shall be on oath or affirmation. When the President of the United States is tried, the Chief Justice shall preside. And no person shall be convicted without the concurrence of two-thirds of the members present.

Judgment in cases of impeachment shall not extend further than to removal from office, and disqualification to hold and enjoy any office or honor, trust, or profit under the United States; but the party convicted shall nevertheless be liable and subject to indictment, trial, judgment and punishment, according to law.

And the first election shall be held at such time and places, and may be conducted in such manner both as to the persons who shall superintend such election and the returns thereof, as the Governor shall appoint and direct; and he shall at the same time declare the number of members of the Council and House of Representatives to which each of the counties or districts shall be entitled under this Act. The persons having the highest number of legal votes in each of said Council districts for members of the Council shall be declared by the Governor to be duly elected to the Council and the persons having the highest number of legal votes for the House of Representatives shall be declared by the Governor to be duly elected members of said House: *Provided*, That in case two or more persons voted for shall have an equal number of votes, and in case a vacancy shall otherwise occur in either branch of the Legislative Assembly, the Governor shall order a new election; and the persons thus elected to the Legislative assembly shall meet at such place and on such day as the Governor shall appoint; but thereafter the time, place, and manner of holding and conducting all elections by the people and the apportioning the representation in the several counties or districts to the Council and House of Representatives, according to the number of qualified voters, shall be prescribed by law, as well as the day of the commencement of the regular sessions of the Legislative Assembly: *Provided*, That no session in any one year shall exceed the term of forty days, except the first session, which may continue sixty days.

Section 5. *And be it further enacted*, That every free white male inhabitant above the age of twenty-one years, who shall have been an actual resident of said Territory at the time of the passage of this Act, shall be entitled to vote at the first election, and shall be eligible to any office within the said Territory; but the qualifications of voters, and of holding office, at all subsequent elections, shall be such as shall be prescribed by the Legislative Assembly.

Section 6. *And be it further enacted*, That the legislative power of the Territory shall extend to all rightful subjects of legislation consistent with the Constitution of the United States and the provisions of this Act; but no law shall be passed interfering with the primary disposal of the soil; no tax shall be imposed upon the

property of the United States, nor shall the lands or other property of non-residents be taxed higher than the lands or other property of residents. Every bill which shall have passed the Council and House of Representatives of the said Territory shall, before it becomes a law, be presented to the Governor of the Territory; if he approve, he shall sign it; but if not he shall return it, with his objections, to the house in which it originated, who shall enter the objections at large upon their journal and proceed to reconsider it. If, after such reconsideration, two-thirds of that house shall agree to pass the bill, it shall be sent together with the objections, to the other house, by which it shall likewise be reconsidered; and if approved by two-thirds of that house, it shall become a law. But in all such cases the votes of both houses shall be determined by yeas and nays, to be entered on the journal of each house respectively. If any bill shall not be returned by the Governor within three days (Sundays excepted) after it shall have been presented to him, the same shall be a law in like manner as if he had signed it, unless the assembly, by adjournment, prevent its return; in which case it shall not be a law: *Provided*, That whereas slavery is prohibited in said Territory by an Act of Congress of June nineteenth, eighteen hundred and sixty-two, nothing herein contained shall be construed to authorize or permit its existence therein.

Section 7. *And be it further enacted*, That all township, district, and county officers, not herein otherwise provided for, shall be appointed or elected, as the case may be, in such manner as shall be provided by the Governor and Legislative Assembly of the Territory of Idaho. The Governor shall nominate and, by and with the advice and consent of the Legislative Council, appoint all officers not herein otherwise provided for, and in the first instance the Governor alone may appoint all said officers, who shall hold their offices until the end of the first session of the Legislative Assembly, and shall lay off the necessary districts for members of the Council and House of Representatives, and all other officers.

Section 8. *And be it further enacted*, That no member of the Legislative Assembly shall hold or be appointed to any office which shall have been created, or the salary or emoluments of which shall have been created, or the salary or emoluments of which shall have been increased, while he was a member, during the term for which he was elected, and for one year after the expiration of such term; but this restriction shall not be applicable to members of the first Legislative Assembly; and no person holding a commission or appointment under the United States, except postmasters, shall be a member of the Legislative Assembly, or shall hold any office under the government of said Territory.

Section 9. *And be it further enacted*, That the judicial power of said Territory shall be vested in a supreme court, district courts, probate courts, and justices of the peace. The supreme court shall consist of a chief justice and two associate justices, any two of whom shall constitute a quorum, and who shall hold a term at the seat of government of said Territory annually and they shall hold their offices during the period of four years, and until their successors shall be appointed and qualified. The said Territory shall be divided into three judicial districts, and a district court shall be held in each of

said districts by one of the justices of the supreme court at such times and places as may be prescribed by law; and the said judges shall, after their appointments, respectively, reside in the districts which shall be assigned them. The jurisdiction of the several courts herein provided for, both appellate and original, and that of the probate courts and justices of the peace, shall be limited by law: *Provided*, That justices of the peace shall have no jurisdiction of any matter in controversy when the title or boundaries of any land may be in dispute, or where the debt or sum claimed shall exceed one hundred dollars; and the said supreme and district courts, respectively, shall possess chancery as well as common-law jurisdiction. Each district court, or the judge thereof, shall appoint its clerk, who shall also be the register in chancery, and shall keep his office at the place where the court may be held. Writs of error, bills of exceptions, and appeals shall be allowed in all cases from the final decisions of said district courts to the supreme court, under such regulations as may be prescribed by law. The supreme court, or justices thereof, shall appoint its own clerk, and every clerk shall hold his office at the pleasure of the court for which he shall have been appointed. Writs of error and appeals from the final decisions of said supreme court shall be allowed and may be taken to the Supreme Court of the United States, in the same manner and under the same regulations as from the Circuit Court of the United States, where the value of the property of the amount in controversy, to be ascertained by the oath or affirmation of either party or other competent witnesses, shall exceed one thousand dollars, except that a writ of error or appeal shall be allowed to the Supreme Court of the United States from the decision of the said supreme court created by this Act, or of any judge thereof, upon any writs of habeas corpus involving the question of personal freedom. And each of the said district courts shall have and exercise the same jurisdiction, in all cases arising under the Constitution and laws of the United States, as is vested in the Circuit and District Courts of the United States and the first six days of every term of said courts, or so much thereof as shall be necessary, shall be appropriated to the trial of causes arising under the said Constitution and laws; and writs of error and appeal in all cases shall be made to the supreme court of said Territory, the same as in other cases. The said clerks shall receive, in all such cases, the same fees which the clerks of the district courts of Washington Territory now receive for similar services.

Section 10. *And be it further enacted*, That there shall be appointed an attorney for said Territory, who shall continue in office four years, and until his successor shall be appointed and qualified, unless sooner removed by the President of the United States, and who shall receive the same fees and salary as the attorney of the United States for the present Territory of Washington. There shall also be a marshal for the Territory appointed, who shall hold his office for four years, and until his successor shall be appointed and qualified, unless sooner removed by the President of the United States, and who shall execute all processes issuing from the said courts, when exercising their jurisdiction as Circuit and District

Courts of the United States; he shall perform the duties, be subject to the same regulations and penalties, and be entitled to the same fees as the marshal of the District Court of the United States for the present Territory of Washington and shall, in addition be paid two hundred dollars annually as a compensation for extra services.

Section 11. *And be it further enacted*, That the Governor, Secretary, Chief Justice, and Associate Justices, Attorney, and Marshal, shall be appointed by the President of the United States, by and with the advice and consent of the Senate. The Governor and Secretary to be appointed as aforesaid, shall, before they act as such respectively, take an oath or affirmation, before the district judge or some justice of the peace in the limits of said Territory, duly authorized to administer oaths or affirmations by the laws now in force therein, or before the Chief Justice or some Associate Justice of the Supreme Court of the United States, to support the Constitution of the United States, and faithfully to discharge duties of their respective offices, which said oaths, when so taken, shall be certified by the person by whom the same shall have been taken; and such certificate shall be received and recorded by the said Secretary among the executive proceedings; and the Chief Justice and the Associate Justices, and all civil officers in said Territory, before they act as such shall take a like oath or affirmation before the said Governor or Secretary, or some judge or justice of the peace of the Territory, who may be duly commissioned and qualified, which said oath or affirmation shall be certified and transmitted by the person taking the same to the Secretary to be by him recorded as aforesaid; and afterwards the like oath or affirmation shall be taken, certified, and recorded in such manner and form as may be prescribed by law. The Governor shall receive an annual salary of two thousand five hundred dollars, the Chief Justice and Associate Justices shall receive an annual salary of two thousand five hundred dollars, the Secretary shall receive an annual salary of two thousand dollars; the said salaries shall be paid quarter-yearly from the dates of the respective appointments, at the Treasury of the United States; but no payment shall be made until said officers shall have entered upon the duties of their respective appointments. The members of the Legislative Assembly shall be entitled to receive four dollars each per day during their attendance at the sessions thereof and four dollars each for every twenty miles traveled in going to and returning from said sessions, estimated according to the nearest usually traveled route, and an additional allowance of four dollars per day shall be paid to the presiding officer of each house for each day he shall so preside. And a chief clerk, one assistant clerk, one engrossing and one enrolling clerk, a sergeant-at-arms and door-keeper may be chosen for each house; and the chief clerk shall receive four dollars per day, and the said other officers three dollars per day, during the session of the Legislative Assembly; but no other officers shall be paid by the United States: *Provided*, That there shall be but one session of the Legislative Assembly annually, unless on an extraordinary occasion, the Governor shall think proper to call the Legislative Assembly together. There shall be appropriated annually the usual sum to be expended by the Governor to defray

the contingent expenses of the Territory, including the salary of the clerk of the executive department; and there shall also be appropriated annually a sufficient sum, to be expended by the Secretary of the Territory, and upon an estimate to be made by the Secretary of the Treasury of the United States to defray the expenses of the Legislative Assembly, the printing of the laws and other incidental expenses; and the Governor and Secretary of the Territory shall, in the disbursement of all moneys entrusted to them, be governed solely by the instruction of the Secretary of the Treasury of the United States, and shall, semi-annually, account to the said Secretary for the manner in which the aforesaid moneys shall have been expended, and no expenditure shall be made by the Legislative Assembly for objects not specially authorized by the Acts of Congress making the appropriations, nor beyond the sums thus appropriated for such objects.

Section 12. *And be it further enacted*, That the Legislative Assembly of the Territory of Idaho shall hold its first session at such time and place in said Territory as the Governor thereof shall appoint and direct; and at said first session, or as soon thereafter as they shall deem expedient, the Governor and Legislative Assembly shall proceed to locate and establish the seat of government for said Territory at such place as they may deem eligible: *Provided*, That the seat of government fixed by the Governor and Legislative Assembly shall not be at any time changed, except by an Act of the said Assembly duly passed, and which shall be approved, after due notice, at the first general election thereafter, by a majority of the legal votes cast on that question.

Section 13. *And be it further enacted*, That a delegate to the House of Representatives of the United States, to serve for the term of two years, who shall be a citizen of the United States, may be elected by the voters qualified to elect members of the Legislative Assembly, who shall be entitled to the same rights and privileges as are exercised and enjoyed by the delegates from the several other Territories of the United States to the said House of Representatives, but the delegate first elected shall hold his seat only during the term of the Congress to which he shall be elected. The first election shall be held at such time and places, and be conducted in such manner as the Governor shall appoint and direct; and at all subsequent elections the times, places, and manner of holding elections shall be prescribed by law. The person having the greatest number of legal votes shall be declared by the Governor to be duly elected, and a certificate thereof shall be given accordingly. That the Constitution and all the laws of the United States which are not locally inapplicable shall have the same force and effect within the said Territory of Idaho as elsewhere within the United States.

Section 14. *And be it further enacted*, That when the lands in the Territory shall be surveyed, under the direction of the Government of the United States, preparatory to bringing the same into market, sections numbered sixteen and thirty-six in each township in said territory shall be, and the same are hereby, reserved for the purpose of being applied to schools in said Territory, and in the States and Territories hereafter to be erected out of the same.

Section 15. *And be it further enacted,* That until otherwise provided by law, the Governor of said Territory may define the judicial districts of said Territory, and assign the judges who may be appointed for said territory to the several districts, and also appoint the times and places for holding courts in the several counties or subdivisions in each of said judicial districts, by proclamation to be issued by him; but the Legislative Assembly, at their first or any subsequent session, may organize, alter, or modify such judicial districts, and assign the judges, and alter the times and places of holding the courts, as to them shall seem proper and convenient.

Section 16. *And be it further enacted,* That all officers to be appointed by the President of the United States, by and with the advice and consent of the Senate, for the Territory of Idaho, who, by virtue of the provisions of any law now existing, or which may be enacted by Congress, are required to give security for moneys that may be entrusted with them for disbursement, shall give such security at such time and in such manner as the Secretary of the Treasury may prescribe.

Section 17. *And be it further enacted.* That all treaties, laws, and other engagements made by the government of the United States with the Indian tribes inhabiting the Territory embraced within the provisions of this Act, shall be faithfully and rigidly observed, anything contained in this Act to the contrary notwithstanding; and that the existing agencies and superintendencies of said Indians be continued with the same powers and duties which are now prescribed by law, except that the President of the United States may, at his discretion, change the location of the offices of said agencies or superintendencies.

Sec. 1840. Nor shall anything in this Title be construed to affect the authority of the United States to make any regulation respecting the Indians of any Territory, their lands, property, or rights, by treaty, law or otherwise, in the same manner as might be made if no temporary government existed or is hereafter established, in any such Territory.

Sec. 9. That immediately upon and after the date of the passage of this act, all Indians committing against the person or property of another Indian, or other person, any of the following crimes, namely: Murder, manslaughter, rape, assault with intent to kill, arson, burglary and larceny, within any Territory of the United States, and either within or without an Indian reservation, shall be subject therefor to the laws of such Territory relating to said crimes, and shall be tried therefor in the same courts and in the same manner, and shall be subject to the same penalties as are all other persons charged with the commission of said crimes, respectively; and the said courts are hereby given jurisdiction in all such cases; and all such Indians committing any of the above crimes against the person or property of another Indian or other person within the boundaries of any State of the United States, and within the limits of any Indian reservation, shall be subject to the same laws, tried in the same courts and in the same manner, and subject to the same penalties as are all other persons committing any of the above crimes within the exclusive jurisdiction of the United States. (Act March 3, 1885.)

Sec. 1841. The executive power of each Territory shall be vested in a Governor, who shall hold his office for four years, and until his successor is appointed and qualified, unless sooner removed by the President. He shall commission all officers who are appointed under the laws of such Territory, and shall take care that the laws thereof be faithfully executed.

Sec. 1842. Every bill which has passed the Legislative Assembly of any Territory shall, before it becomes a law, be presented to the Governor. If he approve, he shall sign it, but if not, he shall return it, with his objections, to that house in which it originated, and that house shall enter the objections at large on its journal, and proceed to reconsider it. If, after such reconsideration, two-thirds of that

house agree to pass the bill, it shall be sent, together with the objections, to the other house, by which it shall likewise be reconsidered; and, if approved by two-thirds of that house, it shall become a law. But in all such cases the votes of both houses shall be determined by yeas and nays, and the names of the persons voting for or against the bill shall be entered on the journal of such house. If any bill is not returned by the Governor within three days, Sundays excluded, except in Washington and Wyoming, where the term is five days, Sundays excluded, after it has been presented to him, the same shall be a law, in like manner as if he had signed it, unless the Legislative Assembly, by adjournment *sine die*, prevent its return, in which case it shall not be a law.

Sec. 1843. There shall be appointed a Secretary for each Territory, who shall reside within the Territory for which he is appointed, and shall hold his office for four years, and until his successor is appointed and qualified, unless sooner removed by the President. In case of death, removal, resignation or absence of the Governor from the Territory, the Secretary shall execute all the powers and perform all the duties of Governor, during such vacancy, or absence, or until another Governor is appointed and qualified.

Sec. 1844. The Secretary shall record and preserve all the laws and proceedings of the Legislative Assembly, and all the acts and proceedings of the Governor in the executive department; he shall transmit one copy of the laws and journals of the Legislative Assembly, within thirty days after the end of each session thereof, to the President, and two copies of the laws, within like time, to the President of the Senate, and to the Speaker of the House of Representatives, for the use of Congress. He shall transmit one copy of the executive proceedings and official correspondence semi-annually, on the first day of January and July in each year, to the President. Sec. 1852. The sessions of the Legislative Assemblies of the several Territories of the United States shall be limited to sixty days' duration. [Act. Dec. 23, 1880.]

That from and after the adjournment of the next session of the several Territorial Legislatures the Council of each of the Territories of the United States shall not exceed twelve members, and the House of Representatives of each shall not exceed twenty-four members, and the members of each branch of the said several Legislatures shall receive a compensation of four dollars per day each during the sessions provided by law, and shall receive such mileage as the law provides.

And the President of the Council and the Speaker of the House of Representatives shall each receive six dollars per day for the same time.

And the several Legislatures at their next sessions are directed to divide their respective Territories into as many Council and Representative districts as they desire, which districts shall be as nearly equal as practicable, taking into consideration population, except "Indians not taxed":

Provided, The number of Council districts shall not exceed twelve, and the Representative districts shall not exceed twenty-four in any one of said Territories, and all parts of sections eighteen hundred and forty-seven; eighteen hundred and forty-nine; eighteen hundred and fifty-three, and nineteen hundred and twenty-two of the Revised Statutes of the United States in conflict with the provisions herein are repealed. [Act June 19, 1878.]

Sec. 1854. No member of the Legislative Assembly of any Territory now organized shall hold or be appointed to any office which has been created, or the salary or emoluments of which have been increased, while he was a member, during the term for which he was elected, and for one year after the expiration of such term; but this restriction shall not be applicable to members of the first Legislative Assembly in any Territory hereafter organized; and no person holding a commission or appointment under the United States, except postmasters, shall be a member of the Legislative Assembly, or shall hold any office under the government of any Territory. The exception of postmasters shall not apply to the Territory of Washington.

Sec. 1855. No law of any Territorial Legislature shall be made or enforced, by which the Governor or Secretary of a Territory, or the members or officers of any Territorial Legislature are paid any compensation other than that provided by the laws of the United States.

Provided, That for the performance of all official duties imposed by the Territorial Legislatures, and not provided for in the organic act, the Secretaries of the Territories respectively shall be allowed such fees as may be fixed by the Territorial Legislatures. [Act June 19, 1878.]

Sec. 1856 Justices of the peace and all general officers of the militia, in the several Territories, shall be elected by the people, in such manner as the respective Legislatures may provide by law.

Be it enacted, etc. (Sec. 1.) That when from any cause there shall be a vacancy in the office of justice of the peace in any of the Territories of the United States, it shall be lawful to fill such vacancy by appointment or election, in such manner as has been or may be provided by the Governor and Legislative Assembly of such Territory:

Provided, That such appointee, or person elected to fill such vacancy, shall hold office only until his successor shall be regularly elected and qualified as provided by law. [Act April 16, 1880.]

Sec. 1857. All township, district, and county officers, except justices of the peace and general officers of the militia, shall be appointed or elected in such manner as may be provided by the Governor and Legislative Assembly of each Territory; and all other officers not herein otherwise provided for, the Governor shall nominate, and by and with the advice and consent of the Legislative Council of each Territory, shall appoint; but, in the first instance, where a new Territory is hereafter created by Congress, the Governor alone may appoint all the officers referred to in this and the preceding section and assign them to their respective townships, districts, and counties; and the officers so appointed shall hold their offices until the end of the first session of the Legislative Assembly.

Sec. 1858. In any of the Territories, whenever a vacancy happens from resignation or death, during the recess of the Legislative Council, in any office which, under the Organic Act of any Territory, is to be filled by appointment of the Governor, by and with the advice and consent of the Council, the Governor shall fill such vacancy by granting a commission, which shall expire at the end of the next session of the Legislative Council.

Sec. 1859. Every male citizen above the age of twenty-one including persons who have legally declared their intention to become citizens of any Territory hereafter organized, and who are actual residents of such Territory at the time of the organization thereof, shall be entitled to vote at the first election in such Territory, and to hold any office therein; subject, nevertheless, to the limitations specified in the next section.

Sec. 1860. At all subsequent elections, however, in any Territory hereafter organized by Congress, as well as at all elections in Territories already organized, the qualifications of voters and of holding office shall be such as may be prescribed by the Legislative Assembly of each Territory; subject, nevertheless, to the following restrictions on the power of the Legislative Assembly, namely:

First. That it shall be the duty of the United States District Attorneys for the respective districts, upon affidavit showing good cause therefor, to institute proceedings in any court having jurisdiction to naturalize aliens in the judicial district in which the naturalized citizen may reside at the time of bringing the suit, for the purpose of setting aside and canceling the certificate of citizenship on the ground of fraud or on the ground that such certificate of citizenship was illegally procured. In any such proceedings the party holding the certificate of citizenship alleged to have been fraudulently or illegally procured shall have sixty days personal notice in which to make answer to the petition of the United States; and if the holder of such certificate be absent from the United States or from the district in which he last had his residence, such notice shall be given by publication in the manner provided for the service of summons by publication or upon absentees by the laws of the State or the place where such suit is brought.

If any alien who shall have secured a certificate of citizenship under the provisions of this Act shall, within five years after the issuance of such certificate, return to the country of his nativity, or go to any other foreign country, and take permanent residence therein, it shall be considered *prima facie* evidence of a lack of intention on the part of such alien to become a permanent citizen of the United States at the time of filing his application for citizenship, and, in the absence of countervailing evidence, it shall be sufficient in the proper proceeding to authorize the cancellation of his certificate of citizenship as fraudulent, and the diplomatic and consular officers

of the United States in foreign countries shall from time to time, through the Department of State, furnish the Department of Justice with the names of those within their respective jurisdictions who have such certificates of citizenship and who have taken permanent residence in the country of their nativity, or in any other foreign country, and such statements, duly certified, shall be admissible in evidence in all courts in proceedings to cancel certificates of citizenship.

Whenever any certificate of citizenship shall be set aside or cancelled, as herein provided, the court in which such judgment or decree is rendered shall make an order canceling such certificate of citizenship and shall send a certified copy of such order to the Bureau of Immigration and Naturalization; and in case such certificate was not originally issued by the court making such order it shall direct the clerk of the court to transmit a copy of such order and judgment to the court out of which such certificate of citizenship shall have been originally issued. And it shall thereupon be the duty of the clerk of the court receiving such certified copy of the order and judgment of the court to enter the same of record and to cancel such original certificate of citizenship upon the records and to notify the Bureau of Immigration and Naturalization of such cancellation.

The provisions of this section shall apply not only to certificates of citizenship issued under the provisions of this Act, but to all certificates of citizenship which may have been issued heretofore by any court exercising jurisdiction in naturalization proceedings under prior laws.

Sec. 16. That every person who falsely makes, forges, counterfeits or causes or procures to be falsely made, forged, or counterfeited, or knowingly aids or assists in falsely making, forging, or counterfeiting any certificate of citizenship, with intent to use the same, or with the intent that the same may be used by some other person or persons, shall be guilty of a felony, and a person convicted of such offense shall be punished by imprisonment for not more than ten years, or by a fine of not more than ten thousand dollars, or by both such fine and imprisonment.

Sec. 17. That every person who engraves, or causes or procures to be engraved, or assists in engraving, any plate in the likeness of any plate designed for the printing of a certificate of citizenship, or who sells any such plate, or who brings into the United States from any foreign place any such plate, except under the direction of the Secretary of Commerce and Labor, or other proper officer, and any person who has in his control, custody, or possession any metallic plate engraved after the similitude of any plate from which any such certificate has been printed, with intent to use such plate or suffer the same to be used in forging or counterfeiting any such certificate or any part thereof; and every person who prints, photographs, or in any other manner causes to be printed, photographed, made, or executed, any print or impression in the likeness of any such certificate, or any part thereof, or who sells any such certificate, or brings the same into the United States from any foreign place, except by direction of some proper officer of the United States, or who has in his possession a distinctive paper which has been adopted by

the proper officer of the United States for the printing of such certificate, with intent to unlawfully use the same, shall be punished by a fine of not more than ten thousand dollars, or by imprisonment at hard labor for not more than ten years, or by both such fine and imprisonment.

Sec. 18. That it is hereby made a felony for any clerk or other person to issue or be a party to the issuance of a certificate of citizenship contrary to the provisions of this Act, except upon a final order under the hand of a court having jurisdiction to make such order, and upon conviction thereof such clerk or other person shall be punished by imprisonment for not more than five years and by a fine of not more than five thousand dollars, in the discretion of the court.

Sec. 19. That every person who without lawful excuse is possessed of any blank certificate of citizenship provided by the Bureau of Immigration and Naturalization, with intent unlawfully to use the same, shall be imprisoned at hard labor not more than five years or be fined not more than one thousand dollars.

Sec. 20. That any clerk or other officer of a court having power under this Act to naturalize aliens, who wilfully neglects to render true accounts of moneys received by him for naturalization proceedings or who wilfully neglects to pay over any balance of such moneys due to the United States within thirty days after said payment shall become due and demand therefor has been made and refused, shall be deemed guilty of embezzlement of the public moneys, and shall be punishable by imprisonment for not more than five years, or by a fine of not more than five thousand dollars, or both.

Sec. 21. That it shall be unlawful for any clerk of any court or his authorized deputy or assistant exercising jurisdiction in naturalization proceedings, or to demand, charge, collect, or receive any other or additional fees or moneys in naturalization proceedings save the fees and moneys herein specified and a violation of any of the provisions of this section or any part thereof is hereby declared to be a misdemeanor and shall be punished by imprisonment for not more than two years, or by a fine of not more than one thousand dollars, or by both such fine and imprisonment.

Sec. 22. That the clerk of any court exercising jurisdiction in naturalization proceedings, or any person acting under authority of this Act, who shall knowingly certify that a petitioner, affiant, or witness named in an affidavit, petition or certificate of citizenship, or other paper or writing required to be executed under the provisions of this Act, personally appeared before him and was sworn thereto, or acknowledged the execution thereof or signed the same, when in fact such petitioner, affiant, or witness did not personally appear before him, or was not sworn thereto, or did not execute the same, or did not acknowledge the execution thereof, shall be punished by a fine not exceeding five thousand dollars, or by imprisonment not to exceed five years.

Sec. 23. That any person who knowingly procures naturalization in violation of the provisions of this Act shall be fined not more than five thousand dollars, or shall be imprisoned not more than five

years, or both, and upon conviction the court in which such conviction is had shall thereupon adjudge and declare the final order admitting such person to citizenship void. Jurisdiction is hereby conferred on the courts having jurisdiction of the trial of such offense to make such adjudication. Any person who knowingly aids, advises, or encourages any person not entitled thereto to apply for or to secure naturalization, or to file the preliminary papers declaring an intent to become a citizen of the United States, or who in any naturalization proceeding knowingly procures or gives false testimony as to any material fact, or who knowingly makes an affidavit false as to any material fact required to be proved in such proceedings, shall be fined not more than five thousand dollars, or imprisoned not more than five years, or both.

Sec. 24. That no person shall be prosecuted, tried, or punished for any crime arising under the provisions of this Act unless the indictment is found or the information is filed within five years next after the commission of such crime.

Sec. 25. That for the purpose of the prosecution of all crimes and offenses against the naturalization laws of the United States which may have been committed prior to the date when this Act shall go into effect, the existing naturalization laws shall remain in full force and effect.

Sec. 26. That sections twenty-one hundred and sixty-five, twenty-one hundred and sixty-seven, twenty-one hundred and sixty-eight, twenty-one hundred and seventy-three, of the Revised Statutes of the United States of America, and section thirty-nine of chapter one thousand and twelve of the Statutes at Large of the United States of America for the year nineteen hundred and three, and all Acts or parts of Acts inconsistent with or repugnant to the provisions of this Act are hereby repealed.

Sec. 27. That substantially the following forms shall be used in the proceedings to which they relate:

CODE REVISION ACT

SENATE BILL NO. 121.

AN ACT

TO PROVIDE FOR THE REVISION, COMPILATION AND CODIFICATION OF
THE LAWS OF THE STATE OF IDAHO.

Be It Enacted by the Legislature of the State of Idaho:

Sec. 1. The Supreme Court of the State of Idaho is hereby authorized and empowered to appoint some person, learned in the law and a member of the bar of the Supreme Court of this State, who shall be known as a Code Commissioner, and who shall be authorized to revise, codify and compile the laws, civil, political, and criminal, and the laws of civil procedure, and to revise, arrange, simplify and consolidate the statutes of Idaho which shall be in force at the time such commissioner shall make his final report; and to make such changes, alterations, modifications, additions and substitutions as the said commissioner may deem best to the end that a complete simplified code of laws based on the laws in force at the time the said commissioner shall make his final report, shall be presented, but with the errors, inconsistencies, repetitions and ambiguities therein eliminated.

Sec. 2. It shall be the duty of the commissioner to prepare the following codes: The Political Code, the Civil Code, the Code of Civil Procedure and the Penal Code.

The Political Code shall treat of the sovereignty of the people of the State, of the political rights and duties, of the political divisions of the State, of the government of the counties, cities, towns, and of such other general laws as shall seem proper to the commissioner.

The Civil Code shall treat of property and property rights, persons and personal relations, corporations, contracts and obligations and other subjects properly related to the foregoing.

The Code of Civil Procedure shall treat of the procedure and practice in civil actions and proceedings in all the courts in the State, or in any subdivision thereof.

The Penal Code shall treat of crimes and misdemeanors and the punishment thereof, of criminal procedure and penitentiaries, prisons and jails.

The commissioner shall also make and prepare a report designating what statutes or parts of our statutes are omitted by him or repealed by the provisions of any other Act reported by him and what, if any, new sections he has added to such codes, and any laws of a general nature which ought to be enacted in addition to the codes reported.

Sec. 3. The Political Code must contain in addition to the other matters required, the Magna Charta, the Declaration of Independence, the Constitution of the United States, with the amendments, the Organic Act of the Territory of Idaho, the Act of Congress admitting Idaho as a State, the Constitution of the State of Idaho, the laws of the United States providing for the naturalization of citizens, the statutes of the United States relative to the authentication of records, and a copy of this Act.

Sec. 4. After each section or subdivision of the matter to be comprised in the said codes, there shall be a reference to the original text from which said section is compiled, and a reference to the corresponding section of the California code, if there shall be a similar or identical one. There shall be noted further, under each section, a complete reference to all decisions of the Supreme Court of Idaho and the decisions of the Federal Courts interpreting, construing or applying to said section.

Sec. 5. The number of volumes in which such codes shall finally be published shall be determined by the Supreme Court, and the Code Commissioner must make for such codes a complete working index of the contents thereof, either separately for each code, or, if the said codes are all published in one volume, then one general index for all the codes, in either case the said indexes to be alphabetically arranged and of sufficient particularity to refer to each section contained in the said codes and to the subject thereof, with cross references wherever they may be necessary, which index must be printed and bound in the volume containing the section referred to.

Sec. 6. Said commissioner shall receive for his services the sum of four thousand (\$4,000.00) dollars, and shall be authorized to expend the sum of two thousand (\$2,000.00) dollars, or as much thereof as may be necessary for legal assistance in connection with this work. The said commissioner shall keep his office at Boise City, and shall devote his entire time to the work of preparing the code of laws provided for herein. The said commissioner is empowered and authorized to employ such clerical assistance as may be necessary and to procure an office and proper supplies, at an expense of not to exceed two thousand five hundred (\$2,500.00) dollars.

Sec. 7. The salary of the said commissioner shall be paid quarterly in six payments, commencing with the quarter ending in June, 1907; the claims of said commissioner to be presented to and allowed by the Board of Examiners, and the Auditor is authorized to draw his warrant upon the general fund for the amount of such salary due and for all other expenses provided for in this Act. The compensation of all assistants and clerks to be paid when the same shall become due, upon being presented to and allowed by the Board of Examiners.

Sec. 8. The labors of the commissioner shall be concluded on or before the first day of July, 1908, and at said time it shall be the duty of the commissioner to file with the Secretary of State three copies of each of said codes, with the indexes and references herein provided for, and the same shall be submitted for action to the Legislature of the State of Idaho at its next general session or any special session called by the Governor at the request of the Supreme Court Judges.

Sec. 9. On or before the first day of July, 1908, the commissioner shall file five copies of his final report with the Secretary of State, which said report shall contain at length all changes, modifications, additions, substitutions or repeals of existing statutes, and such changes, modifications, additions, substitutions and repeals must refer specifically to the section, chapter or article of the printed code shown thereby, and the Secretary of State must cause such final report to be printed for the use of members of the Legislative Assembly.

Sec. 10. Each of the Codes and indexes must be so far completed as to be in a condition to print by the first day of July, 1908, and as soon thereafter as possible, the Secretary of State and Judges of the Supreme Court must have five hundred (500) copies of each of said codes printed in the same type and body type as is used in the printing of the Revised Statutes of Idaho, and bound with paper covers, the Code Commissioner being required to read and correct the proof sheets of said volume or volumes to be delivered to the Secretary of State, corrected, printed and bound on or before the first day of October, 1908, said printing and binding to be paid for out of the moneys appropriated by this Act.

Sec. 11. Upon receipt of the printed codes, the Secretary of State must deliver one printed copy of each volume of said codes, together with a copy of the report of the changes and substitutions, to each member of the Legislative Assembly, together with the indexes therefor, which printed volume, when so delivered, must have the effect of bills printed for the use of members of the Legislative Assembly, and also deliver, by mail or express, one copy of each volume to each judge of any court of record in the State of Idaho, one copy of each volume to each State officer, county attorney, member of the board of county commissioners, and seven copies of each volume to the clerks of the District Courts of Idaho, which copies of said reports, for distribution to and examination by the members of the bar of such courts, and to the Code Commissioner, ten copies of each volume.

Sec. 12. There is hereby appropriated out of any money in the State Treasury, not otherwise appropriated, the sum of fourteen thousand (14,000) dollars, or so much thereof as may be necessary, for carrying out the provisions of this Act.

Sec. 13. Whereas, an emergency exists therefor, this Act shall take effect and be in force from and after its passage and approval.

Approved March 12, 1907.

Cited: McDonald v. Doust (1905)
11 Ida. 14; 81 Pac. 60.

Political Power Inherent in the People.

Sec. 2. All political power is inherent in the people. Government is instituted for their equal protection and benefit, and they have the right to alter, reform or abolish the same whenever they may deem it necessary, and no special privileges or immunities shall ever be granted that may not be altered, revoked, or repealed by the Legislature.

Cited: In re Prout (1906) 12 Ida. 494; 86 Pac. 275.

County Government: A county government is neither a special privilege nor special immunity within the meaning of this section, but is a funda-

mental governmental right recognized and adopted by the Constitution, which cannot be abrogated or alienated by legislative act. McDonald v. Doust (1905) 11 Ida. 14; 81 Pac. 60.

State Inseparable Part of Union.

Sec. 3. The State of Idaho is an inseparable part of the American union; and the Constitution of the United States is the supreme law of the land.

Guaranty of Religious Liberty.

Sec. 4. The exercise and enjoyment of religious faith and worship shall forever be guaranteed; and no person shall be denied any civil or political right, privilege, or capacity on account of his religious opinions; but the liberty of conscience hereby secured shall not be construed to dispense with oaths of affirmations, or excuse acts of licentiousness or justify polygamous or other pernicious practices, inconsistent with morality or the peace or safety of the State; nor to permit any person, organization, or association to directly or indirectly aid or abet, counsel or advise, any person to commit the crime of bigamy or polygamy, or any other crime. No person shall be required to attend or support any ministry or place of worship, religious sect or denomination, or pay tithes against his consent; nor shall any preference be given by law to any religious denomination or mode of worship. Bigamy and polygamy are forever prohibited in the State, and the Legislature shall provide by law for the punishment of such crimes.

Right of Habeas Corpus.

Sec. 5. The privilege of the writ of habeas corpus shall not be suspended unless, in case of rebellion or invasion, the public safety requires it, and then only in such manner as shall be prescribed by law.

Right to Bail.

Sec. 6. All persons shall be bailable by sufficient sureties, except for capital offenses, where the proof is evident or the presumption great. Excessive bail shall not be required, nor excessive fines imposed, nor cruel and unusual punishments inflicted.

Right to Trial by Jury.

Sec. 7. The right of trial by jury shall remain inviolate but in civil

actions three-fourths of the jury may render a verdict, and the Legislature may provide that in all cases of misdemeanors five-sixths of the jury may render a verdict. A trial by jury may be waived in all criminal cases not amounting to felony by the consent of both parties, expressed in open court, and in civil actions by the consent of the parties signified in such manner as may be prescribed by law. In civil actions and cases of misdemeanor the jury may consist of twelve or any number less than twelve upon which the parties may agree in open court.

Right to Jury Trial: The guaranty of the right to trial by jury simply secures that right as it existed at the date of the adoption of the Constitution, and does not apply to equitable cases. *Christensen v. Hollingsworth* (1898) 6 Ida. 87; 53 Pac. 211; *Shields v. Johnson* (1904) 10 Ida. 476; 79 Pac. 391.

Same:—Unauthorized Reference: In an action at law the parties are entitled as of right to a trial by jury, and the court cannot refer the case against the objection of a party even though it requires the examination of a long account. *Russell v. Alt* (1907) 12 Ida. 789; 88 Pac. 416.

Same—Law Issues in Equitable Actions: In an action to enforce a mechanic's or laborer's lien, where it is shown by counter-claim or cross-complaint, that there is a demand for affirmative relief, either party is entitled to a jury trial on that issue if it is in the nature of an action at law. *Robertson v. Moore* (1904) 10 Ida. 115; 77 Pac. 218. Where a suit is brought in equity, and a cross action at law is interposed, either party is entitled to a jury trial of the issues raised by the cross action. *Lindstrom v. Hope Lbr. Co.* (1906) 12 Ida. 714; 88 Pac. 92.

Prosecutions Only by Indictment or Information.

Sec. 8. No person shall be held to answer for any felony or criminal offense of any grade, unless on presentment or indictment of a grand jury or on information of the public prosecutor, after a commitment by a magistrate, except in cases of impeachment, in cases cognizable by probate courts or by justices of the peace, and in cases arising in the militia when in actual service in time of war or public danger: *Provided*, That a grand jury may be summoned upon the order of the District Court in the manner provided by law: and, *Provided further*, That after a charge has been ignored by a grand jury, no person shall be held to answer or for trial therefor upon information of the public prosecutor.

Cited: *State v. Braithwaite* (1891) 3 Ida. 119; 27 Pac. 731; *State v. Faris* (1897) 5 Ida. 666; 51 Pac. 772.

Provisions Self Executing: This section is self executing; is complete in itself and needs no further legislation to put it into effect. *Davis v. Burke* (1900) 21 Sup. Ct. Rep. 210; 179 U. S. 399; 45 S. C. R. (Law ed.) 249.

Preliminary Examination—Waiver: The right of preliminary examination

is a right given to every one accused of crime, but this right may be waived unless prohibited by law. *State v. Larkins* (1897) 5 Ida. 200; 47 Pac. 945.

Order for Grand Jury: This section is not infringed by Laws 1891, 186, Sec. 7, which authorizes a District Judge sitting in chambers, to make an order for the calling of a grand jury. *State v. Barber* (1907) 13 Ida. ...; 88 Pac. 418.

Freedom of Speech.

Sec. 9. Every person may freely speak, write and publish on all subjects, being responsible for the abuse of that liberty.

Right of Assembly.

Sec. 10. The people shall have the right to assemble in a peaceable manner to consult for their common good; to instruct their

representatives, and to petition the Legislature for the redress of grievances.

Right to Bear Arms.

Sec. 11. The people shall have the right to bear arms for their security and defense; but the Legislature shall regulate the exercise of this right by law.

Legislative Regulation: The Legislature may regulate the exercise of the right to carry arms but may not prohibit it, and a statute which at-

tempts to prohibit, in any manner, the carrying of arms in cities, is void. In re Brickey (1902) 8 Ida. 597; 70 Pac. 609.

Military Subordinate to Civil Power.

Sec. 12. The military shall be subordinate to the civil power; and no soldier in time of peace shall be quartered in any house without the consent of its owner, nor in time of war except in the manner prescribed by law.

Guaranties in Criminal Actions and Due Process of Law.

Sec. 13. In all criminal prosecutions, the party accused shall have the right to speedy and public trial; to have the process of the court to compel the attendance of witnesses in his behalf, and to appear and defend in person and with counsel.

No person shall be put twice in jeopardy for the same offense; nor be compelled in any criminal case to be a witness against himself, nor be deprived of his life, liberty or property without due process of law.

Cited: State v. Mulkey (1899) 6 Ida. 617; 59 Pac. 17.

Rights of Accused: The Constitutional rights of one accused of crime are not violated by permitting the use of depositions taken in the presence of the accused where the witness, by reason of death or other good cause, can not be produced on the trial. Territory v. Evans (1890) 2 Ida. 651; 23 Pac. 232.

A defendant in a criminal case who voluntarily takes the stand in his own behalf may be cross examined on the facts in issue. State v. Larkins (1897) 5 Ida. 200; 47 Pac. 945.

Due Process of Law: The guaranty of due process of law is not violated by an act which authorizes the summary seizure and destruction of gambling devices incapable of use for any purpose except in violation of the gambling law, as such devices are not property within the meaning of this section. Mullen & Co. v. Moseley (1907) 13 Ida. ...; 90 Pac. 987.

The right to due process of law requires, as a condition precedent to a judicial determination affecting the right to life, liberty or property, that personal service of process be obtained when practicable; constructive service can only be provided for when actual service is impracticable. Bear Lake Co. v. Budge (1904) 9 Ida. 703; 75 Pac. 614.

Section 34 of laws 1903, 223, relative to the distribution of water and adjudication of water rights, which authorizes a suit for adjudication of water rights to be brought against "all claimants of a right to the use of water" of the stream in question, without naming the defendants, or requiring any effort for personal service on such defendants as might be found, denies to such defendants due process of law, and is unconstitutional on that ground. Ib.

Right of Eminent Domain.

Sec. 14. The necessary use of lands for the construction of reservoirs or storage basins, for the purposes of irrigation, or for the rights of way for the construction of canals, ditches, flumes or pipes to convey water to the place of use, for any useful, beneficial or neces-

sary purpose, or for drainage; or for the drainage of mines, or the working thereof, by means of roads, railroads, tramways, cuts, tunnels, shafts, hoisting works, dumps, or other necessary means to their complete development, or any other use necessary to the complete development of the material resources of the State or the preservation of the health of its inhabitants, is hereby declared to be a public use, and subject to the regulation and control of the State.

Private property may be taken for public use, but not until a just compensation, to be ascertained in a manner prescribed by law, shall be paid therefor.

Not Self-Executing: While the provisions of this section are not self-executing, or, in other words, do not furnish the procedure by which the power may be exercised, such procedure has been prescribed by the Legislature. *Potlatch Lbr. Co. v. Peterson* (1906) 12 *Ida.* 769; 88 *Pac.* 426.

Extent of Right: This section declares the purposes for which the power of eminent domain may be exercised, and the Legislature can not prohibit its exercise for any of the purposes therein specified. *Ib.*

Purposes for Which Authorized: The furnishing of electricity for lighting, transportation, power and other purposes, is a public use for which land may be taken. *Hollister v. State* (1903) 9 *Ida.* 8; 71 *Pac.* 541.

The lumbering interest of the State is one of its material resources in behalf of which the power of eminent domain may be invoked. *Potlatch*

Lbr. Co. v. Peterson (1906) 12 *Ida.* 769; 88 *Pac.* 426.

The necessary use of lands for the complete development of the material resources of the State is declared to be a public use, and in determining what is a public use the general welfare and benefit of the public is to be taken into consideration. The term, "public use," means public usefulness and productive of general benefit. The term is a flexible one and grows as new public uses are developed so as to make it capable of meeting new conditions and improvements of the ever increasing necessities of society. *Ib.*

This section recognizes the right of the Legislature to provide for laying out private roads or pentways for the use of any one who may desire to use them as provided for in Revised Statutes, Sec. 933. *Latah Co. v. Peterson* (1892) 3 *Ida.* 398; 29 *Pac.* 1089. The owner of land is guaranteed the right to have opened a private road giving him access to the highway. *Latah Co. v. Hasfurther* (1907) 12 *Ida.* 797; 88 *Pac.* 433.

Imprisonment for Debt Prohibited.

Sec. 15. There shall be no imprisonment for debt in this State except in cases of fraud.

Bills of Attainder, Etc., Prohibited.

Sec. 16. No bill of attainder, ex post facto law, or law impairing the obligation of contracts, shall ever be passed.

Test Oath: The Act of Feb. 25, 1891, prescribing a test oath as a condition of suffrage is not an ex post facto law or bill of attainder within

the prohibitions of this section. *Shepherd v. Grimmett* (1892) 3 *Ida.* 403; 31 *Pac.* 793.

Unreasonable Searches and Seizures Prohibited.

Sec. 17. The right of the people to be secure in their persons, houses, papers and effects against unreasonable searches and seizures shall not be violated; and no warrant shall issue without probable cause shown by affidavit, particularly describing the place to be searched and the person or thing to be seized.

Justice to Be Freely and Speedily Administered.

Sec. 18. Courts of justice shall be open to every person, and a speedy remedy afforded for every injury of person, property or character, and right and justice shall be administered without sale, denial, delay or prejudice.

Allowance of Attorney's Fees: This provision is not violated by that part of the mechanic's lien law of 1899 which authorizes a recovery of a reasonable attorney's fee. Thompson v. Wise Boy Min. Co. (1903) 9 Ida. 363; 74 Pac. 958.

Prejudice of Judge: This section is self-acting and self-executing and

cannot be nullified by the legislature either by its neglect to act on the subject, or by positive legislation, and the prejudice of the trial judge against one of the parties to a cause is ground for a change of venue in view of the provisions of this section, although the statutes do not enumerate that cause as one of the grounds for a change of venue. (Stockslager, C. J. dissents) Day v. Day 12 Ida. 556; 86 Pac. 531.

Right of Suffrage Guaranteed.

Sec. 19. No power, civil or military, shall at any time interfere with or prevent the free and lawful exercise of the right of suffrage.

No Property Qualification Required of Electors.

Sec. 20. No property qualification shall ever be required for any person to vote or hold office except in school elections or elections creating indebtedness.

Municipal Bond Elections: This section authorizes the imposition, in a municipal charter, of a property qualification on the right to vote on

a proposition for the incurrence of an indebtedness. Wiggin v. City of Lewiston (1902) 8 Ida. 527; 69 Pac. 286.

Reserved Rights Not Impaired.

Sec. 21. This enumeration of rights shall not be construed to impair or deny other rights by the people.

ARTICLE 2.**DISTRIBUTION OF POWERS.****Section****1. Departments of government.****Departments of Government.**

Sec. 1. The powers of the government of this State are divided into three distinct departments, the legislative, executive and judicial; and no person or collection of persons charged with the exercise of powers properly belonging to one of these departments, shall exercise any powers properly belonging to either of the others, except as in this Constitution expressly directed or permitted.

Power of Appointment: This section is not infringed by Laws 1899, 345, which empowers the Governor to appoint a State Board of Medical Examiners, and to fill vacancies in the board, without the consent of the Senate. In re Inman (1902) 8 Ida. 398; 69 Pac. 120.

Limitation on Judiciary: The judi-

cial department can not attempt to prohibit either of the other departments of government from acting within the recognized scope of their respective branches of the government, but may inquire into the legal effect of such action after it has been taken. Stein v. Morrison (1904) 9 Ida. 426; 75 Pac. 246.

22. When Acts take effect.
23. Compensation and mileage of members.
24. Promotion of temperance and morality.
25. Oath of office.

Legislative Power: Enacting Clause.

Sec. 1. The legislative power of the State shall be vested in a Senate and House of Representatives. The enacting clause of every bill shall be as follows: "Be it enacted by the Legislature of the State of Idaho."

Cited: *People v. Alturas Co.* (1899)
6 Ida. 418; 55 Pac. 1067.

Membership of House and Senate.

Sec. 2. The Senate shall consist of eighteen members and the House of Representatives of thirty-six members. The Legislature may increase the number of Senators and Representatives: *Provided*, The number of Senators shall never exceed twenty-four, and the House of Representatives shall never exceed sixty members. The Senators and Representatives shall be chosen by the electors of the respective counties or districts into which the State may from time to time be divided by law.

Term of Office.

Sec. 3. The Senators and Representatives shall be elected for the term of two years, from and after the first day of December next following the general election.

Apportionment of Legislature.

Sec. 4. The members of the first Legislature shall be apportioned to the several legislative districts of the State in proportion to the number of votes polled at the last general election for Delegate to Congress, and thereafter to be apportioned as may be provided by law: *Provided*, Each county shall be entitled to one Representative.

Apportionment Acts: Laws 1891, 195, which, in providing for the apportionment of the Legislature, accorded representation to two counties

created by an Act subsequently declared to be unconstitutional, and omitted to provide representation for the counties from which the two cre-

ated counties were organized, is unconstitutional. *Ballentine v. Willey* (1893) 3 Ida. 496; 31 Pac. 994.

An Act creating a new county is not unconstitutional on the theory that it deprives the electors of the new county of the representation to which they are entitled by this section, as in the absence of a new ap-

portionment act, the electors of the new county are entitled to a voice in the election of the Senator and Representatives of the county from which the new county was created, and with which it previously constituted a legislative district. *Sabin v. Curtis* (1893) 3 Ida. 662; 32 Pac. 1130.

Senatorial and Representative Districts.

Sec. 5. A senatorial or representative district, when more than one county shall constitute the same, shall be composed of contiguous counties and no county shall be divided in creating such districts.

Application: This section applies to an apportionment law and not to an act creating a new county; and, in any event, such an act is not obnoxious to this provision where the coun-

ty so created is within the same senatorial and representative districts in which its territory was situated prior to its creation. *Sabin v. Curtis* (1893) 3 Ida. 662; 32 Pac. 1130.

Qualifications of Members.

Sec. 6. No person shall be a Senator or Representative who at the time of his election is not a citizen of the United States and an elector of this State, nor anyone who has not been for one year next preceding his election an elector of the county or district whence he may be chosen.

Privilege from Arrest:

Sec. 7. Senators and Representatives, in all cases except for treason, felony, or breach of the peace, shall be privileged from arrest during the session of the Legislature, and in going to and returning from the same, and shall not be liable to any civil process during the session of the Legislature, nor during the ten days next before the commencement thereof; nor shall a member for words uttered in debate in either house be questioned in any other place.

Sessions of Legislature.

Sec. 8. The sessions of the Legislature shall, after the first session thereof, be held bienially, at the capital of the State, commencing on the first Monday after the first day of January, and every second year thereafter, unless a different day shall have been appointed by law, and at other times when convened by the Governor.

Cited: *Goodnight v. Moody* (1891) 3 Ida. 7; 26 Pac. 121.

Powers of Each House.

Sec. 9. Each house when assembled shall chose its own officers, judge of the election, qualifications, and returns of its own members, determine its own rules of proceeding, and sit upon its own adjournments; but neither house shall, without the concurrence of the other, adjourn for more than three days, nor to any other place than that in which it may be sitting.

Construction: The provision of this section that each house is to determine its own rules of procedure, is not a controlling provision of the Constitution and is not to be taken

literally, but is to be construed in connection with Art. 3, Sec. 15. *Cohn v. Kingsley* (1897) 5 Ida. 416; 49 Pac. 985.

Quorum, Adjournments and Organization.

Sec. 10. A majority of each house shall constitute a quorum to do business, but a smaller number may adjourn from day to day, and may compel the attendance of absent members in such manner and under such penalties as such house may provide. A quorum being in attendance, if either house fail to effect an organization within the first four days thereafter, the members of the house so failing shall be entitled to no compensation from the end of the said four days until an organization shall have been effected.

Expulsion of Members.

Sec. 11. Each house may, for good cause shown, with the concurrence of two-thirds of all the members, expel a member.

Secret Sessions Prohibited.

Sec. 12. The business of each house, and of the committee of the whole, shall be transacted openly and not in secret sessions.

Journal.

Sec. 13. Each house shall keep a journal of its proceedings; and the yeas and nays of the members of either house on any question, shall at the request of any three members present, be entered on the journal.

Contents of Journal: The journal of both houses of the Legislature must affirmatively show that the provisions of the Constitution were substantially followed by the Legislature in the passage of an Act, the validity of which is questioned. *Cohn v. Kingsley* (1897) 5 Ida. 416; 49 Pac. 985. And the failure of the journal to show compliance with the Constitution is conclusive evidence of non-compliance. *Ib.*

A vote on the final passage of any bill, or on the suspension of the provision of the Constitution which requires the reading of bills on three several days, or on the expulsion of a member, whether demanded by three members or not, must be by yeas and nays, and entered in the journal. *Ib.* *Sullivan, C. J.*, dissents from these propositions and holds that only such matters as are expressly required by the Constitution to be entered in the journal need be so entered; that the yea and nay vote need not be entered unless requested by three members, and that a law is not invalid because of the journal's failure to show compliance with Constitutional provisions not required to be entered on the journal. *Ib.*

Conclusiveness of Journal: The court will not go behind the journal of the Legislature to ascertain what is done by that body; the journal itself is conclusive, and if incorrectly or improperly made up, it is for the Legislators and not for the court, to correct the same. *Burkhart v. Reed* (1889) 2 Ida. 503; 22 Pac. 1. The journal is not only the best, but the exclusive evidence of what was done by the Legislature in passing bills, and absolute verity will be imputed thereto by the courts. *Cohn v. Kingsley* (1897) 5 Ida. 416; 49 Pac. 985.

Consideration by Court: The court may go back of the enrolled bill and examine the journals of the respective houses of the Legislature in order to ascertain whether the requirements of the Constitution were obeyed in the passage of an act which is questioned. *Ib.*

Before a court will assume to pass upon the constitutionality of the enactment of a statute by the Legislature, it must have before it a copy of the original journals showing the whole record of the enactment, duly certified by the Secretary of State; the want of such journal cannot be supplied by stipulation of counsel. *State v. Boise* (1897) 5 Ida. 519; 51 Pac. 110.

Origin and Amendment of Bills.

Sec. 14. Bills may originate in either house, but may be amended or rejected in the other, except that bills for raising revenue shall originated in the House of Representatives.

Cited: Cohn v. Kingsley (1897) 5 Ida. 416; 49 Pac. 985.

Passage of Amendments: The fact that the House amended the title to a bill, and then failed to return the bill to the Senate for its concurrence in the amendment, but referred the same to the committee on enrollment, and that it was thereupon presented to the Governor for his approval, does

not render the act void, where the amendment to the title consisted merely in striking out a certain clause applicable to a portion of the act which had been left out by the Senate amendments, afterwards concurred in by the House, and which did not appear in the Act as finally passed. State v. Doherty (1892) 3 Ida. 384; 29 Pac. 855.

Manner of Passing Bills.

Sec. 15. No law shall be passed except by bill, nor shall any bill be put upon its final passage until the same, with the amendments thereto, shall have been printed for the use of the members; nor shall any bill become a law unless the same shall have been read on three several days in each house previous to the final vote thereon: *Provided*, In case of urgency, two-thirds of the house where such bill may be pending may, upon a vote of the yeas and nays, dispense with this provision. On the final passage of all bills they shall be read at length, section by section, and the vote shall be by yeas and nays upon each bill separately, and shall be entered upon the journal; and no bill shall become a law without the concurrence of a majority of the members present.

Cited: Aldeman v. Pierce (1898) 6 Ida. 294; 55 Pac. 658; Jack v. Village of Grangeville (1903) 9 Ida. 291; 74 Pac. 969.

Application—Constitutional Amendments: The power of the Legislature to propose amendments to the Constitution is not governed by the provisions of this section. Hays v. Hays (1897) 5 Ida. 154; 47 Pac. 732.

Passage of Amended Bills: A bill, within the contemplation of the Constitution, means a draft of a proposed law and nothing else, and includes all amendments which are incorporated therein up to the time of its passage. Therefore, amendments, when offered and accepted, must be printed with the bill, and the whole bill as amended must be read on three several days. Cohn v. Kingsley (1897) 5 Ida. 416; 49 Pac. 985. Sullivan, C. J., dissents and holds that amendments to a bill need not be read on three several days in each house, as required in case of bills by this section. *Ib.*

A bill which passes one house, and which is materially changed by amendment by the other house, and then sent back to the house where it originated, must go through the same procedure as to reading and final vote as if it were an original bill. The

mere declaration that "we concur in the house amendments" does not answer the requirements of the Constitution. *Ib.*

Application of Proviso: The proviso to this section applies only to the last clause preceding the proviso, and it does not authorize the Legislature to dispense with the introduction of a proposed law by bill, nor with printing the bill, but simply authorizes it to dispense with the necessity of taking six days for the passage of a bill, and to pass the same in one day, in case of urgency requiring such action. *Ib.*

The constitutional provision requiring the printing and reading of bills on three several days is mandatory, and such readings cannot be dispensed with except in "case of urgency" and then only on an aye and nay vote by two-thirds of the house voting with reference to only one bill before it; the provision can not be suspended generally. *Ib.*

The Legislature has no power to dispense with the final reading of the bill, section by section, and an act not read section by section at least on the final reading, is void. Brown v. Collister (1897) 5 Ida. 589; 51 Pac. 417.

Unity of Subject and Title.

Sec. 16. Every Act shall embrace but one subject and matters properly connected therewith, which subject shall be expressed in the title; but if any subject shall be embraced in an Act which shall not be expressed in the title, such Act shall be void only as to so much thereof as shall not be embraced in the title.

Cited: State v. Mulkey (1899) 6 Ida. 617; 59 Pac. 17.

Application to Constitutional Amendments: It is not essential that the subject of the proposed constitutional amendment should be expressed in its title. A proposed amendment need not have any title except that it should designate the article of the Constitution to be amended. Hays v. Hays (1897) 5 Ida. 154; 47 Pac. 732.

General Construction: The generality of a title to a bill is no objection to it, so long as it is not made a cover to legislation incongruous in itself, which, by no fair intendment, can be considered as having a necessary or proper connection with it. Pioneer Irr. Dist. v. Bradley (1902) 8 Ida. 310; 68 Pac. 295.

The courts must give a liberal construction to the language used by the Legislature in framing the title to any given Act which it may pass. Turner v. Coffin (1903) 9 Ida. 338; 74 Pac. 962.

The intention of this provision was to require a title sufficiently definite and comprehensive to indicate, to one reading it, the general scope and purpose of the legislation intended by the act, and if the title be sufficient for that purpose, it will be held to include all necessary and incidental legislation required to make the general purpose of the act operative. *Ib.*

Sufficient Titles. A title reading: "To amend section 3604 (concerning issue of bonds by counties for certain purposes in excess of the income or revenue of the county for the year) in section 1 of an Act of the Legislature of the State of Idaho entitled, 'An Act providing for the issuance of negotiable coupon bonds for the funding and refunding of county indebtedness, amending chapter 6, title 13, Revised Statutes of Idaho, approved February 7, 1899,' by adding thereto authority to issue bonds to assist any city or village in constructing a free bridge over any navigable stream, within, or partly within, or adjoining the limits of any such city or village," sets forth the subject, object or purpose of the act sufficiently. Andrews v. Board of Commrs. of Ada Co. (1900) 7 Ida. 453; 63 Pac. 592.

Laws 1901, 91, the title to which is, in substance, "An Act to amend certain sections of an Act to provide for the organization and government of irrigation districts and to amend certain sections of an Act providing for a State Engineer," while it covers subjects which had previously been segregated into distinct acts by the Legislature, yet relates solely to the one general subject of irrigation which might have been covered by a single Act, is not repugnant to this section. (Quarles, C. J., dissents.)

Pioneer Irr. Dist. v. Bradley (1902) 8 Ida. 310; 68 Pac. 295.

An Act entitled, "An Act to amend section 1645 of the Revised Statutes of Idaho, as amended by Act approved February 16, 1899," is sufficient. State v. Jones (1904) 9 Ida. 693; 75 Pac. 819.

Laws 1903, 223, providing for the appropriation, diversion and adjudication of the rights to the use of all the waters in the State running in the natural channel of streams, and which contemplates that all such waters are "public waters," private rights therein being simply rights to the use of the same and not an ownership in them, is sufficiently indicated by its title, which is: "An Act to regulate the appropriation and diversion of the 'Public Waters' of the State." Boise Irr. etc. Co. v. Stewart (1904) 10 Ida. 38; 77 Pac. 25, 321.

The subject of the Act of March 9, 1903, amending the charter of the city of Lewiston, is sufficiently expressed by the title: "An Act to amend an Act entitled, 'An Act to amend the charter of the city of Lewiston, approved February 9, 1881,' and to amend an Act entitled (designating the several Acts affecting and amending the charter of said city) and establishing a new and complete charter for said city." Butler v. City of Lewiston (1905) 11 Ida. 393; 83 Pac. 234.

The irrigation law of March 9, 1903, is sufficiently covered by its title, which is, "An Act relating to irrigation districts and to provide for the organization thereof, and to provide for the acquisition of water and other property, and for the distribution of water thereby for irrigation purposes, and for other and similar purposes." Nampa, etc. Irr. Dist. v. Brose (1905) 11 Ida. 474; 83 Pac. 499.

A title, "An Act to amend section 24 of an Act entitled, 'An Act to provide for the organization, government and powers of cities and villages, approved February 10, 1899,' the body of the Act purporting to amend the section referred to in the title, is sufficient. School Dist. No. 27 v. Village of Twin Falls (1907) 13 Ida...; 90 Pac. 735.

Insufficient Titles: An Act entitled, "An Act providing for the apportionment of the Legislature," and which purports to provide for such apportionment among all the supposed existing counties of the State, can not be sustained after certain of the counties for which it provided the apportionment have been declared non-existent by the Supreme Court, because of the unconstitutionality of the law purporting to create them. Balentine v. Willey (1893) 3 Ida. 496; 31 Pac. 994.

The act of March 4, 1903, Laws (1903, 375) the title to which is

"An Act to provide for the care and keeping of moneys in the custody of the Treasurer of the State of Idaho," and the general purpose of which is to secure interest on State moneys by depositing the same in banks out of the custody of the Treasurer, is void under this section. *Turner v. Coffin* (1903) 9 Ida. 388; 74 Pac. 962.

An Act entitled, "An Act relating to foreign corporations doing business in the State of Idaho," is in violation of this section, where the body thereof purports to relieve foreign corporations from the penalties and forfeitures incurred by them in transacting business within the State in violation of law. *Katz v. Herrick* (1906) 12 Ida. 1; 86 Pac. 873.

Laws 1903, 346, the title to which purports to prohibit the sale of liquor near public works and grading camps, but the body of which does not prohibit such sale, but undertakes to regulate it, is repugnant to this section. *Gerding v. Board of Commrs. of Idaho Co.* (1907) 13 Ida. ...; 90 Pac. 357.

Unity of Subject: The objection should be grave, and the conflict between the Constitution and the Statute palpable, before the judiciary should hold a legislative enactment unconstitutional upon the sole ground

that it embraces more than one subject. *Pioneer Irr. Dist. v. Bradley* (1902) 8 Ida. 310; 68 Pac. 295.

The object of this section was to prohibit combining in one bill subjects diverse in their nature and having no necessary connection. It was not intended to prevent the incorporation into a single act of the entire statutory law upon one general subject. And if the provisions of an act all relate directly or indirectly to the same subject, have a natural connection therewith and are not foreign to the subject expressed in the title, they are properly united in a single act, however numerous such provisions may be. *Ib.*

If two separate bills are passed by the Legislature on the same general subject, and with differently worded titles, said acts may be amended by one bill, with a proper title. But if the title contains two distinct subjects, and both the subjects are legislated upon in the body of the act, the act is absolutely void. *Ib.*

Those portions of acts passed by the Legislature which are not included or embraced within the title of such acts are void. *Cohn v. Kingsley* (1897) 5 Ida. 416; 49 Pac. 985.

Technical Terms to be Avoided.

Sec. 17. Every Act or Joint Resolution shall be plainly worded, avoiding as far as practicable the use of technical terms.

Amendments to be Published in Full.

Sec. 18. No Act shall be revised or amended by mere reference to its title, but the section as amended shall be set forth and published at full length.

Cited: (Concur. op.) *Green v. State Board Canvassers* (1896) 5 Ida. 130; 47 Pac. 259.

Application: This section has no application to repeals either express or implied, but only to revisions and amendments. *Noble v. Bragaw* (1906) 12 Ida. 265; 85 Pac. 903.

Object of Section: The object of this provision is to prevent obscurity, confusion and uncertainty in the law; it deals with such amendments as change the application, force or effect of an act; the act of the first State Legislature changing the words "territory" to "state" and "comptroller" to "auditor" is not repugnant to this section. *Gilbert v. Moody* (1891) 3 Ida. 3; 25 Pac. 1092.

Setting Out Amendments: This section does not require the whole chapter of which the amended section is a part, to be set forth at full length, but only requires the section amended to be set out although, standing alone, the amended section is not sufficient to indicate its purpose. *State v. Jones* (1904) 9 Ida.

693; 75 Pac. 819. The whole act containing the section amended need not be republished in full, but only the section amended need be republished. *Noble v. Bragaw* (1906) 12 Ida. 265; 85 Pac. 903.

Construction of Related Acts: Two or more laws relating to the same subject or to different parts of the same subject, are not necessarily amendatory to each other, within the meaning of this section, although they may be construed in *pari materia*. *Ib.*

Laws 1905, 39, Sec. 39, which repeals such sections of the sheep inspection law of 1901 as create the office of sheep inspector and deputy sheep inspectors, but continues in force the remainder of the act of 1901, and requires the State veterinary surgeon and live stock inspectors, provided for in said act of 1905, to perform the duties imposed on the sheep inspector and his deputies by the act of 1901, is not in violation of this section. *Ib.*

Local and Special Laws Prohibited.

Sec. 19. The Legislature shall not pass local or special laws in any of the following enumerated cases, that is to say:

Regulating the jurisdiction and duties of justices of the peace and constables.

For the punishments of crimes and misdemeanors.

Regulating the practice of the courts of justice.

Providing for a change of venue in civil or criminal actions.

Granting divorces.

Changing the names of persons or places.

Authorizing the laying out, opening, altering, maintaining, working on, or vacating roads, highways, streets, alleys, town plats, parks, cemeteries, or any public grounds not owned by the State.

Summoning and impaneling grand and trial juries, and providing for their compensation.

Regulating county and township business, or the election of county and township officers.

For the assessment and collection of taxes.

Providing for and conducting elections, or designating the place of voting.

Affecting the estates of deceased persons, minors, or other persons under legal disabilities.

Extending the time for collection of taxes.

Giving effect to invalid deeds, leases or other instruments.

Refunding money paid into the State Treasury.

Releasing or extinguishing, in whole or in part, the indebtedness, liability or obligation of any person or corporation in this State, or any municipal corporation therein.

Declaring any person of age, or authorizing any minor to sell, lease or incumber his or her property.

Legalizing as against the State the unauthorized or invalid act of any officer.

Exempting property from taxation.

This section does not give the State the right to appeal from a judgment in favor of the defendant in a criminal action, in the absence of a statute authorizing such appeal. *State v. Ridenabugh* (1897) 5 Ida. 710; 51 Pac. 750.

The right of appeal in a criminal case is absolute and in no wise dependent upon the innocence or guilt of the defendant. *In re Neil* (1905) 12 Ida. 749; 87 Pac. 881.

For additional cases construing appellate jurisdiction of the Supreme Court see note under Sec. 4807.

Writs of Prohibition: This section, in providing for the issuance of writs of prohibition, contemplates the issuance of such writs with the functions declared and defined under the existing territorial laws. *Williams v. Lewis* (1898) 6 Ida. 184; 54 Pac. 619. But this case was overruled and it was expressly held that the writ of prohibition authorized by the Constitution is a common law writ and will not lie to restrain purely ministerial acts. *Stein v. Morrison* (1904) 9 Ida. 426; 75 Pac. 246.

Ancillary Jurisdiction: The Supreme Court may allow attorneys' fees or suit money on appeal in a divorce case after the case has been filed in that court, when the same is necessary to the complete exercise of its appellate jurisdiction. *Roby v. Roby* (1903) 9 Ida. 371; 74 Pac. 957.

The Supreme Court has power to appoint a receiver to act pending litigation. *Chemung Mining Co. v. Hanley* (1905) 11 Ida. 302; 81 Pac. 619.

Jurisdiction Over Claims Against the State.

Sec. 10. The Supreme Court shall have original jurisdiction to hear claims against the State, but its decisions shall be merely recommendatory; no process in the nature of execution shall issue thereon; they shall be reported to the next session of the Legislature for its action.

Proceedings: In proceedings to obtain a decision recommending the payment of a claim for constructing a State wagon road, where it appeared that the contract price was consumed in paying for the original construction of the road which was destroyed by high water prior to the acceptance of the road by the State, after which the contractors rebuilt the washed out portion, the court rendered a decision recommending the payment by the Legislature of the value of the contractors work. *Winters v. State* (1897) 5 Ida. 198; 47 Pac. 855.

The Supreme Court will not hear any claims against the State until the same have been passed upon by the Board of Examiners. *Pyke v. Steunenberg* (1897) 5 Ida. 614; 51 Pac. 614.

This section does not authorize an action to condemn State lands to a public use, but such an action is authorized by Rev. St. Sec. 5212 in conjunction with laws 1899, 381, Sec. 13. *Hollister v. State* (1903) 9 Ida. 8; 71 Pac. 541.

The Supreme Court will not recommend to the Legislature the payment of a claim against the State, an action on which would be barred by the statute of limitations. *Small v. State* (1904) 10 Ida. 1; 76 Pac. 765.

District Courts: Judges and Terms.

Sec. 11. The State shall be divided into five judicial districts, for each of which a Judge shall be chosen by the qualified electors thereof, whose term of office shall be four years. And there shall be held a District Court in each county, at least twice in each year, to continue for such time in each county as may be prescribed by law; but the Legislature may reduce or increase the number of districts, District

Judges, and District Attorneys. This section shall not be construed to prevent the holding of special terms under such regulations as may be provided by law.

Residence of Judges: Holding Court Out of District.

Sec. 12. Every Judge of the District Court shall reside in the district for which he is elected. A Judge of any District Court may hold a District Court in any county at the request of the Judge of the District Court thereof, and upon the request of the Governor it shall be his duty to do so; but a cause in the District Court may be tried by a Judge pro tempore, who must be a member of the bar, agreed upon in writing by the parties litigant, or their attorneys of record, and sworn to try the cause.

Judge Pro Tem: This section does not authorize the appointment of a non-resident as a judge pro tem. Bramwell v. Guheen (1892) 3 Ida. 347; 29 Pac. 110.

Disqualification of Judge: The fact that the judge is prejudiced

against one of the parties, is not ground for a change of venue, but in such a case the Governor may direct another judge to preside, and the Supreme Court would make the necessary order for the enforcement of the Governor's direction. (dis. op.) Day v. Day (1906) 12 Ida. 556; 86 Pac. 531.

Power of Legislature Respecting Courts.

Sec. 13. The Legislature shall have no power to deprive the judicial department of any power or jurisdiction which rightly pertains to it as a co-ordinate department of the government; but the Legislature shall provide a proper system of appeals, and regulate by law, when necessary, the methods of proceeding in the exercise of their powers of all the courts below the Supreme Court, so far as the same may be done without conflict with this Constitution.

Special Courts in Cities and Towns.

Sec. 14. The Legislature may provide for the establishment of special courts for the trial of misdemeanors in incorporated cities and towns where the same may be necessary.

otherwise provided by the Legislature, shall be three thousand dollars each per annum, and the salary of the Judges of the District Court, until otherwise provided by the Legislature, shall be three thousand dollars each per annum, and no Justice of the Supreme Court or Judge of the District Court, shall be paid his salary, or any part thereof, unless he shall have first taken and subscribed an oath that there is not in his hands any matter in controversy not decided by him which had been finally submitted for his consideration and determination, thirty days prior to taking and subscribing such oath.

He shall receive as compensation for his services a sum not less than five hundred dollars per annum, nor more than fifteen hundred dollars per annum, to be fixed by the board of commissioners of the county at its regular session in July next preceding any general election, and to be paid in quarterly installments out of the county treasury.

Senate Joint Resolution, approved March 5, 1895, (Laws 1895, 237) Ratified Nov. 3, 1906.

Amendment: The amendment to this section substituting county prosecuting attorneys for the district attorneys was not self-executing, but required legislation to give it force and effect, and did not go into operation until the time fixed by law for county officers to qualify and enter upon the discharge of their duties (Concur. op.) Hays v. Hays (1897) 5 Ida. 154; 47 Pac. 732.

Vacancies: How Filled.

Equitable Jurisdiction: Equitable jurisdiction exists and will be exercised in all cases and under all cir-

cumstances where the remedy at law is not adequate, complete and certain, so as to meet the requirements of justice. Coleman v. Jagers (1906) 12 Ida. 125; 85 Pac. 894.

Concurrent Jurisdiction: The District Court has concurrent original jurisdiction with justices' courts over actions for a violation of the two-mile limit law. Risse v. Collins (1906) 12 Ida. 689; 87 Pac. 1006.

Jurisdiction of Probate Courts.

Sec. 21. The probate courts shall be courts of record, and shall have original jurisdiction in all matters of probate, settlement of estates of deceased persons, and appointment of guardians; also jurisdiction to hear and determine all civil cases wherein the debt or damage claimed does not exceed the sum of five hundred dollars, exclusive of interest, and concurrent jurisdiction with justices of the peace in criminal cases.

Courts of Record—When: Probate courts are courts of record with original jurisdiction in all matters of probate and settlement of estates, and their orders and judgments in regard to such matters cannot be collaterally attacked, and can only be reviewed by proper motion in such courts or by appeal from their decisions. (Overruling *Ethol v. Nicholl*, 1 Ida. 741.) *Clark v. Rossier* (1904) 10 Ida. 348; 78 Pac. 358.

Probate courts are courts of record only in the exercise of their probate

and administrative jurisdiction. *Dewey v. Schreiber Implement Co.* (1906) 12 Ida. 280; 85 Pac. 921.

Jurisdiction: This section does not authorize the Legislature to extend the jurisdiction of probate courts to actions for the enforcement of mechanics' and laborers' liens, mortgages and other liens upon real property; probate courts have no equity jurisdiction except such as they may have in matters of probate, settlement of estates and appointment of guardians. *Ib.*

Jurisdiction of Justices of the Peace.

Sec. 22. In each county of this State there shall be elected justices of the peace as prescribed by law. Criminal Jurisdiction: Under Sec. 9 of the Organic Act which provided, among other things, that justices of the peace should not have jurisdiction when the debt or sum claimed exceeds \$100.00, it was held that the Legislature could not confer on justices of the peace jurisdiction over an offense punishable by fine not exceeding \$500.00. *People v. Maxon* (1870) 1 Ida. 330.

Civil Jurisdiction: This section does not extend the jurisdiction of justices to actions involving \$300 exclusive of interest, in the face of Rev. Stat. Sec. 3851 which fixes the jurisdiction at \$300 inclusive of interest, but merely prohibits the Legislature from fixing the sum in excess of \$300 exclusive of interest. *Quayle v. Glenn* (1899) 6 Ida. 549; 57 Pac. 308.

Sec. 26. All laws relating to courts shall be general and of uniform operation throughout the State, and the organized judicial powers, proceedings, and practices of all the courts of the same class or grade, so far as regulated by law, and the force and effect of the proceedings, judgments and decrees of such courts, severally, shall be uniform.

Laws Relating to Courts: Laws 1903, 223, providing for the appropriation, diversion and adjudication of the rights to the use of the waters of the State, and which contains certain peculiar provisions as to the duties of the State Engineer, the apportionment of costs, the preparation and use of maps as evidence, etc., in proceedings for the adjudication of water rights, is not repugnant to this section. (Stockslager, J., dissents.) *Boise Irr. etc. Co. v. Stewart* (1904) 10 Ida. 38; 77 Pac. 25, 321.

Sec. 34 of Laws 1903, 223, relative to the distribution of water and adjudication of water rights, which authorizes a suit for adjudication of water rights to be brought against "all claimants of a right to the use of the water" of the stream in ques-

tion, without naming the defendants, or requiring any effort for personal service on such defendants as might be found, is repugnant to this section, *Bear Lake Co. v. Budge* (1904) 9 Ida. 703; 75 Pac. 614.

Laws 1903, 223, Sec. 35, which requires the costs and attorneys fees in a suit to adjudicate the waters of a stream, to be paid by the county, is repugnant to this section. *Ib.*

ARTICLE 6.

SUFFRAGE AND ELECTIONS.

Section

1. Secret ballot guaranteed.
2. Qualifications of electors.
3. Disqualification of certain persons.

Section

4. Legislature may prescribe additional qualifications.
5. Residence for voting purposes not lost or gained.

Secret Ballot Guaranteed.

Sec. 1. All elections by the people must be by ballot. An absolutely secret ballot is hereby guaranteed, and it shall be the duty of the Legislature to enact such laws as shall carry this section into effect.

Qualifications of Electors.

Sec. 2. Except as in this article otherwise provided, every male or female citizen of the United States, twenty-one years old, who has actually resided in this State or Territory for six months, and in the county where he or she offers to vote, thirty days next preceding the day of election, if registered as provided by law, is a qualified elector; and until otherwise provided by the Legislature, women who have the qualifications prescribed in this article may continue to hold such school offices and vote at such school elections as provided by the laws of Idaho Territory.

Senate Joint Resolution, approved Jan. 21, 1895, (Laws 1895, 232). Ratified Nov. 3, 1896.

The section prior to amendment read as follows:

Sec. 2. Except as in this article otherwise provided, every male citizen of the United States, twenty-one years old, who has actually resided in the State or Territory for six months, and in the county where he offers to vote, thirty days next preceding the day of election, if registered as provided by law, is a qualified elector; and until otherwise provided by the Legislature, women who have the qualifications prescribed in this article, may continue to hold such school offices and vote at such school elections as provided by the laws of Idaho Territory.

Cited: Powell v. Spackman (1901) 7 Ida. 693; 65 Pac. 503.

Registration Unnecessary: Registration is not a substantive qualification of an elector in this State. Registration is intended only as a regulation of the exercise of the right of

suffrage and not as a qualification for such right. The terms "elector" and "qualified elector" are used interchangeably, and an elector is a qualified elector. (Quarles, J., dissents.) Wilson v. Bartlett (1900) 7 Ida. 271; 62 Pac. 416.

Bond Elections: This section only prescribes the qualifications of a voter at a general election, and is not infringed by a provision of a municipal charter imposing a property qualification on the right to vote on the question of incurring a municipal indebtedness. Wiggin v. City of Lewiston (1902) 8 Ida. 527; 69 Pac. 286.

Disqualifications: No disqualification to hold office on account of sex which may exist under this section, can be raised in a proceeding, instituted after the wrongful removal of the officer, to compel her to deliver the papers of the office to her alleged successor. Village of Kendrick v. Nelson (1907) 13 Ida. —; 89 Pac. 755.

Disqualification of Certain Persons.

Sec. 3. No person is permitted to vote, serve as a juror, or hold any civil office who is under guardianship, idiotic or insane, or who has, at any place, been convicted of treason, felony, embezzlement of the public funds, bartering or selling, or offering to barter or sell his

vote, or purchasing or offering to purchase the vote of another, or other infamous crime, and who has not been restored to the rights of citizenship, or who, at the time of such election, is confined in prison on conviction of a criminal offense, or who is a bigamist, or polygamist, or is living in what is known as patriarchal, plural or celestial marriage, or in violation of any law of this State, or of the United States, forbidding any such crime; or who, in any manner, teaches, advises, counsels, aids, or encourages any person to enter into bigamy, polygamy, or such patriarchal, plural, or celestial marriage, or to live in violation of any such law, or to commit any such crime; or who is a member of or contributes to the support, aid, or encouragement of any order, organization, association, corporation or society, which teaches, advises, counsels, encourages, or aids any person to enter into bigamy, polygamy, or such patriarchal, plural or celestial marriage, or which teaches or advises that the laws of this State prescribing rules of civil conduct, are not the supreme law of the State; nor shall Chinese, or persons of Mongolian descent, not born in the United States, nor Indians not taxed, who have not severed their tribal relations and adopted the habits of civilization, either vote, serve as jurors, or hold any civil office.

Requirement of Test Oath: This section is not violated by the act of February 25, 1891, prescribing a test

oath containing conditions of suffrage additional to those prescribed by this section. Shepherd v. Grimmett (1892) 3 Ida. 403; 31 Pac. 793.

Legislature May Prescribe Additional Qualifications.

Sec. 4. The Legislature may prescribe qualifications, limitations, and conditions for the right of suffrage additional to those prescribed in this article, but shall never annul any of the provisions in this article contained.

Cited: Powell v. Spackman (1901) 7 Ida. 693; 65 Pac. 503.

Requirement of Test Oath: This section authorizes the Legislature to prescribe a test oath as a condition of suffrage, embracing clauses additional to those contained in Section 3 of this article. Shepherd v. Grimmett (1892) 3 Ida. 408; 31 Pac. 793.

Property Qualifications: This section is sufficiently broad to empower the Legislature to prescribe property qualifications on the right to vote in elections to create an indebtedness. Wiggin v. City of Lewiston (1902) 8 Ida. 527; 69 Pac. 286.

Residence for Voting Purposes Not Lost or Gained.

Sec. 5. For the purpose of voting, no person shall be deemed to have gained or lost a residence by reason of his presence or absence while employed in the service of this State, or of the United States, nor while engaged in the navigation of the waters of this State or of the United States, nor while a student of any institution of learning, nor while kept at any alms house or other asylum at the public expense.

Inmates of Soliders' Home: Under the provisions of this section, inmates of the Soldiers' Home cannot acquire by reason of their presence in such Soldiers' Home, and while kept at

public expense, the right to vote in the county and precinct in which such institution is located. (Sullivan, J., dissents). Powell v. Spackman (1901) 7 Ida. 693; 65 Pac. 503.

Sec. 1. The fiscal year shall commence on the second Monday of January in each year, unless otherwise provided by law.

Revenue to be Provided by Taxation.

Sec. 2. The Legislature shall provide such revenue as may be needful, by levying a tax by valuation, so that every person or corporation shall pay a tax in proportion to the value of his, her, or its property, except as in this article herein otherwise provided. The Legislature may also impose a license tax (both upon natural persons and upon corporations, other than municipal, doing business in this State); also a percapita tax: *Provided*, The Legislature may exempt a limited amount of improvements upon land from taxation.

Provision Self-Acting: The constitutional requirement of uniformity of taxation is self-acting, and applies to all officers and boards that have anything to do with the levy and assessment of taxes. Orr v. State Board of Equalization (1891) 3 Ida. 190; 28 Pac. 416.

License Taxes: A graduated license tax imposed on the liquor traffic does not violate the requirement of equality of taxation imposed by this section. State v. Doherty (1892) 3 Ida. 384; 29 Pac. 855.

Double Taxation: It is not double taxation to levy a tax on billiard tables according to their value, and

at the same time to require the proprietor thereof to pay a license tax under Rev. Stat. Sec. 1645. State v. Jones (1904) 9 Ida. 693; 75 Pac. 819.

The prohibition of double taxation contained in this section is directed against the taxing of the same property twice during the same year for the same purpose, while other like and similar property is taxed only once during the same period for that purpose. It does not extend to prevent a special levy, for road purposes only, under Laws 1901, 78, on all property of the county, although such property is also taxed in the general levy for the road funds of the county. Humbird Lumber Co. v. Kootenai Co. (1904) 10 Ida. 490; 79 Pac. 396.

Application—License Taxes: This section relates to taxes properly speaking, and does not apply to license taxes so as to render unconstitutional Rev. St., Sec. 1644 which imposes license taxes the proceeds of which may be retained for the use of the county in which they are col-

lected. State v. Union etc. Ins. Co. (1902) 8 Ida. 240; 67 Pac. 647.

Special Taxes: This section does not prohibit the Legislature from authorizing and requiring the county commissioners to levy a special ad valorem tax for the purpose of liquidating the existing indebtedness of the counties to the State. Gooding v. Proffitt (1905) 11 Ida. 380; 83 Pac. 230.

Payment of Taxes to State: All taxes collected for state purposes must be paid into the State Treasury without any deduction for fees or commissions for collecting the same. Guheen v. Curtis (1892) 3 Ida. 443; 31 Pac. 805.

this Constitution exempted from taxation within the territorial limits of the authority levying the tax.

Sec. 9. The rate of taxation of real and personal property for State purposes shall never exceed ten (10) mills on each dollar of assessed valuation, unless a proposition to increase such rate, specifying the rate proposed and the time during which the same shall be levied, shall have been submitted to the people at a general election, and shall have received a majority of all the votes cast for and against it at such election.

Senate Joint Resolution, passed March 2, 1905, (Laws 1905, 441). Ratified Nov. 6, 1906.

The section prior to amendment read as follows:

Sec. 9. The rate of taxation of real and personal property for State purposes shall never exceed ten (10) mills on each dollar of assessed valuation; and if the taxable property in the State shall amount to fifty million (50,000,000) dollars the rate shall not exceed five (5) mills on each dollar of valuation; and whenever the taxable property in the State shall amount to one hundred million (100,000,000) dollars, the rate shall not exceed three (3) mills on each dollar of valuation; and whenever the taxable property of the State shall amount to three hundred million (300,000,000) dollars the rate shall never thereafter exceed one and one-half (1½) mills on each dollar of valuation, unless a proposition to in-

crease such rate, specifying the rate proposed and the time during which the same shall be levied, shall have been submitted to the people at a general election, and shall have received a majority of all the votes cast for and against it at such election.

Limit of Taxation: The tax levy for state purposes is intended to cover the current and running expenses of maintaining and conducting the State Government and the operation and maintenance of the State institutions, and the maximum limit of taxation specified hereby does not include an additional levy for the purpose of paying the interest on, and providing a sinking fund for, the public or bonded indebtedness of the State incurred under Sec. 1 of Art. 8 of the Constitution. Gooding v. Proffit (1905) 11 Ida. 380; 83 Pac. 230.

Making Profit from Public Money Prohibited.

Sec. 10. The making of profit, directly or indirectly, out of State, county, city, town, township, or school district money, or using the same for any purpose not authorized by law, by any public officer, shall be deemed a felony, and shall be punished as provided by law.

Expenditure Not to Exceed Appropriation.

Sec. 11. No appropriation shall be made, nor any expenditure authorized by the Legislature, whereby the expenditure of the State during any fiscal year shall exceed the total tax then provided by law, and applicable to such appropriation or expenditure, unless the legislature making such appropriation shall provide for levying a sufficient tax, not exceeding the rates allowed in section nine (9) of this article, to pay such appropriation or expenditure within such fiscal year. This provision shall not apply to appropriations or expenditures to suppress insurrection, defend the State, or assist in defending the United States in time of war.

Excessive Appropriation Bill: The fact that an appropriation bill passed

by the Legislature, appropriates money in excess of the general tax levied to cover the appropriation, does not render the appropriation repugnant to this section, in the absence of a showing that the estimated reve-

nue to be derived from the State from other sources, such as license and per capita taxes and fees of officers, will be insufficient to make up the deficiency. *Stein v. Morrison* (1904) 9 Ida. 426; 75 Pac. 246.

State Board of Equalization.

Sec. 12. There shall be a State Board of Equalization, consisting of the Governor, Secretary of State, Attorney General, State Auditor, and State Treasurer, whose duties shall be prescribed by law. The board of county commissioners for the several counties of the State, shall constitute boards of equalization for their respective counties, whose duties it shall be to equalize the valuation of the taxable property in the county, under such rules and regulations as shall be prescribed by law.

Assessment of Omitted Property: This section is not infringed by Rev. St., Sec. 1483, as amended by Laws 1899, 454, which authorizes the Board of Equalization to require the assessor to assess any taxable property that has escaped assessment; increase valuations, or add to the amount, number, quantity or value of property. *Murphy v. Board of Equalization* (1899) 6 Ida. 745; 59 Pac. 715.

Nature of Board: The board of county commissioners when sitting as a Board of Equalization, is a distinct body, with distinct duties and functions, and its orders made while sitting as such board are not subject to the provisions of statutes authorizing appeals from the board of county commissioners. *Feltham v. Board of Commrs.* (1904) 10 Ida. 182; 77 Pac. 332.

Money: How Drawn from Treasury.

Sec. 13. No money shall be drawn from the treasury, but in pursuance of appropriations made by law.

Necessity of Appropriation: An attorney employed by the State Auditor pursuant to Rev. St., Sec. 1685, which authorizes such employment and provides that the expense must be paid out of the State Treasury, is not entitled to a warrant in payment for his services until an appropriation is made therefor. *Kingsbury v. Anderson* (1898) 5 Ida. 771; 51 Pac. 744.

While the Board of Examiners may allow a claim which they find to be

correct, yet no warrant can issue therefor until the Legislature makes an appropriation to cover the same. *Kroutinger v. Board of Examiners* (1902) 8 Ida. 463; 69 Pac. 279.

Where an act creating an office fixes the compensation of the officer and time of payment, and authorizes the comptroller to draw his warrant to pay the same when due, no further appropriation is required. *Gilbert v. Moody* (1891) 3 Ida. 3; 25 Pac. 1092.

Same: How Drawn from County Treasuries.

Sec. 14. No money shall be drawn from the county treasuries except upon the warrant of a duly authorized officer, in such manner and form as shall be prescribed by the Legislature.

Legislature to Provide System of County Finance.

Sec. 15. The Legislature shall provide by law, such a system of county finance, as shall cause the business of the several counties to be conducted on a cash basis. It shall also provide that whenever any county shall have any warrants outstanding and unpaid, for the payment of which there are no funds in the county treasury, the county commissioners, in addition to other taxes provided by law, shall levy a special tax, not to exceed ten (10) mills on the dollar, of taxable property, as shown by the last preceding assessment, for the creation of a special fund for the redemption of said warrants; and

after the levy of such special tax, all warrants issued before such levy, shall be paid exclusively out of said fund. All moneys in the county treasury at the end of each fiscal year, not needed for current expenses, shall be transferred to said redemption fund.

Funding Bonds Not Prohibited:
This section, in requiring the business of counties to be conducted on a cash basis, does not preclude the Legislature from authorizing counties to is-

sue bonds for the purpose of taking up outstanding warrants and refunding bonds already issued. *Bannock Co. v. Bunting* (1894) 4 Ida. 156; 37 Pac. 277.

Legislature to Pass Necessary Laws.

Sec. 16. The Legislature shall pass all laws necessary to carry out the provisions of this article.

ARTICLE 8.

PUBLIC INDEBTEDNESS AND SUBSIDIES.

Section

1. Limitations on public indebtedness.
2. Credit of State shall not be given or loaned.

Section

3. Limitations on county and municipal indebtedness.
4. County, etc., not to loan or give its credit.

Limitation on Public Indebtedness.

Sec. 1. The Legislature shall not in any manner create any debt or debts, liability or liabilities, which shall singly or in the aggregate, exclusive of the debt of the Territory at the date of its admission as a state, exceed the sum of one and one-half per centum upon the assessed value of the taxable property in the State, except in case of war to repel an invasion or suppress insurrection, unless the same shall be authorized by law for some single object or work to be distinctly specified therein, which law shall provide ways and means, exclusive of loans, for the payment of the interest of such debt or liability, as it falls due; and also for the payment and discharge of the principal of such debt or liability, within twenty years of the time of the contracting thereof, and shall be irrepealable until the principal and interest thereon shall be paid and discharged; but no such law shall take effect until at a general election it shall have been submitted to the people, and shall have received a majority of all the votes cast for and against it at such election; and all moneys raised by the authority of such law, shall be applied only to the specified object therein stated, or to the payment of the debt thereby created, and such law shall be published in at least one newspaper in each county, or city and county, if one be published therein, throughout the State, for three months next preceding the election at which it is submitted to the people. The Legislature may, at any time after the approval of such law, by the people, if no debt shall have been contracted in the pursuance thereof, repeal the same.

Application: The article of which this section is a part, provides for the general subject of State indebtedness

to be incurred for such objects as the erection of public buildings, the meeting of extraordinary expenses, such as may be incurred in case of war, etc., and does not apply to the ordinary current expenses of the State which are provided for in Art. 7.

Stein v. Morrison (1904) 9 Ida 426; 75 Pac. 246.

Excessive Appropriation Bill: The fact that the general appropriation bill covering the expenses of the State

for the next two years, provides for expenditures in excess of the revenue provided for by the general tax levy, does not create a debt within the meaning of this section. *Ib.*

Credit of State Shall Not be Given or Loaned.

Sec. 2. The credit of the State shall not, in any manner, be given, or loaned to, or in aid of any individual, association, municipality or corporation; nor shall the State directly or indirectly, become a stockholder in any association or corporation.

Limitations on County and Municipal Indebtedness.

Sec. 3. No county, city, town, township, board of education, or school district, or other subdivision of the State shall incur any indebtedness, or liability in any manner, or for any purpose, exceeding in that year, the income and revenue provided for it for such year, without the assent of two-thirds of the qualified electors thereof, voting at an election to be held for that purpose, nor unless, before or at the time of incurring such indebtedness, provision shall be made for the collection of an annual tax sufficient to pay the interest on such indebtedness as it falls due, and also to constitute a sinking fund for the payment of the principal thereof, within twenty years from the time of contracting the same. Any indebtedness or liability incurred contrary to this provision shall be void: *Provided*, That this section shall not be construed to apply to the ordinary and necessary expenses authorized by the general laws of the State.

Object of Section: The object and purpose of this provision is to maintain the credit of the State and counties by keeping them upon a cash basis. *Co. of Ada v. Bullen Bridge Co.* (1896) 5 Ida. 79; 47 Pac. 818; *Ball v. Bannock Co.* (1897) 5 Ida. 602; 51 Pac. 454.

Provisions Mandatory: The authority of boards of county commissioners in creating debts is limited by the Constitution and statutes of the State, and must be exercised within those limits, and at least with a substantial compliance with the mode prescribed; the provisions of the Constitution are mandatory and must be complied with. *Dunbar v. Commrs.* (1897) 5 Ida. 407; 49 Pac. 409.

Prohibited Indebtedness: County commissioners cannot incur a debt for a court house site without submitting the question to a popular vote. *Bannock Co. v. Bunting* (1894) 4 Ida. 156; 37 Pac. 277. The issuance of funding bonds which increase the county indebtedness is within the prohibitions of this section. *Ib.* Municipal indebtedness incurred during a given fiscal year, cannot be paid out of the income or revenue of a future year, unless such revenue is especially

raised for the payment of such indebtedness. *Theiss v. Hunter* (1896) 4 Ida. 788; 45 Pac. 2. The construction of a bridge involving an expenditure equal to more than half of the revenue of a county for the year, is an extraordinary expense. *Co. of Ada v. Bullen Bridge Co.* (1896) 5 Ida. 79; 47 Pac. 818. The building of a bridge and the payment of scalp bounties are extraordinary expenses. *Dunbar v. Board of Commrs.* (1897) 5 Ida. 407; 49 Pac. 409; *Gillette-Herzog Mfg. Co. v. Canyon Co.* (1898) 85 Fed. Rep. 396. The issuance of county warrants in excess of the county's revenue, for the construction of a wagon road is unauthorized except by a compliance with this section. *McNutt v. Lemhi Co.* (1906) 12 Ida. 63; 84 Pac. 1054.

Same—Necessity of Expenditure: Expenditures made in excess of the revenue of any current year must not only be for ordinary expenses, such as are usual to the maintenance of the county government, the conduct of necessary business, and the protection of its property, but there must exist a necessity for making the expenditure during such year. *Dunbar v. Board of Commrs.* (1897) 5 Ida. 407; 49 Pac. 409.

Indebtedness not Prohibited: The provisions of this section apply only to a debt contracted for an extraordinary expense in excess of the revenue provided for the year; it does not pro-

hibit the purchase of real estate for a court house, where the cost will not create an indebtedness in excess of the current revenue after deducting the indebtedness incurred by the county up to the time of the purchase. *Ball v. Bannock Co.* (1897) 5 Ida. 602; 51 Pac. 454.

The provisions of this section authorize the issuance of municipal bonds to take up the outstanding indebtedness of the city incurred for the current pay of officers and the ordinary expenses of the city. *Butler v. City of Lewiston* (1905) 11 Ida. 393; 83 Pac. 234.

Municipal obligations, such as for the construction of sewers, required to be paid out of special assessments levied against property particularly benefited, are not an indebtedness or liability within the meaning of this section, and may be incurred, when the statute so provides, without submission of the question to popular vote. *McGilvery v. City of Lewiston* (1907) 13 Ida. —; 90 Pac. 348.

Provision for Sinking Fund: Rev. Stat., Sec. 3602, as amended by Laws 1891, 200, which, in providing for the funding of county indebtedness, requires the commissioners to levy a sufficient tax to pay the interest on the funding bonds, and, at least one year before the bonds become due, to levy a sufficient additional sum to pay the same, authorizes adequate provisions for paying the interest on the bonds and for the creation of a sinking fund for their redemption, sufficiently to comply with this section. *Bannock Co. v. Bunting* (1894) 4 Ida. 156; 37 Pac. 277.

Where the city council provided by ordinance for the levy of an annual tax for the payment of all interest to

accrue on funding bonds about to be issued, and also by such ordinance provided for the levy of an annual tax after the year 1909 to constitute a sinking fund for the payment of the principal of such bonds, the provisions of this section are complied with, and bonds issued under such ordinance are valid. *Boise City v. Union Bank & Trust Co.* (1900) 7 Ida. 342; 63 Pac. 107.

Effect of Violation: Warrants issued in violation of this provision are void. *Co. of Ada v. Bullen Bridge Co.* (1896) 5 Ida. 79; 47 Pac. 818.

A debt created in contravention of the provisions of this section cannot be changed into the form of a negotiable instrument and thus defeat the object of the Constitution. *Dunbar v. Board Commrs.* (1897) 5 Ida. 407; 49 Pac. 409.

Where an extraordinary indebtedness is incurred by a county without complying with this section, the act of the county in thereafter issuing bonds sufficient to cover such indebtedness and all other indebtedness of the county, does not constitute a ratification of the unlawful indebtedness such as to render the same enforceable against the county. *McNutt v. Lemhi Co.* (1906) 12 Ida. 63; 84 Pac. 1054.

Bond Elections—Suffrage: This provision of the Constitution which requires the assent of two-thirds of the qualified electors in the incurrence of a municipal debt, and prescribes no property qualifications as to such electors, is not infringed by a provision of a municipal charter which requires the assent of two-thirds of the qualified electors who are taxpayers to the incurrence of such a debt. *Wiggin v. City of Lewiston* (1902) 3 Ida. 527; 69 Pac. 286.

County, etc., not to Loan or Give Its Credit.

Sec. 4. No county, city, town, township, board of education, or school district, or other subdivision, shall lend, or pledge the credit or faith thereof directly or indirectly, in any manner, to, or in aid of any individual, association or incorporation, for any amount or for any purpose whatever, or become responsible for any debt, contract or liability of any individual, association or corporation in or out of this State.

The State Treasurer shall be the custodian of this fund, and the same shall be securely and profitably invested as may be by law directed. The State shall supply all losses thereof that may in any manner occur.

Diversion of School Fund: No part of the permanent school fund of the State can be expended in the payment of forfeitures imposed by the statute law of the State. The Constitution expressly prohibits the Legislature from enacting a law that would divert one dollar of such fund

otherwise than as provided by the Constitution, and any law enacted by the Legislature diverting such funds for purposes other than those specified by the Constitution, would be unconstitutional. *State v. Fitzpatrick* (1897) 5 Ida. 499; 51 Pac. 112.

Public School Fund Defined.

Sec. 4. The public school fund of the State shall consist of the proceeds of such lands as have heretofore been granted, or may hereafter be granted, to the State by the general government, known as school lands, and those granted in lieu of such; lands acquired by gift or grant from any person or corporation, under any law or grant of the general government, and of all other grants of land or money made to the State from the general government for general educational purposes, or where no other special purpose is indicated in such grant; all estates or distributive shares of estates that may escheat to the State; all unclaimed shares and dividends of any corporation incorporated under the laws of the State; and all other grants, gifts, devises, or bequests made to the State for general educational purposes.

University, and in the payment of the current expenses thereof and the charges for conducting the same, and cannot be used for the erection or

equipment of University buildings. *Roach v. Gooding* (1905) 11 Ida. 244; 81 Pac. 642.

Sectarian Appropriations Prohibited.

Sec. 5. No law shall ever be passed by the Legislature granting any privileges to persons who may have settled upon any such public lands, subsequent to the survey thereof by the general government, by which the amount to be derived by the sale, or other disposition of such lands, shall be dimin-

ished, directly or indirectly. The Legislature shall, at the earliest practicable period, provide by law that the general grants of land made by Congress to the State shall be judiciously located and carefully preserved and held in trust, subject to disposal at public auction for the use and benefit of the respective objects for which said grants of lands were made, and the Legislature shall provide for the sale of said lands from time to time and for the sale of timber on all State lands and for the faithful application of the proceeds thereof in accordance with the terms of said grants: *Provided*, That not to exceed twenty-five sections of school lands shall be sold in any one year, and to be sold in subdivisions of not to exceed one hundred and sixty (160) acres to any one individual, company or corporation.

Sec. 11. The permanent educational funds other than funds arising from the disposition of university lands belonging to the State, shall be loaned on first mortgage or improved farm lands within the State; State, United States, or school district bonds, or State warrants, under such regulations as the Legislature may provide. *Provided*. That no loan shall be made of any amount of money exceeding one-third of the market value of the lands at the time of the loan, exclusive of buildings.

Senate Joint Resolution, passed March 3, 1899 (Laws 1899, 330), Ratified Nov. 6, 1900.

This section prior to amendment read as follows:

proved farm lands within the State, or on State or United States bonds, under such regulations as the Legislature may provide: *Provided*, That no loan shall be made of any amount of money exceeding one-third of the market value of the lands at the time of the loan, exclusive of buildings.

Joint Stock Companies: The provision of this section which requires the Legislature to provide by general law for the organization of corporations, is directed exclusively to the

Legislature, and is not operative without Legislative action; the provision does not prevent individuals from organizing a joint stock company having attributes different from those of ordinary corporations. *Spotswood v. Morris* (1906) 12 Ida. 360; 85 Pac. 1094.

This section has no application to a voluntary joint stock company which has no franchise of incorporation, and which exercises no powers or privileges of a corporation which are not possessed by individuals or partnerships. *Ib.*

Revocation and Alteration of Charters.

Sec. 3. The Legislature may provide by law for altering, revoking, or annulling any charter of incorporation existing and revocable at the time of the adoption of this Constitution, in such manner, however, that no injustice shall be done to the corporators.

No undue or unreasonable discrimination shall be made in charges or facilities for transportation of freight or passengers of the same class, by any railroad, or transportation, or express company, between persons or places within the State; but excursion or commutation tickets may be issued and sold at special rates, provided such rates are the same to all persons. No railroad, or transportation, or express company shall be allowed to charge, collect or receive, under penalties which the Legislature shall prescribe, any greater charge or toll for the transportation of freight or passengers, to any place or station upon its route or line, than it charges for the transportation of the same class of freight or passengers to any more distant place or station upon its route or line within this State. No corporation other than municipal corporations in existence at the time of the adoption of this Constitution, shall have the benefit of any future legislation, without first filing in the office of the Secretary of State an acceptance of the provisions of this Constitution in binding form.

Right of Eminent Domain and Police Power Reserved.

Sec. 8. The right of eminent domain shall never be abridged, nor so construed as to prevent the Legislature from taking the property and franchise of incorporated companies, and subjecting them to public use, the same as property of individuals; and the police powers of the State shall never be abridged nor so construed as to permit corporations to conduct their business in such manner as to infringe the equal rights of individuals, or the general well being of the State.

Increase in Capital Stock.

Sec. 9. No corporation shall issue stocks or bonds, except for labor done, services performed, or money or property actually received; and all fictitious increase of stock or indebtedness shall be void. Constructing Railroad in City or Town.

Sec. 11. No street, or other railroad, shall be constructed within any city, town, or incorporated village without the consent of the local authorities having the control of the street or highway proposed to be occupied by such street or other railroad.

Retroactive Laws Favoring Corporations Prohibited.

Sec. 12. The Legislature shall pass no law for the benefit of a railroad, or other corporation, or any individual or association of individuals retroactive in its operation, or which imposes on the people of any county or municipal subdivision of the State, a new liability in respect to transactions or considerations already past.

Transfer of Franchises.

Sec. 15. The Legislature shall not pass any law permitting the leasing or alienation of any franchise so as to release or relieve the franchise or property held thereunder from any of the liabilities of the lessor or grantor, or lessee or grantee, contracted or incurred in the operation, use, or enjoyment of such franchise, or any of its privileges.

of the officers or shareholders shall not sell or dispose of any property of the association, without the concurrence of the shareholders; such an association is not a corporation under the Constitution or statutes, but is a form of special partnership. *Spotswood v. Morris* (1906) 12 Ida. 360; 85 Pac. 1094.

Liability of Stockholders: Dues.

Sec. 17. Dues from private corporations shall be secured by such means as may be prescribed by law, but in no case shall any stockholder be individually liable in any amount over or above the amount of stock owned by him.

Use of Waters a Public Use.

Sec. 1. The use of all waters now appropriated, or that may hereafter be appropriated for sale, rental or distribution; also of all water originally appropriated for private use, but which after such appropriation has heretofore been, or may hereafter be sold, rented, or distributed, is hereby declared to be a public use, and subject to the regulation and control of the State in the manner prescribed by law.

Right to Use Water: The individuals comprising the public, who are in

condition to use water, have a constitutional right to use water under such reasonable rules and regulations, and upon such payments, as may be prescribed. Wilterding v. Green (1896) 4 Ida. 773; 45 Pac. 134.

Right to Collect Rates a Franchise.

Sec. 2. The right to collect rates or compensation for the use of water supplied to any county, city, or town, or water district, or the inhabitants thereof, is a franchise, and cannot be exercised except by authority of and in the manner prescribed by law.

Requirement of Free Water: This section simply defines the right to collect rates for a water supply as a franchise, and does not prohibit the

Legislature from passing a law compelling a water company to furnish a city with free water for fire purposes. Boise City v. Artes. H. & C. W. Co. (1895) 4 Ida. 351; 39 Pac. 562

Appropriation of Water: Priorities.

Sec. 3. The right to divert and appropriate the unappropriated waters of any natural stream to beneficial uses, shall never be denied. Priority of appropriation shall give the better right as between those using the water; but when the waters of any natural stream are not sufficient for the service of all those desiring the use of the same, those using the water for domestic purposes shall (subject to such

limitations as may be prescribed by law) have the preference over those claiming for any other purpose; and those using the water for agricultural purposes shall have preference over those using the same for manufacturing purposes. And in any organized mining district, those using the water, for mining purposes or milling purposes connected with mining, shall have preference over those using the same for manufacturing or agricultural purposes. But the usage by such subsequent appropriators shall be subject to such provisions of law regulating the taking of private property for public and private use, as referred to in section 14 of article 1, of this Constitution.

Preferential Rights to Water: The framers of the Constitution, in adopting this section, realized that in some sections of the State agriculture would predominate, and that the use of water for such purposes should have a preference right in such sections, while in other sections mining would be the principal industry and would be entitled to a preference right. Hill

v. Standard Min. Co. (1906) 12 Ida. 223; 85 Pac. 907.

Pollution of Streams: This section does not authorize or permit parties engaged in mining or other occupations to fill up the natural channel of any of the streams of the State, or to pollute the same with debris and poisonous substances to the injury of any other user of the waters of the streams. Ib.

Continuing Rights to Water Guaranteed.

Sec. 4. Whenever any waters have been, or shall be, appropriated or used for agricultural purposes, under a sale, rental, or distribution thereof, such sale, rental or distribution shall be deemed an exclusive dedication to such use; and whenever such waters so dedicated shall have once been sold, rented or distributed to any person who has settled upon or improved land for agricultural purposes with the view of receiving the benefit of such water under such dedication, such person, his heirs, executors, administrators, successors, or assigns, shall not thereafter, without his consent, be deprived of the annual use of the same, when needed for domestic purposes, or to irrigate the land so settled upon or improved, upon payment therefor, and compliance with such equitable terms and conditions as to the quantity used and times of use, as may be prescribed by law.

Cited: *Wilterding v. Green* (1896) 4 Ida. 773; 45 Pac. 134.

Payment of Compensation: While this section secures to every one who has rented water the right to rent the same from year to year, yet his right to water for any given year depends upon his compliance with statutory enactments regulating the payment of compensation or tender of security therefor, and no action to confirm his right to such water accrues in his favor until he has paid, or ten-

dered security for, such compensation. *Bardsly v. Boise Irr. etc. Co.* (1901) 8 Ida. 155; 67 Pac. 428.

Change of Use: This section does not require water to be used on the land where it is first taken, nor prohibit the change of the place of use, nor deny to the user a property right in the water which he takes from a canal. (*Sullivan, C. J., dissents.*) *Hard v. Boise City Irr. etc. Co.* (1904) 9 Ida. 589; 76 Pac. 331.

Priorities and Limitations on Use.

Sec. 5. Whenever more than one person has settled upon, or improved land with the view of receiving water for agricultural purposes, under a sale, rental, or distribution thereof, as in the last preceding section of this article provided, as among such persons priority in time shall give superiority of right to the use of such

water in the numerical order of such settlements or improvements; but whenever the supply of such water shall not be sufficient to meet the demands of all those desiring to use the same, such priority of right shall be subject to such reasonable limitations as to the quantity of water used and times of use as the Legislature, having due regard both to such priority of right and the necessities of those subsequent in time of settlement or improvement, may by law prescribe.

No person shall vote at such election who has not been ninety days a resident of the territory proposed to be annexed. When any part of a county is stricken off and attached to another county, the part stricken off shall be held to pay its ratable proportion of all then existing liabilities of the county from which it is taken.

Division of Territory: This section prohibits cutting off territory from one county and annexing it to another without submitting the proposition to popular vote, under the guise of an act purporting to create two new counties from the territory previously belonging to two existing counties, and so changing the boundary line between them as to give one of the counties a strip of territory which previously belonged to the other. The Act of March 3, 1891, purporting to create and organize the counties of Alta and Lincoln was held on this ground to be unconstitutional. (*Sullivan, C. J.*, dissents.) *People ex rel. Lincoln Co. v. George* (1891) 3 Ida. 72; 26 Pac. 983.

Creation of New Counties: This

section and the following one expressly authorize the creation of new counties, and in the creation of such a county, the Legislature may make any provision necessary to the complete organization of that county not specifically prohibited by the Constitution, and may provide for the apportionment of the debt of the original county and for transcribing the records. *Bannock Co. v. Bunting* (1894) 4 Ida. 156; 37 Pac. 277.

Liability of Detached Territory: This section continues the liability of territory, detached from one county and annexed to another, for its ratable proportion of the debts of the mother county, and prohibits the Legislature from imposing such indebtedness on the county to which the detached territory is annexed. New Counties: Size and Valuation.

Sec. 4. No new counties shall be established which shall reduce any county to an area of less than four hundred square miles nor the valuation of its taxable property to less than one million dollars. Nor shall any new county be formed which shall have an area of less than four hundred square miles and taxable property of less than one million dollars, as shown by the last previous assessment.

House Joint Resolution, approved March 12, 1897 (Laws 1897, 183) ratified Nov. 8, 1898.

The section prior to amendment read as follows:

Sec. 4. No new county shall be es-

tablished which shall reduce any county to an area of less than four hundred square miles; nor shall a new county be formed containing an area of less than four hundred square miles.

Constitutionality of Amendment: Quære suggested as to the constitutionality of the amendment of 1898. *Holmberg v. Jones* (1901) 7 Ida. 752; 65 Pac. 563.

Creation of New County: A county cannot be created by implication and intendment merely, and an act appar-

ently passed for the purpose of creating a county, is invalid for that purpose when it fails to declare in express language the creation of such proposed county. *Homer v. Jones* (1901) 7 Ida. 752; 65 Pac. 563.

The authority granted by this section to create new counties does not authorize the reorganization of an old county under a new name. *McDonald v. Doust* (1905) 11 Ida. 14; 81 Pac. 60.

System of County Government.

Sec. 5. The Legislature shall establish, subject to the provisions of this article, a system of county governments which shall be uniform throughout the State; and by general laws shall provide for township or precinct organization.

County Officers.

Sec. 6. The Legislature by general and uniform laws shall provide for the election biennially in each of the several counties of the State, of county commissioners, a sheriff, a county treasurer, who is ex-officio public administrator, a probate judge, a county superintendent of public instruction, a county assessor, who is ex-officio tax collector, a coroner and a surveyor. The clerk of the District Court shall be ex-officio auditor and recorder. No other county offices shall be established, but the Legislature by general and uniform laws shall provide for such township, precinct and municipal officers as public convenience may require, and shall prescribe their duties, and fix their terms of office. The Legislature shall provide for the strict accountability of county, township, precinct and municipal officers for all fees which may be collected by them, and for all public and municipal monies which may be paid to them or officially come into their possession. The county commissioners may employ counsel when necessary. The sheriff, auditor and recorder, and clerk of the District Court shall be empowered by the county commissioners to appoint such deputies and clerical assistance as the business of their offices may require, said deputies and clerical assistants to receive such compensation as may be fixed by the county commissioners. No sheriff or county assessor shall be qualified to hold the term of office immediately succeeding the term for which he was elected. The salary and qualifications of the county superintendent shall be fixed by law.

House Joint Resolution, approved March 9, 1895 (Laws 1895, 237) ratified Nov. 3, 1896. This is a second amendment, the original section having been previously amended in 1894. (See Laws 1893, 224, for resolution of submission.)

The section originally read as follows:

Sec. 6. The Legislature, by general and uniform laws, shall provide

for the election biennially in each of the several counties of the State, of county commissioners, a sheriff, county treasurer, who is ex officio public administrator; probate judge who is ex officio county superintendent of public instruction; county assessor, who is ex officio tax collector; a coroner and a surveyor. The Clerk of the District Court shall be ex officio auditor and recorder. No other coun-

ty offices shall be established, but the Legislature by general and uniform laws shall provide for the election of such township, precinct and municipal officers as public convenience may require, and shall prescribe their duties and fix their terms of office. The Legislature shall provide for the strict accountability of county, township, precinct and municipal officers for all fees which may be collected by them, and for all public and municipal moneys which may be paid to them, or officially come into their possession. The county commissioners may employ counsel when necessary. The sheriff, auditor and recorder and Clerk of the District Court shall be empowered by the county commissioners to appoint such deputies and clerical assistance as the business of their offices may require, said deputies and clerical assistance to receive such compensation as may be fixed by the county commissioners. No sheriff or county assessor shall be qualified to hold the term of office immediately succeeding the term for which he was elected.

Board Commrs. (1904) 10 Ida. 182; 77 Pac. 332; In re Rice (1906) 12 Ida. 305; 85 Pac. 1109.

Effect of Amendment: A constitutional amendment separating two offices theretofore combined, which provides that "the Legislature by general and uniform laws" shall provide for the "election biennially" of such officers, is not self-executing, and does not go into full operation until such laws have been enacted, and a general biennial election has been held thereunder. Blake v. Board Commrs. (1897) 5 Ida. 163; 47 Pac. 734.

Employment of Counsel: The board of county commissioners has no authority to employ an attorney to act by the year as legal adviser for the county. Meller v. Board etc. Logan Co. (1894) 4 Ida. 44; 35 Pac. 712; Hampton v. Commrs. Logan Co. (1896) 4 Ida. 646; 43 Pac. 324. The necessity for such employment must be apparent and the facts creating such necessity must be made a matter of record by the commissioners. Hampton v. Commrs. Logan Co. (1896) 4 Ida. 646; 43 Pac. 324. And they must act as a board. Conger v. Board Commrs. Latah Co. (1896) 4 Ida. 740; 48 Pac. 1064.

Where it is shown by the record

of the county commissioners that the existence of a county is involved, and that the constitutionality of an act creating a new county is to be litigated, the county commissioners are justified in employing counsel. Ravenscraft v. Board Commrs. (1897) 5 Ida. 178; 47 Pac. 942.

County commissioners may employ counsel only in matters over which they have jurisdiction and control; they cannot control or interfere with criminal prosecutions or employ counsel to assist the District Attorney in the conduct thereof. (Huston, J., dissents.) Conger v. Commrs. Latah Co. (1897) 5 Ida. 347; 48 Pac. 1064.

Appointment of Deputies: The question of the appointment of deputies is submitted entirely to the discretion of the county commissioners and the sheriff cannot appoint a deputy to assist him unless he is empowered so to do by the commissioners. Campbell v. Board Commrs. (1896) 5 Ida. 53; 46 Pac. 1022.

Where an officer is absent from his office by reason of illness or private business, the expense of employing a deputy to transact the business of the office is not a county charge. Woodward v. Board Commrs. Ida. Co. (1897) 5 Ida. 524; 51 Pac. 143.

Before the county commissioners are authorized to empower the sheriff to appoint a deputy, they must find that the business of the office requires the assistance of a deputy so that a necessity exists for such appointment. (Huston, C. J., dissents.) Taylor v. Canyon Co. (1899) 6 Ida. 466; 56 Pac. 168.

No other county officers than those mentioned in this section are entitled to deputies or clerks at the expense of the county. Fremont Co. v. Brandon (1899) 6 Ida. 482; 56 Pac. 264.

The authorization of an appointment of a deputy clerk and recorder by the county commissioners is not an infraction of the provisions of this section which prohibits the establishment of county officers other than those therein enumerated. Dunbar v. Canyon Co. (1899) 6 Ida. 725; 59 Pac. 536.

Salaries of deputies duly and regularly employed pursuant to authority conferred by the board of commissioners, are a county charge, but the salaries of deputies not so authorized, are not a county charge. Taylor v. Canyon Co. (1900) 7 Ida. 171; 61 Pac. 521.

Repeal: This provision was not intended to repeal Sec. 1815 of the Revised Statutes, and the Act amendatory thereof, any further than to relieve the county from the payment of all deputies' salaries except those appointed by the sheriff, auditor, recorder and clerk, when duly empowered by the board of county commissioners, and the salaries of such deputies duly fixed. *Ib.*

Same: Salaries.

Sec. 7. All county officers and deputies when allowed, shall receive, as full compensation for their services, fixed annual salaries, to be paid quarterly out of the county treasury, as other expenses are paid. All actual and necessary expenses, incurred by any county officer or deputy, in the performance of his official duties, shall be a legal charge against the county, and may be retained by him out of any fees, which may come into his hands. All fees, which may come into his hands from whatever source, over and above his actual and necessary expenses, shall be turned into the county treasury at the end of each quarter. He shall at the end of each quarter file with the clerk of the board of county commissioners, a sworn statement, accompanied by proper vouchers, showing all expenses incurred and all fees received, which must be audited by the board as other accounts.

House Joint Resolution passed March 8, 1897 (Laws 1897, 185) ratified Nov. 8, 1898.

The section prior to amendment read as follows:

Sec. 7. The officers provided by section six (6) of this article shall receive annually as compensation for their services as follows: Sheriff, not more than four thousand dollars and not less than one thousand dollars, together with such mileage as may be prescribed by law; Clerk of the District Court, who is ex officio auditor and recorder, not more than three thousand dollars, and not less than five hundred dollars; probate judge, who is ex officio county superintendent of public instruction, not more than two thousand dollars, and not less than five hundred dollars; county assessor, who is ex officio tax collector, not more than three thousand dollars and not less than five hundred dollars; county treasurer, who is ex officio public administrator, not more than one thousand dollars, and not less than three hundred dollars; coroner, not more than five hundred dollars; county surveyor, not more than one thousand dollars; county commissioners, such per diem and mileage as may be prescribed by law; and justices of the peace and constables such fees as may be prescribed by law.

Compensation to Officers: A county officer who receives greater compensation for his services than is allowed by this section, is liable to the county for the excess, and may be sued by the county therefor, although

the commissioners allowed his claim for the amount so received. *Ada Co. v. Gess* (1905) 4 Ida. 611; 43 Pac. 71.

This action as amended abrogates Laws 1891, 177, as to sheriff's mileage in criminal cases and they are entitled to no mileage therein. *Ellis v. Bingham Co.* (1900) 7 Ida. 86; 60 Pac. 79.

This section as amended abrogates ture to empower the county commissioners of the various counties of the State to fix the salaries of county officers of their respective counties, except in the matter of fixing their own salaries. The salary Act of March 7, 1899, is conformable to the provisions of this section except in so far as it authorizes the commissioners to fix their own salaries. *Stookey v. Board Commrs.* (1899) 6 Ida. 542; 57 Pac. 312.

Fees received by the county treasurer in acting as ex-officio public administrator, must be accounted for and reported to the county and cannot be retained by the officer for his personal or individual use. *In re Rice* (1906) 12 Ida. 305; 85 Pac. 1109.

Fees received by the clerk of the court in taking proof made upon government lands, and legal fees received by the probate judge in solemnizing marriages, must be paid into the county treasury. *Rhea v. Board Co. Commrs.* (1906) 12 Ida. 455; 88 Pac. 89.

Decisions Prior to Amendment: The clerk of the District Court, as such, and as auditor and recorder, cannot receive as compensation for his own use, for the performance of his duties in all these capacities, any sum in excess of \$3,000 for any one year. *Hillard v. Shoshone Co.* (1891) 3 Ida. 103; 27 Pac. 678.

The maximum compensation to be paid to the assessor and tax collector is limited by this section to \$3,000 and he can in no event receive a larger sum. *Guheen v. Curtis* (1892) 3 Ida. 443; 31 Pac. 805.

Where the probate judge acts as his own clerk, his compensation as judge, clerk and county superintendent cannot exceed more than \$2,000 for all his services in that capacity; where he appoints a clerk, he and his clerk together cannot receive more than \$2,000. *Co. of Ada v. Ryals* (1895) 4 Ida. 365; 39 Pac. 556.

The object of this section was to make county offices self-sustaining and to limit the cost of maintenance to the fees provided by law, except when such fees do not amount to the minimum salary fixed by law. *Woodward v. Board Commrs. Idaho Co.* (1897) 5 Ida. 524; 51 Pac. 143.

Same: How Paid.

Sec. 8. The compensation provided in section seven (7) for the officers therein mentioned shall be paid by fees or commissions, or both, as prescribed by law. All fees and commissions received by such officers in excess of the maximum compensation per annum provided for each in section seven (7) of this article shall be paid to the county treasurer for the use and benefit of the county. In case the fees received in any one year by any one such officer shall not amount to the minimum compensation per annum therein provided, he shall be paid by the county a sum sufficient to make his aggregate annual compensation equal to such minimum compensation.

Payment of Officers: Rev. St. Sec. 2120, providing for the payment of compensation of county officers out of the county treasury upon warrants, is in some degree repugnant to this section. *Naylor v. Vermont Loan etc. Co.* (1898) 6 Ida. 251; 55 Pac. 297.

Accountability for Fees: The fees "received" by an officer for which he must account to the county, include fees earned though not collected by the officer. *Ib.*

Salaries of Officers: Where the compensation of assessor is by statute to be paid by commissions and fees, the county commissioners exceed their power in allowing an assessor a quarterly salary, and an order made by them allowing such salary is void, and may be attacked directly or collaterally. *Fremont Co. v. Brandon* (1899) 6 Ida. 482; 56 Pac. 264.

Same: Liability for Fees.

Sec. 9. The neglect or refusal of any county officer or deputy to account for and pay into the county treasury any money received as fees or compensation, in excess of his actual and necessary expenses, incurred in the performance of his official duties, within ten days after his quarterly settlement with the county, shall be a felony, and the grade of the crime shall be embezzlement of public funds, and be punishable as provided for such offenses.

House Joint Resolution, passed March 8, 1897 (Laws 1897, 185) ratified Nov. 8, 1898.

The section prior to amendment read as follows:

Sec. 9. The neglect or refusal of any officer named in this article to account for any pay into the county treasury any money received as fees or compensation in excess of the maximum amount allowed to such officer by the provisions of this article, within forty days after the receipt of the same, shall be a felony, and the grade

of the crime shall be the embezzlement of public moneys, and be punishable as provided for such offense.

Application: This provision applies only to the liability of a derelict officer criminally, and has nothing whatever to do with the civil liability of the officer or his sureties. *Co. of Ada v. Ellis* (1897) 5 Ida. 333; 48 Pac. 1071.

Board of County Commissioners.

How Amendments May Be Proposed.

Sec. 1. Any amendment or amendments to this Constitution may be proposed in either branch of the Legislature, and if the same shall be agreed to by two-thirds of all the members of each of the two houses, voting separately, such proposed amendment or amendments shall, with the yeas and nays thereon, be entered on their journals, and it shall be the duty of the legislature to submit such amendment or amendments to the electors of the State at the next general election, and cause the same to be published without delay for at least six consecutive weeks, prior to said election, in not less than one newspaper of general circulation published in each county; and if a majority of the electors shall ratify the same, such amendment or amendments shall become a part of this Constitution.

Proposal of Amendments: An amendment to the Constitution may be proposed by joint resolution and need not be presented to the people by a formal statute. Hays v. Hays (1897) 5 Ida. 154; 47 Pac. 732.

Adoption of Amendments: Where

a majority of electors voting upon the question of amendment of the Constitution vote in favor of the amendment, the amendment is ratified, although the votes thus cast are not a majority of the votes cast at the general election for State officers. Green v. St. Board Canvassers (1896) 5 Ida. 130; 47 Pac. 259.

C. C. P. 1881, Sec. 11.

California Legislation: Same: Pol. Code 1872, Sec. 15; Deering's Code, ib.; Kerr's Code, ib.

Construction: This section does not eliminate the question of notice when required by the Constitution or stat-

utes, but is evidence of the legislative intent to authorize a majority of all deriving their powers from the Legislature to act in every matter over which they have authority, unless otherwise expressed by statute. *Ackley v. Perrin* (1905) 10 Ida. 531; 79 Pac. 192.

Historical: Rev. St. 1887, Sec. 17, rewritten by the Commissioner so as to except unexpended outstanding appropriations, if any, from the scope of the repeal, and so as to specifically enumerate the special and local acts and parts of acts preserved by these Codes. This enumeration is made without any attempt on the part of the Commissioner to determine how far these special or local acts are still in force, and they are continued in force only so far as they have not been superseded, repealed, amended or modified by subsequent legislation. Thus, for example, all the Lewiston charter amendments are included,

while many, if not all of them, are superseded by the 1907 charter. It was thought that it would be safer to continue all special and local legislation in this manner, rather than attempt to make an independent examination and determination of their present force, as the Codes are not supposed to deal with special and local legislation at all.

Sec. 288. The condition of an official bond must be that the principal will well, truly and faithfully perform all official duties then required of him by law, and also all such additional duties as may be imposed on him by any law of the State. Such bond must be signed by the principal and at least two sureties, to the full penalty of the bond. No person shall be accepted as surety on such bond unless he shall, during the year immediately preceding, have been assessed for and paid taxes, in his own right, upon property to the amount for which he has become surety.

California Legislation: Same through "sureties", line 5, rest omitted: Pol. Code 1872, Sec. 954; Deering's Code, ib.; Kerr's Code, ib.

Defective Bond: The failure of an official bond to contain all of the statutory conditions required of such bond

is no defense to an action to enforce a liability admittedly covered by the bond. *People v. Slocum* (1886) 1 Ida. 62.

Absence of Signature: The failure of the principal on an official bond to sign the same as principal does not invalidate the bond. *State v. McDonald* (1895) 4 Ida. 468; 40 Pac. 312.

Justification of Sureties.

Sec. 289. The officer whose duty it is to approve official bonds required of State, county, district or precinct officers, must not accept or approve any such bond unless each of the sureties severally

justify, before an officer authorized to administer oaths, as follows:

1. On a bond given by a State officer, that such surety is a resident and freeholder or householder within this State; and on a bond given by a county, district, or precinct officer, that such surety is a resident and freeholder or householder within such county or within an adjoining county;

2. That such surety is worth the amount for which he becomes surety over and above all his debts and liabilities in unincumbered property situated within this State, exclusive of property exempt from execution and forced sale.

Historical: Rev. St. 1887, Sec. 397. See 4 Ter. Ses. (1867) 50, Sec. 7.

California Legislation: Same except "or township" for "district or precinct," lines 2 and 7: Pol. Code 1872, Sec. 955; additional subd. as amended: Deering's Code, ib.; further amended: Kerr's Code, ib.

Cross Reference: Sufficiency of corporate sureties: Sec. 2940. Reimbursement of officers for premiums paid for official bonds: Sec. 2941.

Justification of Sureties: A compliance with this section in the matter of justification is all that is required in the first instance, but after the approval of a county officer's bond by the commissioners, they may require a further justification if, for any cause, they believe the sureties insufficient. *Gorman v. Board of Commissioners* (1874) 1 Ida. 553.

Sureties for Less Than Penal Sum.

Sec. 290. When the penal sum of any bond required to be given amounts to more than one thousand dollars the sureties may become severally liable for portions of not less than five hundred dollars thereof, making in the aggregate at least two sureties for the whole penal sum. And if any such bond becomes forfeited, an action may be brought thereon against all or any number of the obligors, and judgment entered against them, either jointly or severally, as they may be liable. The judgment must not be entered against a surety severally bound for a greater sum than that for which he is specially liable by the terms of the bond. Each surety is liable to contribution to his co-sureties in proportion to the amount for which he is liable.

Historical: Rev. St. 1887, Sec. 398. 4 Ter. Ses. (1867) 50, Sec. 8.

California Legislation: Same except "specifically" for "specially," line 10: Pol. Code 1872, Sec. 956; Deering's Code, ib.; additional sentence as amended: Kerr's Code, ib.

Liability of Sureties: Where the sureties on an official bond, containing joint and several obligations, jus-

tify in sums less than the penalty of the bond, they are, nevertheless, liable for the full penalty of the bond; the sums set opposite their respective names in the justification merely indicate the sums for which they intend to justify, and fix their liability toward each other for contribution. *People v. Slocum* (1866) 1 Ida. 62.

Custody of Official Bonds.

Sec. 291. Every officer with whom official bonds are filed must carefully keep and preserve the same, and give certified copies thereof to any person demanding the same, upon being paid the same fees as are allowed by law for certified copies of papers in other cases.

Same: Duties Subsequently Imposed.

Sec. 297. Whenever an official bond does not contain the substantial matter or conditions required by law, or there are any defects in the approval or filing thereof, it is not void so as to discharge such officer and his sureties; but they are equitably bound to the State, or a party interested, and the State or such party may, by action in any court of competent jurisdiction, suggest the defect in the bond, approval or filing, and recover the proper and equitable demand or damages from such officer and the persons who intended to become, and were, included as sureties in such bond.

Notice of Primary Election.

Sec. 372. When any political party desires to hold a primary elec-

tion in any county, city or town, it is the duty of the duly authorized committee of such political party for such county, city or town, to publish a notice in a newspaper of general circulation and of the same political affiliation, if there be one in the county, once a week for at least two consecutive weeks, the first publication of which must be at least twenty, and not over thirty, days prior to the day appointed for such primary election; also to post at least two notices, fifteen days prior to the primary election, in public places, in each voting precinct in the county, city or town. Such notices must give the date when, the hours during which, and the place where, the primary election will be held, the number of delegates each election precinct is entitled to in convention, and the offices for which candidates are to be nominated in such convention.

Historical: Laws 1903, 360, Sec. 2.

Time for Holding Election.

Sec. 373. Such primary election must be held in each voting precinct in the county, city or town, on the same Monday afternoon, commencing in the county precincts at three p. m. and continuing until six p. m., and in city or town precincts it must commence at two p. m. and continue until seven p. m.

Historical: Laws 1903, 360, Sec. 3.

Conduct of Election.

Sec. 374. When the hour for holding such primary election arrives it shall be called to order by the chairman or secretary of the precinct committee, or, in their absence, by some qualified voter of the party holding such primary election. The qualified voters present, who are members of the political party holding such primary, shall choose from their number a chairman, two clerks and two judges of election, who shall not be selected in the interest of any particular candidate or candidates before the convention for which the delegates are to be elected. Such officers of the primary may be elected by a viva voce vote, but the delegates to the convention must be elected by ballot, and each qualified voter at such primary shall have on his ballot, which may be written or printed or partly written or partly printed, as many names for delegates as such precinct is entitled to in convention: *Provided*, That if any ballot contains more names of delegates than such precinct is entitled to, such ballot shall be void, and must not be counted. Also when it shall appear that the same person casts more than one ballot, as when two or more ballots are folded together, or from other clear evidence, all such ballots are void and must not be counted.

If primary elections for more than one political party are held on the same day they must not be held in the same room, or in the same immediate locality.

Historical: Laws 1903, 360, Sec. 4.

Check List and Ballot Box May Be Borrowed.

Sec. 375. For the information and assistance of the officers of the primary election in city or town precincts, where the voters are so

numerous as not to be well known to such officers, the county committee of the political party holding such primary may borrow from the proper county custodian a check list of the voters of each of such precincts, used at the last general election, also a ballot box. When such county committee shall deem best, the provisions of this section may be applied to any precinct in the county. In any precinct where the county official ballot boxes are not available, any convenient box or receptacle may be used. Any such check list or ballot box so borrowed must be promptly returned to the proper county custodian upon the close of the primary election.

Historical: Laws 1903, 360, Sec. 5.

Persons Entitled to Vote.

Sec. 375a. Only regularly qualified voters who are entitled to vote at such primary elections are permitted to vote thereat, or to take part therein, and it is unlawful for any person who was not affiliated at the last general election with the party holding the primary, or who has not resided for at least thirty days in the election precinct where the primary election is held, to vote or to take any part in such primary election: *Provided*, That one who since the last election has become of age, may vote if otherwise qualified.

Historical: Laws 1903, 360, Sec. 6.
The words "with the party holding

the primary" are inserted to express the obvious intent of the section.

Oath of Office: Challenge of Voters.

Sec. 376. It is the duty of the chairman to administer the oath of office to the clerks and judges elected, to the effect that each will faithfully perform the duties imposed upon him by law, and one of the clerks shall thereupon administer a like oath to the chairman. When any person offering to vote is challenged, which may be done by any one qualified to vote at such primary, who shall state the ground of his challenge, or when any of the officers of the election shall suspect that any person is not qualified to vote, the chairman shall administer to such person so challenged an oath to the effect that he has resided in the election precinct for the past thirty days; that by the next general election he will have resided in the State for at least six months; that at the last general election he was affiliated with the (name the party) party; that he has not during this year voted at any other primary election; that he is in all respects qualified to vote at this primary, and shall further particularly specify in the oath the ground or challenge or objection made to such voter. The officers of election may, in addition to administering such oath, briefly, orally examine under oath any person as to his qualifications as a voter, and any one refusing to take such oath or to testify, or who, by a majority of the election officers, is found disqualified, shall not be allowed to vote. It is the duty of the clerks of the election to keep written minutes of the proceedings of such primary election. It is the duty of the judges to receive and deposit in the ballot box the ballots of the voters qualified under the provisions of this chapter, and of the clerks to enter in two alphabetical lists the names, consecutively numbered, of the voters, and, when for any cause any of

the officers of the election deems it best, the place of residence of any voter shall be placed opposite his name upon said lists. No person shall, during any calendar year, vote at the primary election of more than one political party.

Historical: Laws 1903, 360, Sec. 7. | inserted before "particularly specify" to
The words "shall further" are in- | complete the sense.

Result of Election.

Sec. 377. At the close of the election it is the duty of the judges to count the ballots and report the same to the chairman, who shall then publicly announce the result. Those persons receiving the highest number of votes, to the number of delegates allowed, shall be declared elected. Tie votes or results must be settled by lot. When it is determined who are elected delegates, they shall be furnished with proper credentials, certifying to their election, which shall be signed by the chairman and countersigned by the clerks. The officers of election must then, in the presence of any qualified voters present, carefully wrap into a package, which must be sealed, the ballots, the lists of voters, and the written minutes, which must include a statement showing the number of votes cast for each candidate for election as delegate, and deliver the same to the chairman, who shall cause such package to be duly delivered to the convention to which the delegates are accredited.

Historical: Laws 1903, 360, Sec. 8.

Delegates Not to Give Proxies.

Sec. 378. In case any delegate elected to a convention fails to appear and serve, he shall not give his proxy to any one, but the vote of such delegate must be cast by the balance of the delegation from the precinct, and if no delegate appears from the precinct, such precinct must be without any representation.

Historical: Laws 1903, 360, Sec. 9.

Delegates Fraudulently Elected to Be Denied Seats.

Sec. 379. When at any primary election such irregularities or frauds on the part of the voters, or of the officers of election, or of any other persons, shall occur, resulting in the election of delegates, which the convention to which they are elected is clearly satisfied would not have been elected had the primary been fairly and honestly conducted, the convention must deny any delegate, so fraudulently elected, a seat in the convention.

Historical: Laws 1903, 360, Sec. 10.

Penalty for Violations of Chapter.

Sec. 380. Any person voting at any primary election, when under the provisions of this chapter he is disqualified to so vote, or who falsely takes any oath or falsely testifies, or who violates any oath taken, or any officer of election who fraudulently does anything as such officer, or who fraudulently fails to perform any duty devolved upon him by this chapter, or any person who violates any of the provisions of this chapter, is guilty of a misdemeanor, and on con-

viction thereof shall be punished by a fine of not less than twenty-five dollars and not to exceed five hundred dollars, or by imprisonment for not less than thirty days nor to exceed six months, or by both such fine and imprisonment.

Historical: Laws 1903, 360, Sec. 12.

Application of Chapter.

Sec. 381. The application of this chapter to any political party, which at the last general election cast less than ten per cent of the whole number of votes cast, is optional with such party. This chapter does not prevent any political party from providing and directing that the delegates elected under the provisions of this chapter to the county convention, may select delegates to the State convention.

Any expense incurred in the enforcement of this chapter shall be borne by the political party holding the primary election.

Sec. 385. Candidates for public office may be nominated, otherwise than by convention or primary meeting, in the following manner: A certificate of nomination, containing the name of a candidate for the office to be filled, with such information as is required to be given in certificates provided for in Section 383, shall be signed by electors residing within the district or political division in and for which the officer or officers are to be elected, in the following numbers: The number of signatures, when the nomination is for a State office, shall not be less than three hundred; for the district office, or subdivision of the State including two or more counties, the number of signatures shall not be less than one hundred and fifty; for a county office, not less than fifty; and for a township, precinct or ward office, not less than ten: *Provided*, That the said signatures need not all be appended to one paper. Each elector signing a certificate shall add to his signature his place of residence and his business. Such certificates may be filed as provided for in Section 384, in the same manner and with the same effect as a certificate of nomination made by a party convention or primary meeting: *Provided*, That the registrar of each precinct or ward, as the case may be, shall certify to the Secretary of State, the county auditor, or the clerk of the municipality, as the case may be, that all the signers of such certificates are qualified electors and registered according to law for the ensuing election.

Independent Candidates: Where a petition nominating a candidate for office is signed by a sufficient number of electors and is filed in due form within the time required by law, the candidate named thereon is entitled to

have his name appear on the official ballot as an independent candidate for the office designated, but not upon the ticket of any particular party. *Phillips v. Curtis* (1894) 4 Ida. 193; 38 Pac. 405.

Same—Number of Signers: Since members of the Legislature are not officers required to be voted for by the electors of the entire State, they do not come within the class who, when nominated as independent candidates, require a petition to be signed by 300 electors. *ib.*

Same: Restrictions on Independent Nominations.

Sec. 386. No certificate of nomination shall contain the name of more than one candidate for each office to be filled. No person shall join in nominating more than one person for each office to be filled, and no person shall accept a nomination to more than one office.

Mode of Filling Vacancies.

Sec. 391. Should any person so nominated die before the printing of the tickets, or decline the nomination as in this chapter provided, or should any certificate of nomination be or become insufficient or inoperative from any cause, the vacancy or vacancies thus occasioned may be filled in the manner required for original nominations. If the original nomination was made by a party convention which had delegated to a committee the power to fill vacancies, such committee may, upon the occurring of such vacancies, proceed to fill the same. The chairman and secretary of such committee shall thereupon make and file with the proper officer a certificate setting forth the cause of the vacancy, the name of the person nominated, the office for which he was nominated, the name of the person for whom the new nominee is to be substituted, the fact that the committee was authorized to fill vacancies, and such further information as is required to be given in an original certificate of nomination. The certificate so made shall be executed in the manner prescribed for the original certificate of nomination, and shall have the same force and effect as an original certificate of nomination. When such certificate shall be filed with the Secretary of State, he shall, in certifying the nominations to the various county auditors, insert the name of the person who has thus been nominated to fill a vacancy in place of that of the original nominee. And in the event that he has already sent forth his certificate, he shall forthwith certify to the auditors of the proper counties the name and description of the person so nominated to fill a vacancy, the office he is nominated for, the party or political principle he represents, and the name of the person for whom such nominee is substituted.

Appointment of Registrars.

Sec. 393. The board of county commissioners of each county of the State must, at its regular meeting in July, next preceding each general election, appoint a registrar for each election precinct in the county, who must be a qualified elector, resident of such precinct, and otherwise a proper person and qualified to perform the duties of such office, and such registrar may hold his office until his successor is appointed and qualified. When any registrar fails to act, or the office becomes vacant, the said board, if in session, must appoint another registrar; or if said board is not in session, the chairman of the board must appoint; and should a registrar not be appointed, or from any cause, none should act, the electors may, on the second Saturday of September at one o'clock p. m. next preceding any general election to which this title is applicable, meet at the place in the precinct appointed by said board for the holding of such election, or should the board fail to appoint a place, then at the place where the last general election was held, and elect a registrar.

Historical: Laws 1890-91, 57, Sec.
40; re-enacted Laws 1899, 33, Sec. 31;
amended Laws 1903, 354, Sec. 1.

Registration Notices, Books and Supplies.

Sec. 394. The said board must, prior to the first day of August next preceding any general election, cause notice to be given for not less than fifteen days, by publication in some newspaper published in the county if there be one, otherwise by at least three notices posted up in different parts of the county, one of which must be at the court house door, giving the names and general description of election precincts, the name of the registrar for each precinct, and the time during which registration may be made, which shall be, for every general election, during each Saturday including and from the first day of September, to and including the Saturday next preceding the election. At the time of or before giving such notice, the board must furnish to each registrar two books, one to be known as the "election registrar" for the registry of qualified electors, and

the other for the registry of rejected applicants. Each of such books must be ruled and headed substantially as follows:

Number.	Name of Elector.	Dates of Registration or Dates of Rejection.	Age	Where Born.	Description of Residence.	Certificate of Naturalization. Exhibit—Yes or No.	Remarks.

At the same time the said board must furnish to the registrar the blank notices, certificates, oaths and all other blanks, books, and papers, needed and required to perform the duties of his office as such registrar.

Oath of Registrar.

Sec. 395. Before entering upon the duties of his office, each registrar must take and subscribe, before any officer authorized to administer oaths, the official oath required of all officers acting under the laws of the State of Idaho, which, when so taken and subscribed, must be by him filed with the clerk of the board of county commissioners, and said registrar may thereupon register his own name in the elector's register.

Historical: Laws 1899, 33, Sec. 33; re-enacting Laws 1890-91, 57, Sec. 42.

Registration of Voters: Elector's Oath: Check Lists.

Sec. 396. He must also, prior to the time of commencement of registration, post notices in at least three public places in different parts of his precinct, most likely to give notice to the inhabitants thereof, giving the time, days and hours during, and the place at which he will be ready to receive and hear applications for registration, and he must thereafter, on the days named by him in said notice, be at the place designated, from the hours of nine o'clock a. m. to five o'clock p. m., and from seven o'clock p. m. to nine o'clock p. m., and receive and register the names of all persons applying, who are, or will be on the day of election for which registration is made, entitled to vote thereat. He must, also, on any other day of the week, except holidays, during said time of registration, register any such elector who may find and apply to him at his place of registration, and he may, at any time or place during said time of registration, register any such elector of his precinct. He may, at any time, examine under oath any applicant as to his qualifications,

and he must examine and permit any qualified elector of his county to examine any applicant for registration, either when such applicant is not known to the registrar to be a qualified elector, or when any such qualified elector challenges such applicant and specifies his cause of challenge.

When any applicant claims to be a naturalized citizen the production by him of his certificate of naturalization is prima facie evidence of citizenship. If he cannot produce such certificate, he must state, under oath, positively, the time when, and place and court where, he was naturalized; and he must by his own, or other testimony, make it satisfactorily appear to such registrar that he has been duly naturalized and that his certificate thereof has been lost, destroyed or is beyond his control; and thereupon he must be deemed a citizen, and entitled to registration if otherwise qualified. All examinations before such registrar must be reduced to writing, when desired by such applicant, challenging elector or registrar. Such examination for any one applicant shall not exceed one-half hour, without the consent of the registrar. If any applicant refuses to answer all questions, give all information under his control, take all other oaths, and do all other acts and things required of him by law, his application must be rejected by the registrar.

The registrar must, before he registers any applicant, require him to take and subscribe the oath to be known as the "Elector's Oath," which is as follows:

ELECTOR'S OATH.

I do swear (or affirm) that I am a citizen of the United States, of the age of twenty-one years, or will be the day of A. D. 19..... (naming the date of the next succeeding election); that I have (or will have) actually resided in this State for six months, and in this county for thirty days next preceding the next ensuing election (in case of any election requiring a different time of residence so make it); that I have never been convicted of treason, felony, embezzlement of public funds, bartering or selling or offering to barter or sell my vote, or purchasing or offering to purchase the vote of another, or other infamous crime, without thereafter being restored to the rights of citizenship; that I will not commit any act in violation of the provisions in this oath contained; that I am not now registered or entitled to vote at any other place in this State; that I do regard the Constitution of the United States and the laws thereof, and the Constitution of this State and the laws thereof, as interpreted by the courts, as the supreme law of the land; (when made before a judge of election add: "and I have not previously voted at this election,") so help me God.

(Signed)

Subscribed and sworn to before me this day of
A. W. 19.....

Registrar of Precinct, County, Idaho.

When the registrar admits any one to registration he must enter, in the proper column of the "Elector's Register," the number, the name in full (except any middle name, which may be by initial),

date of registry, age, place of nativity and residence of the elector so admitted. The residence must be so described by giving the house, street, ward, or part of the precinct he resides in, that it may be easily found; also it shall be stated, if a naturalized citizen, whether or not he produced his certificate, and the registrar may, in the column of remarks, add any pertinent notes.

He must also enter the names, with statements similar to the above, of all persons who are refused registration, in the books kept for that purpose, and therein state the reason of such refusal.

During the time between the last day of registration and the day of election each registrar must prepare for his "Elector's Register" two "check lists" of all the names registered by him, arranged alphabetically according to the surname, placing on the left of the name the same number it bears in the "Elector's Register," and on the right of the column of names, a blank column in which to indicate by the word "voted" when the elector votes; said "check lists" must have a heading showing for what election it was prepared and used; they must be carefully prepared without interlineations, in legible writing or typewriting, certified and sworn to by the registrar, and, not later than the day next preceding the election, he must deliver to one of the judges of election of his precinct his "Elector's Register," and the register containing the names of those refused registration, and to each of the other two judges, who are not of the same political party, a copy of said "check lists," and such judges must, as the electors vote, write the word "voted" opposite their names in said "check lists," while the clerks of election keep the record of the electors voting as elsewhere provided in this title.

Preservation of Registrars' Papers.

Sec. 397. All persons offering to vote at any election are subject to challenge, as provided by the election laws, but registration of any elector's name is prima facie evidence of his right to vote, and no person shall vote unless he is first registered.

Each registrar, after so preparing his "check lists," must arrange the "Elector's Oaths" taken before him in the order the names of the electors who took them appear upon the "check lists," and attach them together, putting the names under each letter in a separate package; and all such oaths, certificates and written testimony taken by the registrar, and the register books of electors and persons rejected, delivered to said judges, must all be transmitted, and other election returns, to the clerk of the board of county commissioners, who must preserve the same for at least one year.

Official Election Stamp.

Sec. 402. The board of county commissioners shall, at their regular meeting in July next preceding a regular election, make provision for an official election stamp (which must bear the date and year of the election at which it is used, and the words "official ballot"), of such character or device, and of such material, as said board may select, and such official stamp must be changed at each general election and kept secret by the officers furnishing and using it, as provided by law, and no one else must know of its form or make until used according to law. It is also the duty of the county commissioners, at their regular session in July next preceding a general election, to authorize the county auditor to provide a suitable number of election tickets for the county, said tickets to be printed under the same regulations as other county printing. The tickets must be bound in book form, each book containing one hundred tickets and printed in the manner prescribed by law.

The keys must be delivered to one of the judges designated by the board.

Official Ballots to Be Provided.

Sec. 404. Except as in this title otherwise provided, it shall be the duty of the county auditor of each county to provide printed ballots for every election for public officers in which electors, or any of the electors, within the county, participate, and cause to be printed in the ballot the name of every candidate whose name has been certified to or filed with the county auditor in the manner provided for in this title. Ballots, other than those printed by the respective county auditors, according to the provisions of this title, shall not be cast or counted in any election. Nothing in this title contained shall prevent any voter from writing on his ticket the name of any person for whom he desires to vote for an office, and such vote shall be counted the same as if printed upon the ballot and marked by the voter. The voter may place a cross (X) opposite the name he has written, but his having written the name of his choice is sufficient evidence that such is the person for whom he desires to vote. Elections for school district officers are excepted from the provisions of this section. In all municipal elections the duties specified in this section as devolving on the county auditor shall devolve on the municipal clerk.

Duties of Auditor: A county auditor in preparing official ballots acts ministerially only, and must place up-

on the ballot in the proper column the names of the candidates whose nominations have been duly certified to him; he cannot reject the name of any nominee on the ground that he is ineligible to the office for which he is nominated. *Miller v. Davenport* (1902) 8 Ida. 593; 70 Pac. 610.

Form and Contents of Ballots.

Sec. 405. All election ballots prepared under the provisions of this title for the election of candidates for office shall be white in color, and of good quality of printing paper, and the name shall be printed thereon in black ink.

Every ballot shall contain thereon the names of every candidate whose nomination for any office specified in the ballot has been certified or filed according to the provisions of this title, but no name shall appear thereon more than once.

The ballot shall be of sufficient size to contain the names of all the candidates and questions to be voted on, exclusive of the stub or counterfoil. The width of the stub or counterfoil shall be two inches, and of the same length as the ballot. Each stub shall be consecutively numbered, beginning with number one; the ballot and stub being connected by a perforated line.

The width of the ballot must be divided into equal perpendicular spaces, one for each political party represented by the different opposing candidates, in which the tickets of the different parties must be printed, and one similar in which only the names of the different offices to be filled at the election shall be printed, and below which the voter may write the names of the persons he wishes to vote for. These perpendicular spaces, or party tickets, must each be surrounded by very heavy leaded lines, and between each space, or party ticket, there must be a blank space of at least one inch. At the top of each of said spaces, or party tickets, must be left a space wherein must be printed any emblem which the several political parties may, through their several state conventions, respectively select, and at the same time that the officers of such convention certify to the Secretary of State the names of the persons nominated by such conventions, they shall also certify to him such emblem, which the Secretary of State must certify to the several county auditors, when he certifies to them the names of the candidates for the State offices: *Provided, however,* That no political party may use the national flag as its emblem, nor the emblem already adopted by any other political party. Immediately below the emblem or the space therefor, the caption or name of the political party must be printed on one straight line and in a size of type not smaller than long primer. Immediately below the middle of such caption or name, must be printed a circle at least three-fourths of an inch in diameter, within which the voter may place a cross (X), and thereby he votes, and his vote must be counted for all the candidates named in that perpendicular space, or party ticket, except such as he shall erase by drawing lines through the names of those he does not wish to vote for. Immediately below the circle above named must be drawn a horizontal line, below which must be printed the names of the offices, to be printed in small capitals, and the names of the candidates therefor in not smaller than long primer capitals.

When a President and Vice President of the United States are to be elected, the name of the office and the names of the candidates for electors must be printed in like type as directed for other offices and candidates, immediately below the last named horizontal line. The name of each office and the candidate therefor must be included in one space, but separated from other offices and candidates by horizontal lines. To the right of names of the offices and candidates must be a light ruled perpendicular line, within which, and opposite the name of each candidate, must be printed a circle one-half inch in diameter, within which, if the voter places a cross (X) his vote must be counted for the candidate whose name is thus marked: *Provided,* That if he has placed a cross in the large circle at the head of the ticket, his cross opposite the name of the candidate in any other ticket must not be counted unless he has erased the name of any opposing candidate in the ticket in which he placed his cross (X) in the large circle. The voter may, instead of placing a cross in the large circle, vote only for such candidates as he desires, by placing a cross on the right of their names in the small circle, or by writing in the blank ticket the names of the persons he desires to vote for, and placing a cross on the right of their names in the circle. one-half inch in diameter must be placed in the blank perpendicular space on the ballot, for the name of each candidate who may be therein voted for. All the names of the several like offices and the several opposing candidates therefor must be placed on the same horizontal straight line. On the ballot, in aid of the voter, may be placed such words or explanations as "Vote for one," "Vote for three," "Yes," "No," and the like. The same margin must be left above and below the printed matter. The face of the ballot and the stub thereof must be in substantially the following form:

(See accompanying form.)

At the general elections held in this State nothing shall be placed on the main ballots excepting the names of the different tickets, the emblems, if any, of the different parties, the names of candidates for the different offices on the several party tickets, and the circles as herein provided for.

When a constitutional amendment is to be submitted to a vote of the people the question shall be printed on a separate ballot on pink colored paper, and this colored paper shall not be used in printing ballots referring to any other questions than those of constitutional amendment: *Provided*, That if more than one constitutional amendment is to be voted on at any election they shall all be printed on one ballot.

All other questions to be submitted to the votes of the people, excepting constitutional amendments and county seat or boundary questions shall be printed on separate ballots, on light blue colored paper: *Provided*, That if more than one question is to be submitted at any election they shall all be printed on one ballot.

The county auditors of each county in the State shall cause such separate ballots to be printed and furnished for each precinct in their respective counties at all general elections, the ballots to be prepared as follows:

The ballots shall be seven inches wide and shall be attached to a stub or counterfoil two inches wide by a perforated line. At the top of the pink colored ballots shall be the words "Constitutional Amendment" or "Constitutional Amendments," as the case may be, and at the top of the blue colored ballots shall be the words "Other Question" or "Other Questions," as the case may be. Below these words, and one-half inch from the upper margin, on each ballot, a line shall be printed reaching the full width thereof. From a point one inch from the right end of this line, a perpendicular line shall be printed reaching to the lower margin of the ballot. In the space to the left of this perpendicular line shall be printed the question to be submitted to the vote of the people as now required by law. In the space to the right of this perpendicular line two circles each one-half inch in diameter shall be printed, one above the other with the word "Yes" to the left of the upper circle, and the word "No" to the left of the lower circle. The voter may place a cross (X) within one of these circles and thereby he votes. Should two or more questions be submitted to a vote on the same ballot, they shall be separated from each other by a printed line running the full width of the ballot, and two circles as provided above shall be printed in the space to the right of each question. The ballot shall be of sufficient

length to contain all questions submitted, printed in long primer type. The stubs or counterfoil shall contain the name of the county, the date of the election, and shall be numbered consecutively from one upwards for each separate precinct in the county.

Party Tickets: Only one ticket under the recognized name or designa-

tion of a political party is entitled to be placed upon the official ballot. Williams v. Lewis (1898) 6 Ida. 184; 54 Pac. 619.

Same—Determination of Conflict: Where contention arises between two conventions of the same party as to which is entitled to have the ticket nominated by it placed upon the official ballot under the recognized party name, the question will be decided in favor of the ticket nominated by the convention called by the regular State Central Committee of the party. Same: Submission of Special Questions.

Sec. 406. Whenever the Secretary of State has duly certified to the county auditor any question to be submitted to a vote of the people, the county auditor shall have a separate ballot printed therefor in the form prescribed by the preceding section for such question. The county auditor shall also prepare the necessary tickets whenever any question is required by law to be submitted to the vote of the electors of any locality, and not to the State generally: *Provided, however,* That in all questions submitted to the voters of a municipal corporation alone, it shall be the duty of the municipal clerk to provide the necessary tickets.

Historical: Laws 1899, 33, Sec. 49; re-enacting Laws 1890-91, 57, Sec. 58. to vote upon the question so presented in the manner as in this act provided", to conform to the requirement of separate ballots prescribed by the preceding section as amended in 1905. In the 1899 law special questions were required to be printed on the regular ballots.

Same: Errors and Omissions.

Sec. 407. Whenever it shall appear by affidavit that an error or omission has occurred in the publication of the names or descriptions of the candidates nominated for office, or in the printing of the tickets, the probate court of the county may, upon application of any elector, by order, require the county auditor or municipal clerk to correct such error, or to show cause why such error should not be corrected.

Sec. 408. No ballot must be used or counted at any election except the legal ballot printed by the county auditor, or, in the case of municipal elections, by the clerk of the municipality, and distributed accord-

ing to law by the distributing clerk within the polling place. And no ticket must be distributed by the distributing clerk, or permitted to be used by the election officers, which has any mark or thing on the back or outside thereof whereby it might be distinguished from any other ballot legally used on the same day. No ballot or ticket printed in imitation of the legal ticket furnished by the county auditor, or, in the case of municipal elections, by the clerk of the municipality, according to law, shall be circulated on the day of election, or brought into the polling place, and no elector shall be permitted to vote any other ballot than the one he received from the distributing clerk.

The county auditor of each county, and the several city clerks in case of a municipal election, shall furnish four such cards to the judges of election in each election precinct, and one additional card for each fifty registered electors or fractional part thereof, at the same time and in the same manner as the printed tickets. The judges of election shall post not less than one of such cards in each place or compartment provided for the preparation of tickets, and not less than three of such cards elsewhere in and about the polling places, upon the day of election. Sec. 423. An elector desiring to vote shall give his name and, if requested to do so, his residence, to one of the clerks of election, who shall thereupon announce the same in a loud and distinct tone of voice, clear and audible, and if such name is found on the check list by the election officer having charge thereof, he shall likewise repeat the said name, and the voter shall be allowed to enter the space enclosed by the guard rail as hereinbefore provided. The distributing

clerk shall give him one, and only one, ticket, and his name shall be immediately checked on said list by placing a mark on the registry list to denote that he has received a ticket, and the ticket must be stamped on the back and near the top of the ticket with the official stamp by the distributing clerk, and thereupon delivered to the elector. Besides the election officers, not more than one voter, in excess of the voting shelves or compartments provided, shall be allowed in said enclosed space at one time.

Historical: Laws 1899, 33, Sec. 68;
re-enacting Laws 1890-91, 57, Sec. 77.

Manner of Voting.

Sec. 424. On receipt of his ticket, the voter shall forthwith and without leaving the enclosed space, retire alone to one of the voting shelves or compartments so provided, and shall prepare his ticket by marking in the appropriate margin, or place a cross (X) opposite the name of the candidate of his choice for each office to be filled, or in the circle provided therefor at the head of the several party tickets, or by filling in or writing the name of the person for whom he wishes to vote in the blank space provided therefor in the column or division of the ticket for that purpose provided, and marking a cross (X) opposite thereto; and in case of a question submitted to a vote of the people, by marking in the appropriate margin or place a cross (X) against the answer which he desires to give. Before leaving the voting shelf or compartment the voter shall fold his ticket without displaying the marks thereon, and so as to expose the impression of the official stamp on the back, and he shall keep the same so folded until he has voted. He shall then hand his ballot to one of the judges and announce his name. He shall mark his ticket or ballot without delay and shall quit said enclosed space as soon as he has voted.

No such voter shall be allowed to occupy a voting shelf or compartment already occupied by another, nor to remain within said enclosed space more than ten minutes, nor to occupy a voting shelf or compartment more than five minutes in case all of such shelves or compartments are in use and other voters are waiting to occupy the same. No voter, not an election officer, whose name has been checked on the list of the election officers, shall be allowed to re-enter said enclosed space during said election. It shall be the duty of the judges for the time being to secure the observance of the provisions of this section: *Provided*, That if any registered elector, who is blind or otherwise disqualified by reason of physical infirmities rendering such voter incapable of personally marking his ballot, desires to vote, then and in that case, any two of the judges not of the same political party may, at the request of such elector, mark and prepare his ballot for him, placing an (X) mark in the proper place and opposite the names of the candidates for whom such elector desires to vote. When the ballot so marked by the judges is properly prepared and folded it shall be given to the elector, who shall deliver it to the proper judge to be deposited in the ballot box, as in other cases. The judges assisting any such physically incapacitated elector in the preparation of his ballot, must not influence or attempt to influence such voter

in the selection of candidates to be voted for, and any judge who has assisted any such elector, who shall divulge to any person the name of any candidate for whom such elector voted, shall be guilty of a misdemeanor.

Historical: Laws 1899, 33, Sec. 69; re-enacting Laws 1890-91, 57, Sec. 78; amended Laws 1895, 91, Sec. 4. The clause "or in the circle provided therefor at the head of the several party tickets" is added to con-

Spoiled Ballots.

Sec. 425. No person shall take or remove any ticket from the polling place before the close of the polls. If an elector inadvertently or by mistake spoils a ticket, he shall return it folded to the distributing clerk, who must, if satisfied of such inadvertence, give him another ticket. The ticket thus returned shall, without examination, be immediately canceled by writing across the back, or outside of the ticket as folded, the words "Spoiled ticket, another issued," and deposit the defaced ticket in a box provided for that purpose. And no one shall be allowed within the guard rails of the polling place, except the election officers duly appointed, together with the number of voters, as provided in this chapter.

If the person be challenged on the ground that he has not resided in the county thirty days, one of the judges shall question him as to his residence in the county, precinct or ward in a manner similar to the before-mentioned method of questioning a person as to his residence in this State.

If the person be challenged as unqualified on the ground that he is not twenty-one years of age, the judges, or one of them, shall put the following question: Are you twenty-one years of age, to the best of your knowledge and belief. The board of county commissioners, the auditor acting as clerk, in the several counties, must act as a board of canvassers of elections and must on the tenth day of after any general or special election, or sooner, if all the returns be received, and any two of the commissioners are present, proceed publicly, at their office, to open the returns and canvass the votes of said election, and make up abstracts thereof; and it is their duty to canvass and make up abstracts of all returns that are intelligible on their face and which are sufficiently authenticated to show what returns they are; and if any returns are rejected on account of informality, ambiguity or uncertainty—and none must be rejected for other causes—then it is

the duty of the board to deliver the returns so rejected to the sheriff of the county, who must proceed at once to summon and call together the board of judges of election of the precinct from which said returns were received, and inform them that such return has been rejected; and it is the duty of such board of judges to meet publicly, at the place where the election was held in their precinct, immediately after receiving such notice, and at once proceed to put said return in due form and certify to the same; and for the purpose of so doing they may have the ballot box brought in and opened in their presence and the contents thereof inspected, and when said returns have been duly corrected they must be delivered into the hands of the sheriff, and the board of canvassers may adjourn, to await the correction of said returns for the period of not more than five days at one time, nor more than ten days in all. When said canvass is completed the abstracts must be made up and signed by the board. The abstracts shall be made out in the following manner:

George* (1892) 3 Ida. 456; 31 Pac. 809.

Petition for Removal.

Sec. 467. Public notice shall be given of the intention to circulate a petition praying for the removal of the county seat of any county from its then present location to some other point within said county, and in said petition designated, at least ten days before the same is circulated, by publication in some newspaper printed in the county (if there be one), and by posting three printed notices in three public places at the county seat, and a like number at the place to which the county seat is proposed to be removed, in which notices the intent of said petition shall be set forth; and all signers to such petition or petitions shall be void and stricken from such petition if procured six months before the first day of the term of court at which the application is to be made; and whenever such petition or petitions, addressed to the District Court of such county, and stating the time when such election shall be held, shall be signed by a number of legal voters of said county, equal in number to a majority of all votes cast at the last general election therein, and shall be filed in the office of the clerk of the District Court of said county, not less than twenty nor more than forty days before the first day of the term of said court next preceding the next general election, unless said term commences after the first day of October, then, in such case, the next preceding term. Such petition shall be deemed a proposal to remove the county seat of such county, and the point designated in said petition shall be deemed and taken as fixed by said petition, in pursuance of law, whenever the court shall order an election to such point as hereinafter provided, as the point to which it is proposed to remove the county seat of such county.

Qualification of Signers: The signers of the petition for the removal of a county seat need not be registered voters, but merely persons who are qualified to register as voters. *Wilson v. Bartlett* (1900) 7 Ida. 271; 62 Pac. 416.

Same—Determination of Qualifications: When a petition is presented to a court for the removal of a county seat and all the signers of said petition state over their signatures that

they are qualified electors of such county, the petitioners make a prima facie case, and no further evidence of the qualifications of such signers is required unless a contestant appears as provided by law, and enters his contest. If specifications in contestant's affidavit raise no valid objection to the qualifications of any of the signers of the petition, the court is justified in finding, without further proof, that all of the signers of said petition are qualified electors. *Ib.*

Same: How Signed.

Sec. 468. Each petitioner signing such petition shall write, or cause to be written, opposite to his name on said petition, the name of the city and ward in which he then resides, if he resides in a city; or, if he does not reside in a city, then the name of the precinct in

Contesting Right to Sign Petition.

Sec. 470. Any citizen and legal voter at general elections in said county may contest the right of any person whose name is subscribed to said petition, to sign such petition under this chapter, and shall have the right to contest said petition as to any names subscribed thereto that he shall have good reason to believe are fictitious: *Provided*, He shall, ten days before the first day of the term of said court, file in the office of the clerk of the District Court of such county, a list of the names of the persons whose right to sign said petition he is desirous of contesting, together with his affidavit indorsed thereon, that he has good reason to believe, and does verily believe that such persons named in said list are not legal voters of such county and had no right in law to sign such petition; and shall also file in the office of said clerk, ten days before said term of said court, a list of such names as he has reason to believe are fictitious, together with his affidavit, that he has good reason to believe, and does verily believe, that such names are fictitious; and such persons shall have the right to contest such petitions only as to the names included in said lists.

re-enacting Laws 1890-91, 57, Sec. 122.

Affidavit of Contest: The affidavit of a contestant in a county seat removal case, must show that the list of names that he desires to contest, if stricken from the petition, would reduce the

number of names on the petition to less than the number required by law to be on such petition; if it does not, the trial court ought to deny the contest and strike the affidavit from its files. *Wilson v. Bartlett* (1900) 7 Ida. 271; 62 Pac. 416.

Same: Procedure in Case of Contest.

Sec. 471. It shall be the duty of said court, on the first day of and during said term of court, to hear all evidence for and against said petition or petitions as to the lists of names filed in said court under this chapter, and to strike from such petition or petitions all names proven by competent evidence to be fictitious, and the names of persons having no legal right to sign the same under this chapter. In case there shall be no contest, or if the court finds, after striking from said petition or petitions all names proven to be fictitious, and all names not legally signed thereto, that it still contains the number of names of legal voters required by this chapter, the court shall order said election according to the prayer of said petition. In case

of a contest to said petition or petitions, it shall be the duty of the clerk of said court, on request of the persons contesting any petition under the provisions of this chapter, to issue subpoenas for such witnesses as said persons shall name; and it shall be the duty of said clerk, on request of any legal voter of the county for the purpose of sustaining any petition, in like manner to issue subpoenas for such witnesses as he shall name. Said subpoenas to be made returnable to the term of court at which such contest will be made.

Historical: Laws 1899, 33, Sec. 111;
re-enacting Laws 1890-91, 57, Sec. 124.

Right of Appeal: This section was not intended to take away the right of appeal in proceedings of this kind, and by the language, "the decision of

the court shall be final," it was intended to indicate that such decision was in harmony with Section 4807 of the Revised Statutes and appealable. *Wilson v. Bartlett* (1900) 7 Ida. 269; 62 Pac. 415.

Voting for Removal of County Seat.

Sec. 473. The voting for the removal of any county seat shall be by ballot, and each ballot shall have printed or written thereon the words stated in Section 479. Such ballot shall be smaller than the general election ballots, and shall be officially stamped, and there shall be printed or written thereon the words "County Seat Ballot," and any elector who is registered, as in this title provided, and who, in addition to being qualified to vote for county officers, has resided in the county six months, and in the precinct ninety days, shall be permitted to vote for or against the removal of the county seat, by handing to one of the judges of election a county seat ballot, at the same time announcing that he is entitled to vote on the question of the removal of the county seat. Whereupon it shall be the duty of the county treasurer to withhold all moneys apportioned to the district governed by said board of trustees, until he shall have received notice from

the county superintendent that the board governing said district has fully complied with the law. All moneys that shall be finally forfeited by any district shall be put into the general school fund of the county and be apportioned as other moneys. And it shall be the duty of said treasurer to receive and hold, as special deposits, all moneys belonging to the public school fund of his county, in accordance with the provisions of this chapter, and to pay them over only on warrants of the county auditor: *Provided, further,* That the said county treasurer shall pay over to the treasurer of any independent school district organized under the provisions of this chapter, all moneys belonging to such district, upon the presentation of an order from the clerk of the board of trustees of such district, signed also by the chairman thereof, and countersigned by the county superintendent and county auditor.

School Districts Are Corporations.

Sec. 614. Each regularly organized school district in this State is hereby declared to be a body corporate by the name and style of "School District Number in the County of, State of Idaho"; and in that name the trustees may sue and be sued, hold and convey property for the use and benefit of such district, and make contracts the same as municipal corporations in this State.

Sufficiency of Contract: A contract between a teacher and a school district wherein E. is designated as the party of the first part, and "the board of trustees of school district No. 8," etc., is designated as the party of the second part, and the contract is signed by E. and the individual members of the school board whose names are

followed by the further description: "The board of trustees of School District No. 8, in and for the County of Shoshone, State of Idaho," is a sufficient compliance with this section to constitute such agreement, the contract of the school district and enforceable as such. *Ewin v. Independent School District No. 8* (1904) 10 Ida. 102; 77 Pac. 222.

New Districts and Changes in Boundaries.

Sec. 615. The board of county commissioners of the several counties of the State shall have power to create new districts from organized territory or from old districts, to change the boundaries of any district heretofore established, or to attach to one or more districts the territory included within the boundaries of any district which shall lapse by reason of failure to comply with the provisions of this chapter: *Provided*, That no district shall be formed from any territory, nor the boundaries of any district be changed, at any other time than at the regular April meetings of the board; nor at any time unless a petition for such new district or the change of boundaries is filed in the office of the county superintendent on or before the fifteenth day of the month preceding: *Provided, further*, That in no instance shall the changing of the boundaries of any organized district take effect until after the close of school in that district for that school year. If such petition is for a new district, it must set forth the boundaries of the new district asked for, and must be signed by the parents or guardians of at least ten children of school age who are residents of the proposed new district, and, if for a change of boundaries, such petition must set forth the change of the boundaries desired, and the reason for the same, and must be signed by at least two-thirds of those who are heads of families and residents of the district or districts whose boundaries are in question: *Provided, further*, That two or more districts lying contiguous, may, upon petition of a majority of the heads of families residing in each of the said districts, be united to constitute one district: *Provided, also*, That no district shall be divided for the purpose of forming a new district unless it contains an area of more than nine square miles, except on the approval of the county superintendent of schools and

by the unanimous vote of the board of county commissioners, nor shall a new district be divided if, by so doing, the remainder of the district shall be found to contain less than fifteen persons of school age; nor shall incorporated cities or towns hereafter be divided into two or more districts: *Provided, further,* That when it shall appear that a pupil living in one district cannot attend school in his or her own district because of the distance of the school house, or for any other valid reason, such pupil may attend the school in any district in the county in which his or her own district is situated, upon making the proper application to the county superintendent, which official shall be the judge of the necessity for making such change, and that district shall receive, for such pupil's tuition from such pupil's district, such an amount as the said pupil would be accredited with in his or her own district.

Notice of Proposed Changes.

Sec. 616. It shall be the duty of the county superintendent, upon receipt of any petition as herein provided for, to immediately give notice to all parties interested, by sending notice by registered mail to each of the trustees of the district to be affected by such change or changes; and by causing printed notices to be posted in at least three public places in the districts so affected, one of which shall be on the door of the school house in said district, for at least one week. Such notice must state the change or changes to be made in said district, that the said petition is on file in the office of the county superintendent, and that the same will be presented to the board of county commissioners at its next regular meeting for final action. The superintendent must transmit the said petition to the said board with his approval or disapproval, and, if he approve the same, he may note such changes in boundaries as in his judgment shall be for the best interests of all parties concerned.

Joint Districts: How Formed.

Sec. 618. A joint school district may be formed from territory belonging to two or more contiguous counties. For the purpose of organizing a joint district the same preliminary steps must be taken and the same course be pursued, as is pursued in the organization of other districts, as provided in Sections 615 and 616. Such district shall be designated as "Joint District No. of the Counties

of," and be so numbered that it shall have the same number in all the counties from which it was formed. The petition required by Section 615 shall be made to each county superintendent interested: *Provided*, That the school census, the record of attendance at school, the assessing of property, the collection of taxes, and all acts which, from their nature, shall be separately kept, shall be kept and done, and the report thereof made, as if each portion of said joint district were an entire district in the respective counties. The teacher of such joint district shall not be required to hold a certificate in both counties.

Apportionment for New Districts.

Sec. 619. All new districts formed of unorganized territory shall be entitled to their just proportion of school moneys at the next apportionment and the county superintendent shall place the same to the credit of such district: *Provided*, That in no case shall such district be entitled to use the same unless school has actually been commenced therein, and six months shall not have elapsed since the date of its organization: *Provided, further*, If any new district is organized from any part of any other organized district or districts, as provided in this chapter, the county superintendent, after having ascertained the amount of moneys belonging to said old district or districts and deducting said indebtedness and liabilities, must apportion to said new district its due per capita proportion of money or indebtedness, as the case may be, from said districts from which it may be formed. And in case of joint districts the county superintendent must apportion to such district such proportion of the school money to which such district is entitled, as the number of school children residing in that portion of the district situated in his county bears to the whole number of school census children in the whole district.

Lapsed Districts.

Sec. 620. If any school district shall, for the period of one year, fail to maintain a school for at least four school months, or keep up its organization of officers as, is required by law, or if there has been an average attendance for three consecutive months of only five pupils or less, such district shall lapse, and the money in the treasury of the county belonging thereto shall be apportioned by the county superintendent among the other districts in the same manner as other moneys are apportioned. The property of any school district that shall lapse shall be sold by the county superintendent in such manner as he shall deem best. The proceeds of such sale, after the payment of any indebtedness of said district, shall be placed to the credit of the general school fund. The territory included within the boundaries of the said school district shall, by order of the county commissioners, be attached to one or more school districts. The board of trustees shall, if necessary, levy a special tax upon all property in the district, which when added to moneys apportioned by the county superinten-

dent of schools, will be sufficient to provide funds for the maintenance of the school for five months in the year. The taxes so levied are and shall be a lien upon property taxed, the same as other taxes, and shall be collected in the same manner.

Constitution of Board of Trustees.

Sec. 621. The board of trustees of each school district consists of three members, one of whom shall be elected at each regular school election, for the term of three years, so that but one trustee shall retire in any year. Immediately after their election, they must elect from their number a chairman and a clerk.

Historical: Laws 1899, 85, Sec. 41; re-enacting Laws 1893, 187, Sec. 41. Re-written so as to omit the provision	for the first election "following the passage of this (the original) act."

Election of Trustees: Voting Special Taxes.

Sec. 622. The regular election for electing members of the board of school trustees shall be held annually in each district on the first Monday in June, at which time it shall be lawful to transact any business pertaining to schools and school interests. The clerk of said board of trustees shall cause printed or written notices to be posted, specifying the time and place of holding such election and the time during which the ballot box shall be kept open not less, however, than three hours, and further specifying at what hour other business shall be transacted. Said notices shall be posted in three public places in the district, one of which shall be the school house, if there be one, at least ten days previous to such time of election. If the clerk fail to give such notice, then any two legal voters residing in the district may give such notice over their own names, and such election may be held after the day fixed in this section, for such election. All elections shall be by ballot; the polls shall be opened by one of the board of trustees, or by any qualified elector if no trustee be present at the time specified in the notice. If no time is specified in the notice, then the polls shall be opened at one o'clock p. m. and closed at five o'clock p. m. of the same day. Said election shall be conducted as any other county elections, except that one judge and one clerk may constitute a board of election, and any trustee may administer the oath to said judge and clerk. Said judge and clerk shall make return of such election to the county superintendent immediately, which return shall be filed in the office of the county superintendent: *Provided, further,* That it shall be

lawful at such annual meeting and election on said first Monday in June, to vote upon the question of whether or not any special tax shall be levied for any purpose, such as building or repairing school houses, or for the support of public schools in the district. Said meeting may first decide the rate to be levied, not to exceed fifteen mills on the dollar of taxable property, then proceed to ballot, on which ballot shall be written or printed, "Tax Yes" or "Tax No", and none but actual resident freeholders or heads of families of said districts shall vote at such election. A separate ballot box shall be used for voting on any question of taxation or other business concerning schools and school interests from that used in voting for trustees. If a majority of the votes polled at such election are in favor of a tax, the board of trustees must immediately make such levy and certify the fact, the date thereof and the rate of tax levied, the year for which levied, and the number of the district, to the clerk of the board of county commissioners and the county assessor, but not more than one such special tax can be levied in any one year.

Historical: Laws 1893, 187, Sec. 42; re-enacted Laws 1899, 85, Sec. 42; amended Laws 1901, 217, Sec. 7; amended Laws 1903, 430, Sec. 1. A purported amendment is found on page 343 of Laws 1907. Such amendment, however, omitted, doubtless through inadvertence, the provision authorizing school districts to levy special taxes. This oversight was of such a serious nature as to induce the Commissioner to critically examine the 1907 law and as a result of such examination, together with the advice of the Attorney General's office, to omit

the 1907 amendment as unconstitutional on the ground of insufficiency of title, thus leaving the 1903 amendment in force. The title to the 1907 amendment is obviously defective in that it does not properly indicate the section proposed to be amended, and while as a rule the Commissioner has not attempted to pass independently on the constitutionality of the various sections of the Codes, the defect in this case is so obvious, and the consequences of retaining the obnoxious amendment so grave, as to require a departure from the usual rule.

Assessment and Collection of Tax.

Sec. 623. Upon receiving such statement from the trustees of any school district the assessor must assess upon all property in the district subject to taxation the tax so levied and certified to him as aforesaid; but for that purpose he is not required to take new statements from the owners of property, but his assessment of all special taxes so levied may be computed and made upon the valuation of property as fixed by the board of equalization for State and county purposes, and as appears upon the assessment roll in the same year; said special taxes so levied as aforesaid shall become a lien upon the property so assessed from the date of assessment, and shall be due and payable at the same time as State and county taxes, and in all respects are to be collected in the same way, except that the assessor must keep a separate list or assessment roll thereof, and when paid must be named in his receipt to the taxpayer as a separate item, and he must pay them to the county treasurer as he pays other taxes; but at the time of payment he must specify to the treasurer what taxes they are, and take a separate receipt therefor and keep separate accounts thereof. The board of county commissioners shall furnish the assessor with such blanks as are needed to comply with the provisions hereof. The provisions of this and the preceding sections for the levy and collection of taxes shall not apply to independent districts now established, which have special laws for the collection of school taxes.

General Duties of Trustees.

Sec. 625. It shall be the duty of the trustees of each district to employ teachers on written contract, but before such contract can be legally signed it shall be the duty of the teacher to exhibit his or her certificate to the board of trustees, and it shall be the duty of the trustees to file a copy of such contract with the county superintendent; to fix, allow and order paid the salaries and compensation of such teachers, and to discharge the same; to fix the compensation of the clerk of the board, and to determine the rate of tuition of non-resident pupils: *Provided*, That any pupil or pupils of the eighth grade or of high school qualifications of any district, shall be eligible to attend any high school within his county without paying tuition, but the county superintendent shall transfer from the district to which said pupil or pupils belong, to the district holding the high school attended, a sum of money bearing the same proportion to the amount of money received by the district during the year, as said pupil or pupils bear to the total school census of the district in which said pupil or pupils belong. The trustees shall have power to discharge any teacher for neglect of duty, or for any cause that, in their opinion, renders the services of such teacher unprofitable to the district; but no teacher shall be discharged before the end of his or her term without a reasonable hearing. The trustees may not contract to compel teachers to make up time while attending any annual county or joint institute. Any two of such trustees shall constitute a quorum for the transaction of business.

The trustees shall have charge of all school property in their district and shall have the power to receive in trust all real estate or other property conveyed to said school district; and to convey by deed, duly executed and delivered, all the estate or interest of their district in any school house or site directed to be sold by vote of their district. All conveyances made to said board must be made in their corporate name, to-wit: "To trustees of School District No. County State of Idaho." Said trustees have further power, when directed by a vote of their district, to build or remove school houses, to purchase, receive, hold and convey real and personal property for school purposes, and to hold, purchase and repair school houses and to supply the same with necessary furniture and to fix the location of school houses: *Provided*, That a school house already built shall not be removed, nor a new site for a school house be designated, except when directed by a two-thirds vote of the electors of said district at an election held for that purpose, which election may be a special or general school election: *Provided*, That no

trustee shall be pecuniarily interested in any contract made by the board of trustees, of which he is a member, and any contract made in violation of this section is null and void.

The trustees of the respective districts must furnish all things, not herein provided for, necessary for the comfort and use of their district, such as janitor service, fuel, improvements, maps and apparatus, and library, and for such purpose may audit and allow accounts against the school fund of their district, not to exceed twenty-five per cent of the amount of such school fund in any one year.

At least three per cent of the moneys annually appropriated to any district shall be applied by the trustees for the maintenance of a school library, selections of books for which shall be made from a list of books furnished to each district and compiled by the State Board of Education. The board of trustees shall keep the library in a suitable case at the school house; shall keep a list of all books in the library; loan the books to pupils and patrons within the district for a period not to exceed four weeks at any one time; hold patrons, parents or guardians to strict accountability for books loaned, requiring them to replace the same in event of loss, or spoilation; report to the county superintendent the number of books purchased during the year, the number of books lost and other information required by the county superintendent, and for the further good of the library shall make all needed rules and regulations: *Provided further*, That the trustees shall not draw an order for a warrant in excess of the amount to the credit of the district at the time the order is given.

It shall be the duty of the clerk of the board of trustees of each district to keep a record of the transactions of his district in a book furnished by the county superintendent, the form of which shall be prescribed by the State Superintendent; said record so kept must show all the data and information required in said books to be shown by the forms thereof; and the trustees of each district must make a full report in writing annually, on the first day of September, to the county superintendent of their county, on blanks furnished, which shall be exact copies of the pages of the book herein required to be kept, together with such matters pertaining to schools as may be required of them by the State Superintendent.

It is the duty of the trustees of the respective districts, on receiving a report from any teacher of the disorderly conduct of any pupil, to decide how said insubordinate pupil shall be punished, or whether he or she shall be dismissed from school, and the teacher must enforce the decision so made.

The clerk of the board of trustees must, on the first Tuesday of September of each year, proceed to enumerate the children of school age in his district, and he must not enumerate any except bona fide residents thereof, and the board of trustees must cause a true and certified copy of said census to be transmitted to the county superintendent. School age, as herein used, is defined as applying to all persons between the ages of six and twenty-one years. For said services said clerk shall be allowed, as full compensation therefor, five cents for each child so enumerated, and the chairman of the board of trustees shall draw his order upon the county auditor, which

must be countersigned by at least one other member of the board of said district, for the amount so allowed, and it must be charged against and paid out of the fund of said district.

Trustees Must Qualify: To Provide Flag.

Sec. 626. Trustees must qualify within fifteen days after receiving notice of their election by taking the official oath, which oath may be administered by either of the other trustees or retiring trustee, and such oath shall be subscribed and filed in the office of the county superintendent.

It shall be the duty of the trustees of every school district in the State of Idaho to cause to be erected, and to keep in repair, upon all public school houses, or within the school house grounds surrounding such public school building, which may be in their respective school district, a good and sufficient flag staff or pole, together with all necessary adjustments, and they shall provide a United States flag of not less than four by eight feet in size, which shall be floated from such flag staff or pole during the school hours of such days as the trustees and teacher may determine: *Provided*, That the flag shall not be hoisted on any school building during any day when a violent storm or inclement weather would destroy or materially injure such flag. The flag used by any and all such school districts, as provided for in this section, shall be paid for out of the current expense fund of said district. The flags for use of public school buildings are hereby declared to be necessary supplies and are to be so paid for out of the aforesaid fund. Any person or persons who shall wilfully injure, deface, or destroy any flag, flag staff or pole, or adjustment attached thereto, erected and arranged for the purpose of carrying out the requirements of this section, shall be deemed guilty of a misdemeanor, and upon conviction shall be fined not less than five dollars, nor more than fifteen dollars.

633. Same: At government free schools.	636. Same: Penalty.
634. Demand for attendance of children.	637. Same: Disposition of fine.

Note: The sections of this article from 633 to 637 inclusive, relating to compulsory attendance at government free schools, were enacted in 1901 with particular reference to a school established by the government on the then Lemhi Indian Reservation, which has since been abandoned. Consequently those sections have no present value or effect, but in view of their general language and theoretical application to any school complying with the conditions therein named, the Commissioner felt that he had no authority to omit them. It should be remembered, however, that the compulsory school law as practically administered is found in the first section of this article, and in Sec. 8336 of the Penal Code, and not in these Secs. 633 to 637.

Compulsory Attendance on District Schools.

Sec. 632. Every parent, guardian or other person in the State of Idaho, having control of a child or children between the ages of eight and fourteen years, shall be required to send such child or children to a public school for a period of twelve weeks in each school year, at least eight weeks of which shall be consecutive, unless such child or children are excused from such attendance by the board of school trustees of the school district in which such parents or guardians reside, upon it being shown to their satisfaction that the bodily or mental condition of such children has been such as to prevent his, her or their attendance at school, or application at study for the period

required, or that such child or children are taught in a private school or at home, in such branches as are usually taught in a primary school, or have already acquired the ordinary branches of learning taught in the public schools: *Provided*, In case a public school shall not be taught for a period of twelve weeks, during the year, within three miles by the nearest traveled road of the residence of any such parent or guardian within the school district, he or she shall not be liable to the provisions of this article.

First. It shall be the duty of the board of school trustees of each district in this State, on or before the first Monday in September in each year, to furnish the principal in each public school in such district with a list of all the children in the school district between the ages of eight and fourteen years, said list to be taken from the report of the school census marshal. Any board of trustees failing to comply with this provision shall be liable to a fine of not less than five dollars nor more than ten dollars for a first offense, and not less than ten dollars nor more than thirty dollars for a second offense.

At the beginning of each school month thereafter it shall be the duty of the principal of each school in such district to report, to the board of trustees and to the county superintendent, the names of all children between the ages of eight and fourteen who failed to attend school during the previous school month. It shall be the duty of the county superintendent to refuse to countersign the teachers' warrants until such reports are made as herein provided. When it shall appear, at the expiration of three school months, to the board of trustees, that any parent, guardian or other person having charge or control of any child or children, shall have failed to comply with the provisions of this section, the board shall cause demand to be made upon such parent, guardian or other person, for the amount of the penalty hereinafter provided, and if such parent, guardian or other person shall neglect or refuse to pay the same within five days after the making of such demand, the board shall commence proceedings in the name of the school district for the recovery of the fine hereinafter provided, before any court having jurisdiction: *Provided*, That nothing in this subdivision shall apply to any child or children, who are actually and necessarily compelled to labor for the support of a parent or parents.

Any parent, guardian or other person having control or charge of any child or children, failing to comply with the provisions of this section, shall be liable to a fine of not less than five dollars, nor more than twenty-five dollars, for the first offense, nor less than ten dollars nor more than fifty dollars for the second and each subsequent offense, besides the cost of collection.

Third. All fines collected under the provisions of this section shall be paid into the county treasury, the same to be placed to the credit of the school district collecting the same.

Fourth. The board of school trustees in each district shall cause to be posted annually, in three public places in the district, notices of the requirements and penalties of this law.

Code 1872, Sec. 2389; Deering's Code, ib.; Kerr's Code, ib.

Reclamation by Owner.

Sec. 868. Whenever any timber drifts upon any island in any of the waters of this State, or upon the bank of any such waters, the owner of the timber may remove it on paying or tendering to the owner or occupant of the land the amount of the damages which he has sustained by reason thereof, and which may accrue in its removal; and if the parties cannot agree as to the amount of such damages, either party may have the same appraised by two disinterested citizens of the county, who may hear the proofs and determine the same at the expense of the owner of the timber.

Historical: Rev. St. 1887, Sec. 835.
 See 13 Ter. Ses. (1885) 177, Sec. 6.

Construction of Dam: This section prohibits the construction of any dam or boom, on any creek or river, which

will unreasonably delay or hinder the passage of floating timber down the same. *Potlatch Lbr. Co. v. Peterson* (1906) 12 Ida. 769; 68 Pac. 426.

Booms and Weirs Are Nuisances.

Sec. 873. Any boom or weir in or over any creek or river so constructed as to prevent the passage of logs or lumber, is a public nuisance, which may be abated unless a suitable sluiceway, lock or passage be made thereon, within thirty days after written notice given by any person interested, and any person owning, holding or occupying such boom or weir is liable to pay five dollars for every day the same remains in or over said creek or river, after thirty days' notice to remove the same, and is liable for any damages sustained by individuals by reason of said boom or weir.

ENUMERATION OF HIGHWAYS.

Section

874. Highways defined.
875. Recorded and worked highways.

Section

876. Abandonment of highways.
877. Record of highway proceedings.

Highways Defined.

Sec. 874 Highways are roads, streets or alleys, and bridges, laid out or erected by the public, or if laid out or erected by others, dedicated or abandoned to the public.

Historical: Rev. St. 1887, Sec. 850.

California Legislation: Same: Pol. Code, 1872, Sec. 2618; similar: Deering's Code, ib.; Kerr's Code, ib.

Unauthorized Dedication: A private

land owner has no power to dedicate to the public any portion of the railroad's right of way. *Palmer v. Northern Pac. Ry. Co.* (1905) 11 Ida. 583; 83 Pac. 947.

Recorded and Worked Highways.

Sec. 875. Roads laid out and recorded as highways, by order of the board of commissioners, and all roads used as such for a period of five years, provided the latter shall have been worked and kept up at the expense of the public, or located and recorded by order of the board of commissioners, are highways. Whenever any corporation owning a toll bridge, or a turnpike, plank, or common wagon road is dissolved, or discontinues the road or bridge, or has expired by limitation, the bridge or road becomes a highway.

Historical: Rev. St. 1887, Sec. 851; amended Laws 1893, 12, Sec. 1; re-enacted Laws 1899, 168, Sec. 2.

Highways by Prescription: A highway by prescription exists by virtue of user and not on the theory of a grant or dedication. Thus it may be acquired over open and uninclosed land although the owner has no desire to use the land over which the same runs. *Gross v. McNutt* (1895) 4 Ida. 300; 38 Pac. 936.

Same—Necessity of Work: Under this section, prior to the amendment of 1893, roads used as such for a period of five years were highways, but subsequent to the amendment, five years' use and work by the proper

authorities is required to constitute a public highway by prescription. *Town of Juliaetta v. Smith* (1906) 12 Ida. 288; 85 Pac. 923. It is not necessary that a highway be worked throughout its entire length at public expense to become a highway by prescription; it need not be worked at places where there is no necessity for working it. *Gross v. McNutt* (1894) 4 Ida. 286; 38 Pac. 935. A road cannot be deemed a public highway by user where it was constructed and kept in repair by a private land owner who maintained a gate across the same. *Palmer v. Northern Pac. Ry. Co.* (1905) 11 Ida. 583; 83 Pac. 947.

Abandonment of Highways.

Sec. 876. A road not worked or used for the period of five years ceases to be a highway for any purpose whatever.

Historical: Rev. St. 1887, Sec. 852.

California Legislation: Same: Pol. Code 1872, Sec. 2620; see Deering's Code, Sec. 2619; Kerr's Code, ib.

Cited: Gross v. McNutt (1895) 4 Ida. 300; 38 Pac. 936.

Record of Highway Proceedings.

Sec. 877. The clerk of the board of commissioners must keep a book in which must be recorded separately all proceedings of the board relative to each road district, including orders laying out, altering and opening roads; and in a separate book a description of each road district, its overseers, its roads, highways, contracts, and all other matters pertaining thereto.

Historical: Rev. St. 1887, Sec. 853.

California Legislation: Same except "supervisors" for "commissoners,"

line 1: Pol. Code 1872, Sec. 2621; see Deering's Code, Sec. 2622; Kerr's Code, ib.

Section.

880. Owners may plant trees.

881. Corporations may lay tracks and water mains.

Public Acquires Only an Easement.

Sec. 878. By taking or accepting land for a highway, the public acquires only the right of way and the incidents necessary to enjoying and maintaining it. All trees within the highway, except only such as are requisite to make or repair the road or bridges on the same land, are for the use of the owner or occupant of the land.

Historical: Rev. St. 1887, Sec. 860.

California Legislation: Same except the words "subject to the regulations in this and the Civil Code provided" added to first sentence: Pol. Code

1872, Sec. 2631; similar: Deering's Code, ib.; Kerr's Code, ib.

Cross Reference: Abutting owner is presumed to own to the center of the way: Sec. 3091.

Construction of Sidewalks.

Sec. 879. Any owner or occupant of land may construct a sidewalk on the highway along the line of his land, subject, however, to the authority conferred by law on the board of commissioners and the overseers of highways; and any person using such sidewalk with horse or team without permission of the owner, is liable to such owner or occupant in the sum of five dollars for each trespass, and for all damages suffered thereby.

Historical: Rev. St. 1887, Sec. 861.

California Legislation: Same except "supervisors" for "commissioners,"

line 3; Pol. Code 1872, Sec. 2632; similar: Deering's Code, ib.; Kerr's Code, ib.

Owners May Plant Trees.

Sec. 880. Any owner or occupant of land adjoining a highway not less than three rods wide, may plant trees on the side contiguous to his land. They must be set in regular rows, at a distance of at least six feet from each other and not more than six feet from the boundary of the highway. If the highway is more than six rods wide, the row must not be less than six nor more than twelve feet from the boundary of the highway. Whoever injures any of them

is liable to the owner or to the occupant for the damage which is thereby sustained.

Historical: Rev. St. 1887, Sec. 862.
California Legislation: Same: Pol. Code 1872, Sec. 2633; similar: Deer-

ing's Code, ib.; similar as amended: Kerr's Code, ib.

Corporations May Lay Tracks and Water Mains.

Sec. 881. Every gas, water, or railroad corporation has power to lay conductors and tracks through the public ways and squares in any city, village, or town when it is established, with the consent of the municipal authorities thereof, and under such reasonable regulations, and for such compensation, as the authorities and the law prescribe.

Historical: Rev. St. 1887, Sec. 863.
California Legislation: Same except "and for such compensation," line 5,

omitted: Pol. Code 1872, Sec. 2634; repealed: Deering's Code, ib.

Contents of Petition.

Sec. 917. The petition must set forth and describe particularly the road to be abandoned, discontinued, altered, or constructed, and the general route thereof, over what lands, and who the owners thereof are, whether the owners consent thereto, and if not, the probable cost of the right of way, the necessity for, and the advantages of, the proposed change.

California Legislation: Same: Pol. Code 1872, Sec. 2699; see Deering's Code, Sec. 2682; Kerr's Code, ib.

Petition—Mode of Attack: A petition for laying out a public road must substantially contain the substantive facts required to be stated by the provisions of this section, in order to give the board jurisdiction of the subject matter where the non-consenting land owner fails to appear and contest the

laying out of the highway, but if the non-consenting land owner appears and raises no objection to the form of the petition, and proceeds as though it were sufficient, and introduces his testimony and prays for damages, he cannot collaterally attack the order of the board on the ground of defects in the petition, in condemnation proceedings by the county. Canyon Co. v. Toole (1904) 9 Ida. 561; 75 Pac. 609.

Bond for Costs.

Sec. 918. The petitioners must accompany the petition with a good and sufficient bond, to be approved by the commissioners, in double the amount of the probable cost of the viewing and laying out or altering of any road, conditioned that the bondsmen will pay all the costs of viewing and surveying in case the prayer is not granted, and the road finally not opened.

California Legislation: Same except "supervisors" for "commissioners,"

line 2: Pol. Code 1872, Sec. 2700; see Deering's Code, Sec. 2683; Kerr's Code, ib.

Appointment of Viewers.

Sec. 919. Upon filing such petition and bond, the board of commissioners must appoint three viewers, one of whom must be a surveyor, to view and survey any proposed alteration of an old or opening of a new road, to be made in accordance with the description in the petition, and submit to the board an estimate of the cost of the change, alteration, or opening, including the purchase of the right of way and their views of the necessity thereof.

California Legislation: Same except "supervisors" for "commissioners": Pol. Code 1872, Sec. 2701; similar: Deering's Code, Sec. 2684; Kerr's Code, ib.

County Surveyor as Viewer: The

county commissioners need not appoint the county surveyor one of the viewers, but in case they do so, the county surveyor does not act in his official capacity and must take the oath prescribed by the following section. Latah Co. v. Hasfurther (1907) 12 Ida. 797; 88 Pac. 433.

Duties of Viewers.

Sec. 920. The road viewers must be disinterested citizens of the county, but not petitioners; they must be sworn to discharge their duties faithfully; must view and lay out the proposed alteration or new road over the most practicable route; notify the owners of the land over which it passes of the proposed route; ascertain whether the owners consent thereto, and the amount, if any, they claim or demand for the right of way over the same; estimate the actual damage to any land over which it passes, and the cost of any bridges or grading necessary; the necessity for and public convenience to be subserved by the road, and whether the opening thereof, or change therein proposed should be had.

Historical: Rev. St. 1887, Sec. 924.

California Legislation: Same: Pol. Code 1872, Sec. 2702; similar: Deering's Code, Sec. 2685; Kerr's Code, ib.

Failure to Take Oath: The failure of a viewer to take the oath prescribed by this section renders the

whole proceeding irregular and voidable on an appeal to the district court from an order of the board of commissioners opening the road. *Latah Co. v. Hasfurther* (1907) 12 Ida. 797; 88 Pac. 433.

Report of Viewers.

Sec. 921. When the view and survey of the proposed alteration or new road is completed, the viewers must report to the board of commissioners:

1. The course, termini, length, and cost of construction of the proposed road;
2. The estimate of damage to the owner of any land over which it is proposed to run the road;
3. The names of land owners who consent to give the right of way and their written consent thereto;
4. The names of land owners who do not consent, and the amount of damage claimed by each;
5. Such other facts bearing upon the subject, of importance to be known by the board of commissioners.

Historical: Rev. St. 1887, Sec. 925. See 13 Ter. Ses. (1885) 162, Secs. 5 and 16.

California Legislation: Same except

"supervisors" for "commissioners": Pol. Code 1872, Sec. 2703; similar: Deering's Code, Sec. 2686; Kerr's Code, ib.

Restrictions on Line of Road.

Sec. 922. No report of viewers must be approved by the board of commissioners which, without the consent of the owner and occupant, runs the road:

1. Through an orchard of four years' growth;
2. Through a garden or yard four years cultivated;
3. Through buildings or fixtures, or erections for the purposes of residence, trade, or manufacture;
4. Through inclosures necessary for the use or enjoyment of buildings, fixtures or erections;

Unless the board of commissioners are satisfied, from personal examination and observation, or from the sworn statement of at least twelve respectable residents of the road district, that the opening of such road through such premises is an absolute necessity, a

great public benefit, or a great convenience to a moiety of the inhabitants of the district.

closed or improved lands" inserted after subd. 4: Pol. Code 1872, Sec. 2704; repealed 1880.

Compensation of Viewers.

Sec. 923. The viewers must be paid three dollars each per day, for their services, out of the road fund, and the surveyor, for services in running out and mapping the road and making the plat and field notes, which must be filed when required before he receives his compensation, five dollars per day.

Historical: Laws 1899, 127, Sec. 8; re-enacting Laws 1890-91, 190, Sec. 7.

Hearing on Report.

Sec. 924. The board of commissioners, on the coming in of the report; must fix a day for hearing the same; must notify the owners of land, not consenting to give the right of way, of the hearing, by having written notice served on them personally, or on the occupant, or agent of the owner, or, if neither, by posting notice at the most conspicuous place on the land, or left at the owners', agent's, or occupant's residence, ten days prior to the day fixed for the hearing; and must, on the day fixed, or to which it may be postponed or adjourned, hear evidence and proof from all parties interested for and against the proposed alteration or new road; ascertain, and by order declare, the amount of damage awarded to each non-consenting land owner, and declare the report of the viewers to be approved or rejected. If the report is rejected the road must not be altered or opened.

California Legislation: Same except "supervisors" for "commissioners":

Pol. Code 1872, Sec. 2706; similar: Deering's Code, Sec. 2688; Kerr's Code, ib.

Approval of Report.

Sec. 925. If the board approve the report, and there are no non-consenting land owners, the road must, by order, be declared a public highway, and the road overseer ordered to open the same to the public. If there are non-consenting land owners, the board must appropriate from the road fund, and cause the road overseer to tender to such non-consenting land owners, the award of damages made by the board. If the awards are all accepted the road must be declared a public highway and be opened as hereinbefore provided.

Historical: Laws 1899, 127, Sec. 9; re-enacting Laws 1890-91, 190, Sec. 8.

Condemnation of Right of Way.

Sec. 926. If any award of damages is rejected by the land owners, the board must, by order, direct proceedings to procure the right of way to be instituted by the prosecuting attorney of the county, under and as provided in the Code of Civil Procedure, against all non-accepting land owners, and when thereunder the right of way is procured, the road must be declared a public highway and opened as hereinbefore provided.

Cross Reference: Condemnation proceedings: Secs. 5210-5229.

Defenses: A non-consenting land owner against whom condemnation

proceedings are brought under this section cannot attack the decision of the board granting the petition on the ground of the failure of the petition for the road to set forth the facts required by Rev. St. Sec. 921 (Sec. 917). Canyon Co. v. Toole (1904) 9 Ida. 561; 75 Pac. 609.

Awards Paid From Road Fund.

Sec. 927. All awards by agreement, or ascertainment by the board or by the proper court, must be paid out of the road fund on the order of the board of commissioners.

Historical: Laws 1899, 127, Sec. 10; re-enacting Laws 1890-91, 190, Sec. 9.

Width of Highways.

California Legislation: Same except

"except alleys and bridges" omitted: Pol. Code, Sec. 2710; repealed 1883.

Establishment of Private Roads.

Sec. 929. Private or by-roads may be opened for the convenience of one or more residents of any road district in the same manner as public roads are opened, whenever the board of commissioners may for like cause order the same to be viewed and opened, the person for whose benefit the same is required paying the damages awarded to land owners, and keeping the same in repair.

California Legislation: Same except "supervisors" for "commissioners": Pol. Code 1872, Sec. 2711; see Deering's Code, Sec. 2692; Kerr's Code, ib.

Constitutionality: This section is not subject to the constitutional objection of attempting to take private property for private use, as it authorizes a private road, when opened, to be used for any purpose to which it is adapted by the general public and by any individual thereof. Latah County v. Peterson (1892) 3 Ida. 398; 29 Pac. 1089.

Opening Private Roads: By-roads may be opened for the convenience of one or more residents in any road district in the same manner as public roads, the person or persons for whose benefit the road is opened paying the damages awarded to land owners and keeping the same in repair; one signature is sufficient to authorize the county commissioners to take the necessary steps to open a private or by-roads, and it is not necessary to have ten signers to the petition as in the case of a public road provided for by Rev. St. Sec. 920 (Sec. 916). Latah Co. v. Hasfurther (1907) 12 Ida. 797; 88 Pac. 433.

Record of Title Papers.

Sec. 930. In all cases where consent to use the right of way for a highway is voluntarily given, purchased, or condemned and paid for, either an instrument in writing conveying the right of way and incidents thereto, signed and acknowledged by the party making it, or a certified copy of the decree of the court condemning the same, must be made and filed and recorded in the office of the recorder of the county, in which the land so conveyed or condemned must be particularly described.

Code 1872, Sec. 2712: Deering's Code, Sec. 2693; Kerr's Code, ib.

Railroad to Make Crossings.

Sec. 931. Whenever highways are laid out to cross railroads on public lands, the owners or corporations using the same must, at their own expense, so prepare their road that the public highway may cross the same without danger or delay, and when the right of way for a public highway is obtained through the judgment of any court, over any railroad, no damage must be awarded for the simple right to cross the same.

Construction: This section is prospective in its operation and does not

apply to ditches and canals that have been constructed across public highways prior to the time the same went into effect. *Boise City v. Boise Rapid Transit Co.* (1899) 6 Ida. 779; 59 Pac. 716.

Removal of Fences.

Sec. 932. When the alteration of an old, or the opening of a new, road makes it necessary to remove fences on land given, purchased or condemned by order of a court for road or highway purposes, notice to remove the fences must be given by the road overseer to the owner, his occupant, or agent, or by posting the same on the fence, and if the same is not done within ten days thereafter, or commenced and prosecuted as speedily as possible, the road overseer may cause it to be carefully removed at the expense of the owner, and recover of him the cost of such removal, and the fence material may be sold to satisfy the judgment.

Turning Roads Across Private Lands.

Sec. 933. If any person through whose lands any public highway is established, is desirous of turning such road through any other part of his lands, such person may, by petition, apply to the county commissioners, to permit him to turn such road through another part of his lands, without materially increasing the distance to the injury of the public; and on receipt of such petition, accompanied by a sufficient bond to pay the cost and expense to be incurred thereby, the commissioners may appoint three disinterested viewers and surveyor, if they deem it necessary, who must view the ground over which the road is proposed to be turned, and ascertain the distance such road will be increased by the proposed alteration, and report in writing, stating the several distances so found, together with their opinion as to the utility of making such alterations; and if the viewers report to the commissioners that the prayer of the petitioner is reasonable, the commissioners, upon receiving satisfactory evidence that the proposed new road has been opened a legal width, and in all respects made equal to the old road for the convenience of travelers, may declare such new road a public highway, and make record thereof, and at the same time vacate so much of the old road as is embraced in the new; and the person petitioning for the alteration must pay all costs and expense of the view and survey, if ordered:

Provided, When any person or persons wish to change the line or location of any public highway, he or they shall cause notice of his or their intention to apply to the board of county commissioners of the county in which such road is situated at its next session, for permission to change such road at his own expense; to be published in the official newspaper published in such county (if there be one), if not, then in the newspaper published nearest to the proposed change, not less than three weeks before the first day of such session of the said board, and shall also cause a copy of the notice to be posted at the post office (if there be one), and at three other public places in the precinct, at least twenty days before the said meeting of the board, which notice must clearly show the proposed change or changes, and when, where, and by whom the petition will be presented; and at the time and place designated in the notice he must present his petition, which must conform to the notice. Any person or persons objecting to such change may, within ten days thereafter, file a remonstrance in writing against it: *Provided*, That any person aggrieved by the action of the board may appeal to the District Court of the county in the same manner and with like effect as in other cases of appeal from the action of the board of county commissioners.

Public Roads Established Without Viewers.

Sec. 934. Public roads may be established without the appointment of viewers, provided the written consent of all the owners of the land to be used for that purpose be first filed with the board of county commissioners; and if it is shown to the satisfaction of the county board that the proposed road is of sufficient public importance to be opened and worked by the public, they shall make an order establishing the same, from which time only, shall it be regarded as a public road.

Construction and Repair of Bridges.

Sec. 936. Whenever it shall appear to be to the best interests of the counties concerned to build or repair bridges over streams which divide such counties, or on roads on county lines, it shall be lawful for the commissioners of such adjoining counties to enter into a joint contract for the purpose of building or repairing such bridge or bridges. The one-half of the whole expense of building or repairing shall be a legal claim against, and be paid by, each of said adjoining counties. All public bridges not otherwise specially provided for are maintained by the county at large in the same manner as highways, and under the management and control of the road overseer and board of commissioners. The expense of maintaining and repairing the same is primarily payable out of the road fund in the hands of the county treasurer, and from road poll taxes.

Whenever it appears to the board of county commissioners that the road fund is or would be unreasonably burdened by the expense of constructing, or of maintaining and repairing, any bridge or road, or when the expense of constructing, or of maintaining and repairing, any bridge or road shall exceed five thousand dollars, the said board may, in its discretion, cause a portion of such cost or expense to be paid out of the current expense fund of the county, and may levy a special tax not exceeding one-half of one per cent on the taxable property of the county, annually, until the amount appropriated in aid is raised and paid.

When ordered to be constructed or repaired, the contract therefor must be let out to the lowest bidder, after reasonable notice given by the board of commissioners, through the road overseer, by publication at least two weeks in a county newspaper; and if none, then by three posted notices, one at the court house, one at the point to be bridged, and one at some other neighboring public place; the bids to be sealed, opened, and the contract awarded at the time specified in the notice. The board must thereupon advertise such application, giving the location and other facts, for two weeks in a newspaper printed in the county, if none, then by posters—one at the proposed location, one at the court house, and one at some other public place in the county, and notify the overseer to attend at a certain time and place to hear the application.

Notice to County Commissioners to Repair Roads.

Sec. 1066. Whenever a showing shall be made, as herein provided, that any road or trail or portion thereof, subject to the provisions of this chapter, is in actual and serious need of repair, the commission shall cause the same to be inspected by some competent person, who shall report thereon to the commission in writing. The secretary

of the commission shall thereupon, by registered letter, notify the board of county commissioners in the county or counties where such repairs are needed, specifying the place or places on said road where such repairs are required, and the nature of the work necessary to put the same in proper condition. Such notice shall state that if such county does not make such repairs, or cause them to be made, at the expiration of a certain time, the commission will proceed in relation thereto under the provisions of this chapter. Such notice shall be for not less than thirty days, and the time therein granted may be extended, on account of inclemency of the weather or any other good cause, at the discretion of the commission. At the expiration of the time stated in such notice or extension thereof, the commission shall ascertain by the written report of some competent person, verified under oath, as to whether such repairs have been properly made, and if it appears to the commission that such repairs have not been made, or that they have been improperly or insufficiently made, said commission shall thereupon have power to proceed under the provisions of this chapter.

Historical: Laws 1907, 466, Sec. 6.

Same: Affidavit of Complaint.

Sec. 1067. The showing required by the preceding section shall be in the form of an affidavit by not less than three credible persons, which must state in detail the place or places where such repairs are needed, the actual condition of such road at such place or places, the nature of the work required to put the same in proper condition, and that such statement is made after personal inspection by each affiant.

Historical: Laws 1907, 466, Sec. 7.

Failure to Repair: Establishment of Toll Road.

Sec. 1068. If, after the showing made, proceedings taken and notice given as herein provided, any county shall neglect, fail or refuse to repair such road or roads, or any portion thereof and put the same in proper condition for use as public highways, the commission may thereupon make an order, reciting the facts and stating that it becomes expedient to lease such road or portion thereof for a toll road, in order that the same may be properly maintained. Such order shall specify the location and termini of such road or portion thereof, and shall direct the secretary of the commission to cause such order to be published in some newspaper of general circulation in the county in which such road or portion thereof is located, for a period of not less than four weeks, and in like manner to give notice therewith, that sealed bids will be received by the secretary at a certain place until a particular hour of a certain day thereafter, and not more than ten days after the expiration of the publication of such order and notice for the leasing of such road or portion thereof.

Historical: Laws 1907, 466, Sec. 8.

Same: Order for Establishment: Bids.

Sec. 1069. The order of the commission must specify the number of gates to be placed on the road, and the period for which said road

or portion thereof is to be let, which shall not exceed five years. The bid must specify the rates of toll, according to the classification herein, which the bidder is willing to accept as full compensation for putting and maintaining the road in the condition specified in the order.

Historical: Laws 1907, 466, Sec. 9.

Undertaking to Accompany Bid.

Sec. 1070. No bid shall be considered unless accompanied by an undertaking, executed by two or more sureties, in the sum of two thousand dollars, to be void upon the condition that the bidder, if the lease is awarded to him, will, within ten days thereafter, enter into the contract for keeping such road, and give the bond to secure the performance thereof as herein provided.

Historical: Laws 1907, 466, Sec. 10.

Award of Contract.

Sec. 1071. Upon opening the bids, the lease shall be awarded to the lowest and best bidder, but the commission may reject any and all bids when there appears sufficient cause therefor, and in such case they may again advertise for bids, as herein provided.

Historical: Laws 1907, 466, Sec. 11.

Same: Bond of Contractor.

Sec. 1072. The contract for the lease must be subscribed by the lessee, approved by the commission, and filed with the secretary thereof. At the time of filing such contract the commission shall require a proper and adequate bond or undertaking from the lessee, with two or more sufficient sureties to be void upon the condition that the lessee will faithfully perform his contract in relation to such road, and comply with the provisions of this chapter.

Historical: Laws 1907, 466, Sec. 12.

Same: Specifications.

Sec. 1073. Such contract of lease must specify that such road shall be kept clear of timber or other obstructions to travel, that it shall be maintained in good order with a track of a certain width, that the streams or other waters on the line thereof shall be kept properly bridged or ferries established thereon, if necessary. If turnouts are to be maintained, grades established, materials supplied, bridges built or other construction work done, the contract shall specify the same in detail, and in general such contract shall require that the lessee maintain such road at all times in reasonably good condition for ordinary usage as a public highway.

Historical: Laws 1907, 466, Sec. 13.

Same: Cancellation, Modification and Forfeiture.

Sec. 1074. The commission shall have authority, upon the application of the lessee, to cancel or modify the lease upon such terms as may be equitable and just, and whenever the lessee fails, neglects or refuses to comply with the provisions of his lease or of this chapter, the commission may request the Attorney General of the State to

bring action in the proper court in the name of the State to have such lease declared forfeited, or it may request the county attorney of any county through which such road passes to bring such action in the District Court for that county, and when so requested in writing it shall be the duty of the Attorney General or the county attorney, as the case may be, to bring such action forthwith.

Historical: Laws 1907, 466, Sec. 14.

Proceedings on Abandonment or Forfeiture.

Sec. 1075. When any such lease is abandoned or declared forfeited, the commission may again notify the county or counties in which such road or portion thereof is located to maintain the same, as hereinbefore provided, or it may at once advertise for bids to lease such road again, at its discretion.

Historical: Laws 1907, 466, Sec. 15.

Toll: Where Collected.

Sec. 1076. No toll shall be collected for travel on such road except at a gate, nor unless a sign board be posted at such gate in full view of the travel on the road, with the rates of toll plainly printed or painted thereon. The lease must specify the number of gates that may be placed on the road, and the location thereof, and thereafter the number of such gates must not be increased under such lease, but the commission, upon the application of the lessee, may at any time, for good reasons shown, authorize the lessee to change the location of such gates or any of them. No toll gate, toll house or other building must be put up within ten rods of the front of any dwelling house, barn or outhouse, without written consent of the owner thereof.

Historical: Laws 1907, 466, Sec. 16.

Rates of Toll: Avoidance of Payment.

Sec. 1077. The rates of toll that the lessee may collect and receive must be specified in the lease, and none other must be charged; and any person who passes through a gate on such road without paying the toll legally chargeable thereat, or when traveling on such road shall be liable to the lessee for three times the amount of such toll; and any lessee of such road, who, by himself or his agents or servants, collects or receives of any person illegal toll for traveling on such road, shall be liable to such person for three times the amount of such toll.

Historical: Laws 1907, 466, Sec. 17.

the house or place in which such person may be found; and in the case of small-pox, cholera, plague, yellow fever, typhoid fever, diphtheria, membranous croup, or scarlet fever, the attending physician shall at once declare a temporary quarantine, and shall prohibit entrance to or exit from such house; such temporary quarantine to remain in effect only until such time as the proper health officer can be notified and can act in the matter. In like manner it shall be the duty of the head of the family, and of the owner or agent of the owner of the building in which a person resides who has any of the diseases herein named or provided against, or in which are the remains of a person having died of any such disease, immediately after becoming aware of the fact, to give notice thereof to the health officer. When complaint is made or a reasonable belief exists that an infectious or contagious disease prevails in any house or any other locality which has not been reported as hereinbefore required, the board shall cause such house or locality to be inspected by its health officer, and on discovery that such infectious or contagious disease prevails in any house or any other locality which has not been reported as hereinbefore required, the board shall cause such house or locality to be inspected by its health officer, and on discovering that such infectious or contagious disease exists, the board may, as it deems best, send such person to a quarantine hospital or other place provided for such persons, or may restrain them or other persons exposed within said house from intercourse with other persons, and prohibit ingress and egress to or from such premises.

The phrase "of the head of the family"

is transposed to make the second sentence clearer.

Quarantine of Infected Houses.

Sec. 1100. It shall be the duty of the local board of health, when a case of small-pox, cholera, plague, yellow fever, typhus fever, diphtheria, membranous croup, scarlet fever or any other dangerous, contagious or infectious disease is reported within its jurisdiction, to at once cause to be placed, in a conspicuous position on the house wherein any of the aforesaid diseases occur, a quarantine card having printed on it in large letters the name of the disease within, and to prohibit entrance to or exit from such house without written permission from the board of health. No person quarantined by a board of health on account of having a contagious disease, or for having been exposed thereto, shall leave such quarantined house or place without the written permission of the board of health. Every physician attending a person affected with any of the aforementioned diseases, shall use such precautionary measures to prevent the spread of the disease as may be required by the board of health. No person shall remove, mar, deface or destroy such quarantine card, which shall remain in place until after the patient has been removed from such house, or has recovered and is no longer capable of communicating the disease, and the said house and the contents thereof have been properly purified and disinfected under the directions of the board of health; and where other inmates of said house have been exposed to, and are liable to become ill of, any of said diseases, for a period thereafter, counting from the completing of disinfection, as fol-

lows, to-wit, in diphtheria and membranous croup, fourteen days; in small-pox, seventeen days; in scarlet fever, ten days; in cholera or yellow fever, seven days; in typhus fever, twenty-one days. In cases of measles, chicken-pox and whooping cough, or either of them, the board of health may require the same report of cases, and may enforce the same quarantine and other preventive measures, as are provided for in this chapter in case of scarlet fever. The board of health may employ as many persons as it deems necessary to execute its orders and properly guard any house or place containing any person or persons affected with any of the diseases named herein, or who have been exposed thereto, and such persons shall be sworn in as quarantine guards, shall have police powers, and may use all necessary means to enforce the provisions of this chapter for the prevention of contagious or infectious diseases, or the orders of any local board of health made in pursuance thereof.

Any person who, while suffering from small-pox, cholera, plague, yellow fever, diphtheria, membranous croup or scarlet fever, wilfully or unlawfully exposes himself in any street, shop, inn, theatre or other public place or public conveyance, or being in charge of any person so suffering, so exposes such sufferer, or gives, lends, sells, transmits or exposes, without previous disinfection under the direction of the board of health, any bedding, clothing, rags or other things which have been exposed to infection from any such diseases, or who knowingly lets for hire any house, room or part of the house in which any person has been suffering from any such disease, prior to such house, room or part of the house having been disinfected by the board of health or under its direction, shall be liable to a penalty of not exceeding three hundred dollars, or to imprisonment not exceeding three months, or to both, in the discretion of the court.

Sec. 1102. When the health authorities of any county or municipality is of opinion, on the certificate of a qualified medical practitioner, that the cleansing and disinfection of any house or part thereof, and of any articles therein likely to retain infection, would tend to prevent or check infectious diseases, it shall be the duty of such authority to give notice in writing to the owner or occupant of such house or part thereof, requiring him or her to cleanse and disinfect such house, or part thereof, and articles, within a time specified in such notice; and if the person to whom such notice is so given fails to comply therewith, he or she shall be guilty of a misdemeanor, and shall be fined not less than five dollars, and the health authority shall cause such house, or part thereof, and articles, to be cleansed and disinfected, and may recover the expenses incurred from the owner or occupant in default as other fines and forfeitures are recoverable: *Provided*, That where the owner or occupant of any such house or part thereof is, from poverty or otherwise, unable,

in the opinion of such health authority, effectually to carry out the requirements of this section, such authority may, without enforcing such requirements on such owner or occupant, cleanse and disinfect such house or part thereof, and articles, and the municipality or county in which said house is situated shall defray the expenses thereof.

death, unless written permission to the contrary is granted by the board of health, and no public or church funeral shall be held in connection with the burial of a person who has died of any of the above named diseases, and the body of any such person shall not be taken into any church, chapel or other public place, and only the adult members of the family and such other persons as are actually necessary, shall be present at the burial or cremation of the body.

Historical: Laws 1907, 182, Sec. 31.
"Unless written permission to the contrary is granted by the board of health" inserted for "except by written permission of the board of health."

The latter phrase is obscure and it is thought that the substitution explains, without changing, the expressed intent of the section.

Quarantine of Cities and Counties.

Sec. 1107. Whenever small-pox, cholera, plague, yellow fever, typhus fever, diphtheria, membranous croup, scarlet fever or other dangerous, contagious or infectious diseases, show a tendency to become epidemic, and the local health authorities neglect or refuse to properly isolate and quarantine such diseases, the State Board of Health, or its executive officers, may quarantine any city or county or part thereof in which any of these diseases may show a tendency to become epidemic, and the expense of such quarantine shall be charged against and paid by the county so quarantined, except in a case where a city or a part thereof is quarantined, when said expense shall be paid by such city. And in all such cases the local health authorities may cause all public schools, churches and theatres to be closed, and all meetings or public assemblies to be prohibited, during the prevalence of such epidemic.

THE LIVESTOCK INDUSTRY

CHAPTER 4.

INSPECTION AND SUPPRESSION OF DISEASES AMONG LIVESTOCK.

Article

1. The Livestock Sanitary Board.
2. State Veterinary Surgeon and livestock inspectors.
3. Treatment of diseased animals.
4. Restrictions on the importation of livestock.
5. Inspection of sheep.

Article

6. Extermination of predatory animals.
7. General provisions relating to the inspection of animals.
8. Regulations governing diseased animals.

Note: The subject matter of this chapter has been a fruitful source of legislation, which, until the enactment of the 1905 law herein contained, was confined to the inspection and sanitary regulation of sheep. Rev. St. 1887, Secs. 1213-1222, authorized the appointment of sheep com-

missioners in each county, who were intrusted with the duty of inspecting bands of sheep therein. These sections were superseded by Laws 1893, 79, which, however, perpetuated the same system with additional provisions. The latter act was in turn repealed by Laws 1895, 124, which inaugurated the present system of State inspection, providing for the appointment of a State Inspector and deputies. The act of 1895 was re-enacted, with the exception of certain sections which had been held unconstitutional, by Laws 1899, 184, but was repealed by Laws 1899, 352. An act of 1901 (Laws 1901, 142) repealed this latter act of 1899. Some sections of the 1901 law are still in force as will appear from the historical notes under various sections of this chapter. The act of 1905 (Laws 1905, 39) which, as said above, forms the basis of this chapter, for the first time applied the inspection and quarantine regulations to cattle and other animals, and repealed such sections of the 1901 sheep law as created the office of sheep inspector and deputy inspectors, leaving the other sections in force in so far as they were not inconsistent or in conflict with the 1905 law, and imposing the duties of sheep inspector and deputy sheep inspectors on the Veterinary Surgeon and his assistant, and the livestock inspectors created by the 1905 law. This engraftment of one law upon another has made the compilation of this chapter the most difficult of any in the Codes, and the result is, to the Commissioner, the least satisfactory. It is believed, however, that the material substance of the 1901 law is preserved in this chapter, omitting those sections which are repeated verbatim, or the subject matter of which is completely covered, by the 1905 law.

The article on predatory animals was tacked to the 1905 law in 1907, and Article 8, concerning diseased animals, is an independent act of 1903. The references are given in the historical notes.

Such record must particularly show the names of the owner of every animal, band or flock so inspected and the number in such band, herd or flock; the result of such inspection, the names of persons to whom certificates have been granted and when, the brands upon said livestock and all orders and directions made by him in relation to matters herein designated.

"Livestock Sanitary Board" inserted for "Governor" at the end of the section. The Veterinary Surgeon re-

ports to the Sanitary Board (Sec. 1163), and the board reports to the Governor (Sec. 1157).

Official Misconduct: Penalty.

Sec. 1172. Any officer appointed under the provisions of this article, who, by virtue of the power conferred upon him by such appointment, oppresses, wrongs or injures any person, is guilty of a misdemeanor, and, upon conviction thereof, shall be punished by a fine of not less than one hundred dollars, nor more than one thousand dollars.

Historical: Laws 1905, 39, Sec. 28.

Power to Administer Oaths: Perjury.

Sec. 1173. The State Veterinary Surgeon and his assistants, and the livestock inspectors appointed under this article, shall have the power to administer oaths so far as the same may be necessary in the proper performance of their duties, and any person who shall, contrary to said oath, state as true any material thing which he knows to be false, is guilty of perjury.

Historical: Laws 1901, 142, Sec. 7.
The words "State sheep inspector" changed to "State Veterinary Sur-

geon" and "deputies" to "assistants" and "livestock inspectors," to conform to Laws 1905, 39.

Inspectors May Make Arrests: Conduct of Prosecutions.

Sec. 1174. The assistant veterinary surgeons and all livestock in-

spectors are hereby given the power, and it is made their duty, to arrest and bring before a justice of the peace, or other court having jurisdiction of the same, all persons found violating any of the provisions of this chapter, where a complaint shall be filed by such livestock inspector, either upon his own knowledge or upon the information of such violation; whereupon a hearing shall be had as in other like criminal cases; and such livestock inspectors are hereby vested with the same authority to arrest and to require aid, in the execution of their said office, as sheriffs and their deputies of the several counties of the State: *Provided*, That the provisions of this chapter, requiring the livestock inspector to prosecute for a violation of the provisions hereof, shall not be construed so as to prevent such prosecution from being commenced and prosecuted by other persons as criminal actions are commenced and prosecuted in other cases.

The assistant veterinary surgeons and livestock inspectors, as full compensation for their services in prosecutions under this chapter, shall be allowed five dollars per day, and the same shall be assessed as costs in the case against the defendant.

Scab Among Animals: Dipping: Quarantine.

Sec. 1176. Whenever, upon the examination of any of the classes

of animals enumerated in this chapter, kept or herded in any county of this State, the State Veterinary Surgeon, or his assistants or any inspector, shall find such animals or any portion of them affected or infected with the scab, or scabbies, or any other infectious or contagious disease, the entire band or herd shall be considered as infected and treated as such, and such Veterinary Surgeon, assistant or inspector, as the case may be, shall immediately quarantine the same and forthwith notify the owner or persons in charge of said animals, in writing, of such quarantine; and the officer taking said animals in charge may cause the same to be dipped, twice if necessary, and, during such period, keep such animals free from contact with other animals not affected by such means as he shall specify. *Provided*, That in the case of any animals, which on account of their condition, or by reason of inclemency of the weather, shall be, in the opinion of the State Veterinary Surgeon, his assistant or deputy, unfit or unsafe to dip; then such officer may authorize such owner or controller to place such animals in a corral, field or feed yard, where such animals shall be kept free from contact with other animals until such time as they are in a condition to dip. Such owner or controller shall be responsible for any or all damages which shall be sustained by any person by reason of such animals coming in contact with healthy animals. Any person or persons so allowed to keep such animals in such corral, field or feed yard, who shall wilfully or knowingly take or permit to be taken any such animals from such corral, field or feed yard, except as the same shall, by the inspector, be directed or permitted to be taken to the dip works, shall upon conviction thereof, be punished by a fine of not less than one hundred dollars, nor more than two thousand dollars, or by imprisonment not to exceed six months, or by both such fine and imprisonment.

Historical: Laws 1905, 39, Sec. 22.

Refusal to Dip Animals: Treatment by Inspector.

Sec. 1177. Should any owner or person in charge of any animal or animals found to be infected with disease, upon examination by the Veterinary Surgeon, assistant surgeon or inspector, fail or refuse to dip the same, or do so in an improper manner, it shall be the duty of such officer to seize said animals and to dip the same, and when the same shall have been dipped, he shall notify the owner or person in charge of such animals of the amount of costs, charges and expenses due for the same. If such person in charge shall neglect or refuse for a period of ten days after receiving said notice to pay the same, together with all further costs, charges and expenses of holding said animals, it shall be the duty of said inspector to sell, in the manner provided in this chapter, so many of said animals as shall be necessary to pay the same, and all costs and expenses of said sale.

Historical: Laws 1905, 39, Sec. 23.
 "Provided in this chapter" substituted for "hereinbefore in this act provided" in view of altered arrangement of sections.

Cross Reference: Sales of animals: Sec. 1186.

Expense of Dipping a Lien: Enforcement.

Sec. 1178. All expenses incurred incident to the dipping and plac-

ing in quarantine of any of the animals enumerated in this chapter, including a compensation of five dollars per day for every day or part of day in which the Veterinary Surgeon or his assistant or inspector may be engaged in dipping any of said animals, shall be borne by the owner of such animals, and such expense shall be, and is hereby made, a first lien upon said animals, and if the same is not paid within ten days after notice to such owner, his agent, or the person in charge, the said officer shall sell, at public auction, in the manner provided for sales under executions out of the District Court, so many of said animals as shall be necessary to realize sufficient money to pay such expenses, together with the costs and charges of the sale.

Historical: Laws 1905, 39, Sec. 24. The phrase "shall be borne by the owner of such animals" is transposed for grammatical reasons. "For sales"

is inserted before "under executions out of the District Court."

Cross Reference: Sales under execution: Secs. 4481-4489.

Quarantine of Lambing Sheep.

Sec. 1179. When any sheep are, on account of lambing, in the opinion of the State Veterinary Surgeon, his assistant or deputy, unfit or unsafe to dip, such officer may authorize the owner or controller thereof to place such sheep in a corral, field or feed yard, where such animals shall be kept free from contact with other animals until such time as they are in a condition to dip. Such owner or controller shall be responsible for any or all damages which shall be sustained by any person by reason of such animals coming in contact with healthy animals.

Historical: Laws 1905, 39, part of Sec. 22. The section is contained in full in Sec. 1176 ante. The part of the section contained above, is here repeated in a slightly modified form applicable only to lambing sheep, in lieu of Laws 1901, 142, Sec. 12, which is superseded by this part of the section, in order to give a setting to the following section, taken from the 1901 law, which is not inconsistent with any provision of the 1905 law. This section is really a composite of

Laws 1901, 142, Sec. 12, and Sec. 22 of the 1905 law. The 1901 law left the dipping of lambing sheep to the discretion of the owner, while the 1905 law entrusted the determination of that question to the Veterinary Surgeon and inspectors. To have omitted, in this place, a section corresponding to Sec. 12 of the 1901 law, would have rendered the following section unintelligible, and would not have fairly preserved so much of the 1901 law as is left in force.

Same: To Be Hand Dressed or Spotted.

Sec. 1180. It shall also be the duty of the assistant veterinary surgeon or livestock inspector to require the owner, owners or controllers of sheep, while held in quarantine during the period mentioned in the preceding section, to spot or hand dress all sheep in their band or bands that show any scab, or any contagious or infectious disease, with some reliable medicine, and such assistant veterinary surgeon or livestock inspector shall have the power to enforce such hand dressing or spotting during the period above referred to, the same as they have power to enforce dipping at any other period of the year, as provided in this chapter.

Historical: Laws 1901, 142, Sec. 13. The words "deputy sheep inspector" changed to "assistant veterinary sur-

geon" or "livestock inspector," to conform to Laws 1905, 39.

Failure to Dip Sheep: Punishment.

Sec. 1181. The owner or owners or controller of any sheep or the

assistant veterinary surgeon or livestock inspector, or persons appointed by either of them, who shall fail to dip said sheep as required by the provisions of this chapter, shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than three hundred dollars, nor more than five hundred dollars, or by imprisonment in the county jail for a period of not less than two months nor more than six months, or by both such fine and imprisonment.

Historical: Laws 1901, 142, Sec. 11.
The words "deputy inspector"
changed to "assistant veterinary sur-

geon or livestock inspector," to conform to Laws 1905, 39.

Veterinary Surgeon May Require All Sheep to Be Dipped.

Sec. 1182. With the object of eradicating scab and any other contagious or infectious disease among sheep, the State Veterinary Surgeon is empowered to require all sheep to be dipped once during each year, whether the same are diseased or not, and in case of diseased animals, as often as, in his judgment, such dipping may be required.

Historical: Laws 1905, 39, Sec. 38.

Disease on the Range: Quarantine of Horses and Cattle.

Sec. 1183. If any infectious disease is prevalent on any range, the State Veterinary Surgeon is hereby empowered to declare a quarantine for all horses or cattle or both exposed to such epidemic within a certain area or distance or country to be defined by him, and to require the owners or persons in charge of any horses or cattle or both running on the range within said area, district or country, so defined, to assemble all range horses or cattle, or both, so owned or held in charge by them, at a designated point or place in said district or country, on a date or dates to be specified, for the purpose of dipping the same, and it is hereby made the duty of all such persons to drive, or procure to be driven, all range horses or cattle, or both, as required, owned by them or under their control, to the designated point or place and at the time mentioned, and there to dip the same. Notice of the time and place where said animals will be dipped shall be given by the State Veterinary Surgeon by publication in one or more newspapers published within the area, district or country specified, which notice shall specify the time and place where such dipping shall be had. Said notice shall be published for a period of thirty days before the date set. The cost of such dipping shall be fixed by the State Veterinary Surgeon, and shall be a first lien upon all live stock so dipped. The amount thereof, provided the same shall not be paid, shall be collected by a sale of so many of said live stock as shall be necessary, such sale to be conducted as provided in this chapter. All range horses or cattle within the area, district or country aforesaid which shall not be brought to the appointed place at the appointed time, as required, to be dipped, shall be gathered under the direction of the State Veterinary Surgeon, and shall be dipped, and the expense of such dipping, if the same be not paid, shall be a lien upon said animals to be collected as in this chapter provided. Any such animals running on the range which cannot be gathered may be killed on the order and under the direction of the

State Veterinary Surgeon. If any of the persons mentioned in this section shall fail to do as required herein he shall be guilty of a misdemeanor and upon conviction, shall be fined in any sum not to exceed one thousand dollars: *Provided*, Any person, persons, or company desirous of dipping the horses or cattle owned or controlled by them, may do so by providing the proper appliances and notifying the State Veterinary Surgeon or an assistant or the inspector of the district that, on a certain date, a certain party or parties will, at a certain place, dip such horses or cattle or both, and the State Veterinary Surgeon or his assistants or an inspector shall attend at such time and place, and take charge of the arrangements for such dipping with like powers as is provided in this chapter. The expenses of such Veterinary Surgeon or assistant surgeon or inspector in going to and returning from the place where such dipping takes place, including five dollars per day to said officer, shall be paid by the parties requiring his services as herein in this section provided.

Historical: Laws 1905, 39, Sec. 35. The phrase "as provided in this chapter" is substituted for "as hereinbefore in this act provided" in view

of the altered arrangement of sections.

RESTRICTIONS ON THE IMPORTATION OF LIVESTOCK.

Section

1184. Prohibiting importation of animals from infected localities.

1185. Importation of sheep: Notice to livestock inspector.

Section

1186. Unlawful importation of animals: Seizure by inspector.

1187. Importation of diseased animals: Action for penalty.

Prohibiting Importation of Animals from Infected Localities.

Sec. 1184. Whenever the Governor of the State has reason to believe that scab or other contagious or infectious diseases of sheep, or any infectious or contagious diseases of any other of the classes of animals enumerated in this chapter, has become epidemic in a certain locality or localities of any other State or Territory, or that conditions exist that render such animals or any of them likely to convey disease, or whenever the State Veterinary Surgeon shall certify in writing to the Governor that conditions exist in certain localities in any other State or Territory that render any of the live stock coming therefrom likely to convey disease, the Governor shall forthwith, by proclamation, designate and schedule such locality or localities, and prohibit the importation from it or them of any of said animals into this State, except under such restrictions as he may deem proper. Any person, persons or corporations who, after publication of such proclamation, has or receives in charge any such animals from any of the prohibited districts, and transports, conveys or drives the same to and within the limits of any of the counties of this State, is punishable by a fine not exceeding five thousand dollars, nor less than two thousand dollars, and is liable for all damages that may be sustained by any person by reason of the importation or transportation of such prohibited animals: *Provided, however*, That nothing therein contained shall prohibit the transportation of any of said animals from such district through the State by railroad trains.

under such restrictions and regulations as may be prescribed by law, or by the Governor or State Veterinary Surgeon, or either of them.

Historical: Laws 1905, 39, Sec. 18.

Constitutionality: The act of which this section is a subsequent re-enactment (Laws 1899, p. 452) was held not to be in contravention of Sec. 8, Art. 1, nor Sec. 2, Art. 4 of the Constitution of the United States. *State v. Rasmussen* (1900) 7 Ida. 1; 59 Pac. 933.

This provision does not delegate to the Governor legislative power, but simply requires him to act when he ascertains that certain conditions exist. *Ib.*

Prosecution—Intent Necessary: No evil or criminal intent need be alleged or proven in a prosecution for driving sheep into the State in violation of a proclamation of the Governor made under this section. *State v. Keller* (1902) 8 Ida. 699; 70 Pac. 1051.

Same—Liability to Communicate Disease: The fact that sheep have been in an infected district against which a quarantine has been declared, and the fact that such sheep were driven direct from such district into this State, is sufficient to establish a capability and liability to communicate disease. *State v. Rasmussen* (1900) 7 Ida. 1; 59 Pac. 933.

Same—Venue: Bringing sheep into any county of the State from a quar-

antined district is an offense, and prosecution therefor may be instituted in any county where the sheep are found. *Ib.*

Equitable Relief: A bill by sheep owners, alleging that defendant, acting under a proclamation issued by the Governor prohibiting the importation of any sheep from an adjoining State for the period of forty days, prevented complainants from driving their sheep across the line into Idaho for pasturage on their own and the public lands within the State, and for shipment to market, states a cause of action for equitable relief by injunction, where it is also alleged that such sheep are free from disease and have been so found by the United States inspectors; that there was no infectious disease epidemic on the range where they were or had been; and that the reasons stated in the proclamation were false and groundless, and were based on statements made by defendants and others for the purpose of excluding sheep of other owners, and securing a monopoly of the grazing on the public lands within the State, and where it is further shown that the exclusion would work irreparable injury on the complainants. *Smith v. Lowe* (1903) 121 Fed. 753.

Importation of Sheep: Notice to Live Stock Inspector.

Sec. 1185. Any person, persons, company, corporation or association, or any agent or employee of any person, persons, company, corporation or association, who shall drive or herd, or cause to be driven or herded, or shall bring or cause to be brought, into the State of Idaho from any other State, any sheep, shall immediately, upon crossing the State line of Idaho, notify the livestock inspector of the county or district where said sheep crossed the State line, and before he shall proceed further than two miles from said State line into the State of Idaho he shall make an application in writing to such livestock inspector for the inspection of said sheep. Said application must be served on the inspector of that county or district in person or be left at his place of residence or sent by registered letter. Said notice must state the time and place said sheep crossed the State line, and the locality from whence they came, and must give the name and residence of the owners thereof and of the party in control of the same, also the number and brands of said sheep. Any inspector on receiving such notice shall at once proceed to inspect the sheep as set forth in the application, and if, upon the inspection, said inspector shall find that said sheep or any of them are affected with scab or other contagious or infectious disease, or have been exposed thereto within thirty days previous and have not been dipped, he shall, if he deem it necessary or desirable so to do, to prevent or avoid infection therefrom, cause said sheep to be quarantined at some place not more than two miles from the State line where said sheep entered the

State of Idaho, for a period of not more than thirty days, and, if deemed necessary by him, said inspector shall cause said sheep to be dipped not to exceed twice at the option of said inspector before they shall be released from such quarantine. Any person, persons, company, corporation or association, or his or their agent or employee, who shall ship by railroad into this State from any other State, any sheep, shall, immediately upon unloading the same at any point or place within this State, notify personally the inspector of the district within which said sheep shall be unloaded, and thereupon said inspector shall forthwith proceed to inspect said sheep and to quarantine and dip the same if, in his judgment, the same shall be necessary: *Provided*, The owners of any animals ridden under the saddle or driven in harness or under yoke into this State, or any person coming into this State with his own team or teams, is not required to notify the Veterinary Surgeon to await the inspection of the animals, but shall be liable for all loss or damages suffered by any person or persons by reason of any contagious or infectious disease brought into this State by his animals.

Any person violating the provisions of this section shall be guilty of a misdemeanor and shall, upon conviction thereof, be fined in a sum of not less than one hundred dollars nor more than five thousand dollars. Such fine shall be a lien upon such animals and may be enforced by proper proceedings in any court of competent jurisdiction.

Historical: Laws 1905, 39, Sec. 19.

Unlawful Importation of Animals: Seizure by Inspector.

Sec. 1186. When any of the animals enumerated in this chapter are brought into the State in violation of this chapter, it shall be the duty of the inspector of the district wherein said animals may be, immediately to seize the same and hold them, and file a complaint in a court of competent jurisdiction charging the owner or person in charge of said animals with the violation hereof, and upon conviction of the defendant in said action, the said inspector shall, unless all fines, costs and charges be immediately paid, sell, in the same manner as sales of personal property are made on execution out of the District Court, so many of said animals as shall be necessary to pay the costs and charges of making such sale, including the compensation due the inspector, together with the fine imposed in said action, and a certified copy of the judgment in such action shall be his sufficient warrant for doing the same.

Historical: Laws 1905, 39, Sec. 20.

Cross Reference: Sales on execution: Secs. 4481-4489.

Importation of Diseased Animals: Action for Penalty.

Sec. 1187. Any person, persons, company, corporation, or association, which shall drive or cause to be driven, bring or cause to be brought, into this State from any other State any animals enumerated in this chapter, infected with scab or any contagious or infectious disease, shall be guilty of a misdemeanor, and, upon conviction thereof, shall be punished by a fine of not less than one hundred dollars, nor more than five thousand dollars, and in case the offending party is a company, corporation or association, it is hereby made the duty

of the prosecuting attorney of the county in which said judgment of conviction shall be had, to forthwith bring suit, to collect from said offending company, corporation or association, the amount of the penalty thus imposed, and he may cause attachment against the property of said company, corporation, or association, to issue and to be levied upon any property belonging to the defendant in said action, as security for any judgment which may be obtained therein.

He shall cause a notice containing a careful description of said inspection lines in each district to be published for three weeks in some newspaper published in said district, and upon the last publication thereof due notice of the location of such inspection lines shall be deemed to have been given. The expense of such publication shall be a charge against the county where such notice is given, payable as other charges: *Provided*, That this section shall not be so construed as to prohibit other stock crossing said inspection lines, and occupying the range inclosed by said lines.

Historical: Laws 1901, 142, Sec. 5. The words "State Sheep Inspector" changed to "State Veterinary Surgeon"; and the words "deputy" and

Sec. 1190. It shall be unlawful for any person, persons, company or corporation, owning, controlling or managing any band or herd of sheep, to drive or herd, or cause to be driven or herded, across such line going to or returning from the summer range without first having his or their sheep inspected, and obtaining the Veterinary Surgeon's certificate, showing such sheep to be sound and free from scap.

Any person, persons, company or corporation, or association within the State desiring to move his or their sheep, which are not sound or are infected with scab or other infectious or contagious disease, shall first obtain from the assistant veterinary surgeon or livestock inspector a traveling permit. Such permit shall only be granted for the purpose of removing said shetp to the nearest suitable point where there are available dipping works, or where they can be constructed, at which place said sheep shall be dipped. Such sheep shall travel to said point over a route designated by the livestock inspector. The person or persons moving said sheep shall first notify all parties herding sheep along or over said route that the infected sheep have to travel, of the time they will pass over said route. Any person, persons, company, corporation, or association injured or damaged by reason of the moving of said sheep shall be entitled to recover from the person, persons, company, corporation or association moving the same, in a civil action, the amount of damage direct and consequential: *Provided, however*, No party shall be entitled to recover damages who voluntarily herds or causes to be herded any

sheep on quarantined ground. Said sheep so voluntarily herded shall be considered as scabby without inspection, and shall be treated as provided in Section 1176.

Any person or persons violating any of the provisions of this section shall be guilty of a misdemeanor, and, upon conviction thereof, shall be punished by a fine of not less than five hundred dollars nor more than one thousand dollars, or by imprisonment in the county jail for not less than two months nor more than six months, or by both such fine and imprisonment.

Constitutionality: The regulations imposed by this section and the subsequent sections are a valid exercise of the police power of the State and not unconstitutional. (Stockslager, J., dissents.) Who Protected: This section pro-

fects any settler on land from the encroachments of sheep, whether such settler has title to the land or whether he holds it simply by naked possession. Sifers v. Johnson (1901) 7 Ida. 798; 65 Pac. 709. One who is the absolute owner in fee simple of the lands upon which his dwelling is situated is within the protection of this section. Risse v. Collins (1906) 12 Ida. 689; 87 Pac. 1006.

Sheep in Transit: This section does not prohibit the driving of sheep from one place to another, although such sheep pass within two miles of the dwelling house of a settler, nor is the occasional eating of grass by the sheep as they go, or while they stop for needed rest, "grazing" within the meaning of this statute. Phipps v. Grover (1904) 9 Ida. 415; 75 Pac. 64.

Same: Penalty.

Sec. 1218. The owner or the agents of such owner of sheep violating the provisions of the last section, on complaint of the party or parties injured before any justice of the peace for the precinct where either of the interested parties may reside, is liable to the party

Jurisdiction of Actions: District Courts have concurrent original jurisdiction with justices' courts in actions under this section. Risse v. Collins (1906) 12 Ida. 689; 87 Pac. 1006.

Measure of Damages: The owner or herder of sheep who violates this sec-

tion is only liable for the damages which are caused in the commission of the trespass, and in estimating such damages the number of livestock which the settler has, depending on the pasturage upon the land, must be taken into consideration. Sweet v. Balientyne (1902) 8 Ida. 431; 69 Pac. 995.

The damages incurred by a violation of this section are measured by an entirely different standard, and are made up of different elements, and rest on a different theory from damages sustained by reason of sheep herding and grazing on the lands of the plaintiff. In the latter case, where a destruction of crops is claimed, the measure of damages is the value of the crops at the time of their destruction. Risse v. Collins (1906) 12 Ida. 689; 87 Pac. 1006.

Sheep Treated as Estrays.

Sec. 1219. When the owner or the agent of such owner of sheep found trespassing upon the land or possessory claims of another, or within two miles of the dwelling house of the clamant or occupant of such possessory claim, is unknown to the party injured by such trespass, all sheep so trespassing may be treated as estrays.

In addition to his recorded brand he may, for the purpose of distinguishing the sheep of one of his bands from the sheep of the other, use any one or more of the digits, except the digits 1 and 0, which herd brand shall not be recorded. Neither of the digits shall be used on sheep except as provided in this section.

Parol Evidence Inadmissible: Parol evidence is inadmissible to prove ownership of a stock brand. *State v. Dunn* (1907) 13 Ida.—; 88 Pac. 235.

Manner of Recording Brands.

Sec. 1229. Any stock grower whose brand is not recorded, desiring to use any brand on any stock, shall make and sign a certifi-

obsolete. "Who shall record" is inserted in lieu of "which marks shall record."

Sec. 1230. It shall be unlawful for any recorder of any county of this State to record any brand, unless the same is accompanied with a certificate from the State Recorder to the effect that the same has been recorded in the State brand book.

Historical: Laws 1905, 352, Secs. 9, 10. Omitting "after the passage of this act," in Section 10.

Sec. 1231. Any brand recorded in accordance with the requirements of this article, shall be the property of the stock grower in whose name the same shall be recorded, and shall be subject to sale, assignment, transfer, devise, and descent, the same as personal property. Instruments of writing evidencing any such sale, assignment or transfer, may be acknowledged as deeds to real estate are now required to be, and may be recorded in the office of the county recorder where such brand is recorded, in a book to be by said officers respectively kept for that purpose, which shall be properly indexed. The recording of such instruments in each of said offices shall have the same force and effect, as to third parties, as the recording of instruments affecting real estate, and the acknowledgment of the same shall have the same force and effect as the acknowledgment of deeds to real estate, and certified copies of the record of any such instrument, duly acknowledged, may be introduced in evidence the same as is now provided for certified copies of instruments affecting real estate.

Historical: Laws 1905, 352, Sec. 11.

Conflicting Brands.

Sec. 1232. In deciding as to conflict of brands, the State Recorder

shall reject any brand being the same as one previously recorded in the same place on the animal; he shall also reject all brands known as solid brands and the window sash brand. A variation in the size of the letter, number or figure shall not constitute a new brand and shall be rejected. A combination of letters, numbers or figures may be permitted though the same letters, numbers or figures may have been recorded singly or together, if, in the judgment of the State Recorder, said combination is so different from any previous record as to constitute a new brand with no danger of infringement. Said recorder shall have the right to reject any brand that may in his judgment endanger infringement of the previously recorded brand.

Historical: Laws 1905, 352, Sec. 12.

Brand Book.

Sec. 1233. It shall be the duty of the State Recorder to publish a brand book in which shall be given a fac-simile or copy of all brands recorded in his office up to that time, together with the owner's name and the county and city wherein he resides; such names and brands shall be arranged in the most convenient form for reference; such book shall be bound in a good substantial manner that additional leaves may be added thereafter. One copy of such book shall be forwarded to the county recorder of each county, in whose office it shall be kept open for the inspection of all persons interested, and one to each livestock inspector within the State. It shall be the duty of the State Recorder, quarterly after the publication of a brand book, to furnish each county recorder and each inspector with a list of the brands and marks recorded in his office during the preceding three months, which list shall be printed in uniform style with the pages of such brand book, and shall be pasted in and become a part of such brand book when received by the county recorder and inspector of the respective counties. The State Recorder is authorized to publish, if he deem best to do so, a limited number of such brand books in addition to the number required by the provisions of this section, and to sell the same for such price as he may consider reasonable and proper, which price shall not be less than the actual cost of the same. The proceeds of the sale he shall turn over to the State Treasurer.

Historical: Laws 1905, 352, Sec. 13.
Omitting "on or before December first, 1905", from the first line.

Brand as Evidence of Ownership.

Sec. 1234. In all suits at law or in equity, or in any criminal proceedings when the title or right of possession is involved, the brand of any animal shall be prima facie evidence that the animal belongs to the owner or owners of the brand, and that such owner is entitled to the possession of the said animal at the time of the action: *Provided*, That such brand has been duly recorded as provided by law. Proof of the right of any person to use such brand shall be made by a copy of the record of the same, certified to by the State Recorder in accordance with the provisions of this article, or the original certificate issued to him by the State Recorder. Parol evidence shall be inadmissible to prove the ownership of a brand.

Historical: Laws 1905, 352, Sec. 14.

Application: The rule of evidence prescribed by this section applies to a case tried after the law went into effect, although the prior owner of the animal in controversy in such case, and of a brand found thereon, had parted to the title of such animal prior to the time when he was required by this act to record his brand. (Sullivan J., dissents.) *State v. Dunn* (1907) 13 Ida. —; 88 Pac. 235.

Construction: The production of

the original certificate of a stock brand issued by the State Recorder, or a certified copy of the record thereof, constitutes prima facie evidence of the ownership of the brand and of right of possession of the animals on which the same is found; parol evidence is inadmissible to prove ownership of such brand, and ownership of an animal the brand on which is unrecorded must be proved the same as if the animal was unbranded. *Ib.*

Sheep Owner to Notify Owner of Strange Sheep.

Sec. 1235. Every sheep owner who is a stock grower within the meaning of this article, who may at any time have sheep in his herd or herds, not his own, shall, within ten days, notify the owner of such sheep, if he is known, by registered letter addressed to him at his last known place of residence, describing said sheep by their marks and brands, and stating where said owner may find such herd, and when and where he can cut them out, and in case such owner is unknown, then said stock grower must, within ten days from the time of discovering said sheep in his herd or herds, send by registered letter to the county recorder of the county in which said herd at the time may be, a notice describing said sheep by marks and brands and number, as near as can be ascertained, and stating when and where the owner can find said herd, and when and where they can be cut out, together with the sum of one dollar for such recorder's services in sending notices to owner; and such recorder shall send a copy of such notice, by registered letter, to the stock grower who may be the owner of the recorded brand described in the notice, if such brand has been recorded. The stock grower giving such notice shall receive one dollar each for such notices sent, and repayment of one dollar paid to the recorder, and shall receive the sum of ten cents per head per month, or any part of the same, from the time of sending said notice, to be recovered from the owner of said estray sheep, for which said stock grower shall have a lien, and shall not be required to deliver said sheep to the owner until such sums shall be paid. No sheep owner shall shear or cause to be sheared any sheep not his own without the consent of the owner.

Historical: Laws 1905, 352, Sec. 15.

Sale of Branded Animals.

Sec. 1236. The owners of horses, mules, asses or cattle running at large upon any range in this State, may dispose of such animals by range delivery, while on the range and ungathered, by the sale and delivery of the recorded brands of such animals, but in every such case the purchaser, in order to record title to such animals, must have his conveyance or written transfer of such animals described by brand duly acknowledged by the vendor, and recorded in the office of the county recorder of the county in which the animals range, in a book kept for that purpose, and such sale or transfer shall be noted on the record of original brands in the office of the State Recorder.

Historical: Laws 1905, 352, Sec. 16.

Partnership Brands.

Sec. 1237. Partners in stock growing may adopt and use partnership brands or marks, in which case they must select, record and use the same in the manner provided for the individual stock growers, or they may adopt and use the individual brand or mark of any individual member of the partnership, duly selected and recorded as provided in this article.

Erection of Partition Fences.

Sec. 1266. When two or more persons own land adjoining which is inclosed by one fence, and it becomes necessary for the protection of the rights and interests of one party that a partition fence be made between them, the other or others, when notified, must proceed to erect, or cause to be erected, one-half of such partition fence; said fence to be erected on, or as near as practicable to, the line of said land. And if, after notice given in writing, either party fails to erect and complete, within six months time thereafter, one-half of such fence, the party giving the notice may proceed to erect the entire partition fence and collect by law one-half of the costs of such fence from the other party, and he has a lien upon the land thus partitioned.

See 13 Ter. Ses. (1885) 118, Sec. 1.

Care of Fences by Adjoining Owners.

Sec. 1267. Each adjoining land owner, unless both otherwise agree, or unless other arrangements have heretofore been made, must construct and keep in repair that half of the line fence between their respective tracts of land which is to his left when he is standing on his own land facing the other; unless the owner of one of said tracts choose to allow his land to be uninclosed: *Provided*, That one party may, for his own convenience, strengthen, or render hog-tight, the whole or any part of said fence by stretching one or more additional wires thereon or otherwise; in which event the other shall not be liable for his proportion of the additional cost; but, *Provided, further*, If one of the parties shall render such fence hog-tight and the other shall at any time use his field for the pasture of hogs, sheep or goats, without a herder, such other shall become liable as a joint user or owner, and shall, upon demand of the party building the hog-tight fence, pay his just proportion thereof. In case viewers are appointed, as provided in Section 1269, the report of such viewers must be in conformity with this section.

Use of Division Fence in Making Inclosure.

Sec. 1268. Historical: Rev. St. 1887, Sec. 1304.
See 13 Ter. Ses. (1885) 118, Sec. 1.

Disagreement Between Owners: Viewers.

Sec. 1269. If adjoining proprietors cannot agree as to the proportion or the particular part of a division fence to be made, maintained or kept in repair by each respectively, either party may apply, on five days' notice, to a justice of the peace of the township, if there be one, if not, to the probate judge, for the appointment of three viewers who may examine witnesses on oath, and view the premises and must determine:

1. If the fence is owned by one proprietor, how much the other must pay as his proportion of the value;

2. If the fence or the whole thereof is not built, which part thereof must afterwards be built and kept in repair by each.

The determination of the viewers must be reduced to writing and signed by them, and filed in the office of the county recorder, and such determination is conclusive upon the parties. If any part of such determination consists in fixing the value of a fence for which one party is to pay the other a proportion also fixed, such proportion must be paid within thirty days after notice of such determination, and if not so paid, may be recovered by action in any court of competent jurisdiction. The viewers are entitled to a fee of three dollars each, one-half to be paid by each proprietor.

Prohibition Against Removal.

Sec. 1270 When one party ceases to improve his land, or open his inclosure, he must not take away any part of the partition fence belonging to him and adjoining the next inclosure, if the owner or occupant of such adjoining inclosure will, within two months after the same is ascertained, pay therefor such sum as is agreed upon by the parties, or, if failing to agree, then such sum as may be adjudged by viewers as provided in the last section; nor must such partition fence be removed when by so doing it will expose to destruction any crops in such inclosures.

Sec. 1291. Any person having any inclosure in conformity with

the provisions of Chapter 10 of this title is deemed to possess a lawful inclosure, and if any horses, mules, jacks, jennies, cattle, hogs or sheep break into such inclosure, the party injured has a lien upon such animals until he is recompensed for all damages committed by said animals: *Provided*, That persons owning or occupying any lands which are inclosed by any water course or natural embankment, or hill, or any cliff or rocks, may have the same examined by viewers as is provided in this chapter, and if such appraisers report the same a sufficient inclosure, it must be deemed a lawful inclosure.

Historical: Rev. St. 1887, Sec. 1320. See 4 Ter. Ses. (1867) 80, Sec. 9. Omitting the words "attorney or" before "party injured." The act of the 4th session gave a lien to "the owner, his agent, attorney or lessee, or other party injured," but such an interpolation is unwarranted in this section

The justice, constable or sheriff may receive the same fees as for like services in a civil action. At any time before said sale the owner may redeem said property from said lien, upon paying the costs and judgment, when rendered, or amount of said claim and costs.

Section
1301. Neglect of constable.

Note: The estray law has been amended by practically every session of the Legislature for the last ten years. The subject was treated in Title 9 of the Political Code of the Revised Statutes, which was amended by Laws 1897, 76; Laws 1899, 305; ib. 397; Laws 1901, 88; Laws 1903, 212. The act of 1905, contained in this chapter, was evidently intended to cover the whole subject and to supersede all prior legislation. The first section of this law was amended by Laws 1907, 551.

Taking Up Estrays.

Sec. 1299. Any animal or animals running at large in this State without sufficient food or shelter at any time between the first day of November and the first day of the following March, and any bull old enough for service found running at large between the first day of November and the first day of June, and any animal that breaks or jumps more than once into any field or other inclosure surrounded by a lawful fence, may be taken up by any resident of this State, who shall immediately notify the constable of the precinct in which such animal or animals may be found, who shall proceed in the following manner:

(a) If the owner is known, he shall, within five days, notify such owner in writing, describing the animal or animals and where he may obtain the same.

(b) If the owner is unknown, then he shall at once send by registered mail to the county recorder a written notice describing the animal or animals so taken by marks, brands, age, sex, kind and color, and where the animal or animals are held, and shall search diligently on said animals for marks and brands.

(d) If the constable receives notice from the said county recorder that the brand described as being on said animal or animals is recorded, and the owner of the recorded brand has been notified, he shall wait ten days after receiving said notice before advertising the sale thereof as herein provided.

(f) If the owner of the recorded brand does not appear and claim the animal or animals within ten days after the constable receives notice from the county recorder, then said constable shall

proceed to advertise and sell said animal or animals the same as if the brand on said animal or animals was unrecorded.

(g) If any person appears before the constable and claims said animal or animals before such sale, then if such person appears to be the recorded owner of the brand of such animal or animals, such constable shall deliver such animal or animals to the owner on his paying all costs of caring for, sending and preparing notices, and advertising the same as hereinafter provided.

THE HORTICULTURAL AND BEE INDUSTRIES.
CHAPTER 15.
HORTICULTURAL INSPECTION.

Article	Article
1. The State Board of Horticultural Inspection and its officers.	2. Regulations relating to fruit.

Note: A horticultural law was first enacted in 1891 (Laws 1890-91, 182). This act provided for the appointment of a horticultural commissioner in each county on application being made therefor. It was superseded by Laws 1905, 77, providing for the appointment of a State Horticultural Inspector, which in turn was repealed by Laws 1897, 109, which first created a Board of Horticultural Inspection, and the provisions of which were substantially the same as those of the present law, except that there was no general State Inspector, but merely district inspectors. This latter act was re-enacted by Laws 1899, 122, and was superseded in 1903 by the act contained in this chapter.

ARTICLE 1.

THE STATE BOARD OF HORTICULTURAL INSPECTION AND ITS OFFICERS.

Section	Section
1310. Constitution of State Board.	1314. Bond of Inspector and deputies.
1311. Meetings and election of officers.	1315. Duties.
1312. Appointment of Inspector and deputies.	1316. Same: Authority to enforce quarantine.
1313. Compensation of deputy inspectors.	1317. Reports.

Constitution of State Board.

Sec. 1310. The State Board of Horticultural Inspection consists of five members, as follows: The director of the experiment station and the professor of zoology of the University of Idaho shall be ex-officio members of said board, and the other three members shall be

appointed by the Governor of the State, and shall hold office for a term of three years, or until their successors are appointed and qualified: *Provided*, That the present members of the board shall hold office for the remainder of their respective terms in the same manner as if these Codes had not been passed, one member retiring and a new member being appointed each year. Before entering upon the duties of his office each member of the board shall take and subscribe the official oath prescribed for State officers, which oath shall be filed in the office of the Secretary of State. The members of the board shall serve without compensation, but shall receive actual expenses incurred in attending meetings of the board.

Historical: Laws 1903, 347, Secs. 1 (amended Laws 1907, 448, Sec. 1), 2 and 16, re-written in combination. The phraseology of Section 1 has been

changed so as to omit the provision for the appointment of the first board, and to preserve the present constitution of the board.

Meetings and Election of Officers.

Sec. 1311. The State Board of Horticultural Inspection shall elect its president and secretary annually from its members on the first Monday in April of each year, and each of said officers shall hold his said office at the pleasure of the board. The secretary shall perform such duties as may be prescribed by the board, and shall receive such compensation as the board may establish, not exceeding seven hundred dollars per annum, payable as provided in Section 1120. Said board shall meet annually at such time and at such places as it may determine.

Historical: Laws 1907, 448, Sec. 1, adding Section 21 to Laws 1903, 347, combined with Section 3 of the 1903 Law. Omitting the provision for the first election of officers. The provision fixing the secretary's salary at \$700 "payable as provided in Section 1120," is taken from Laws 1905, 54, Sec. 7 (Code Sec. 1120), which makes

the secretary an officer of both the Dairy, Food and Oil Board and the Horticultural Board, and requires his salary to be paid one-half from the horticultural funds and one-half from the dairy, food and oil funds. This section as it appeared in the 1903 law fixed the secretary's salary at not to exceed \$350.

Appointment of Inspector and Deputies.

Sec. 1312. The board shall appoint a State Horticultural Inspector, whose jurisdiction shall extend throughout the State, who shall receive a salary of eighteen hundred dollars per annum, payable as provided in Section 1120. They shall also divide the State into not more than ten districts, and the State Horticultural Inspector shall appoint, subject to the confirmation of the board, a deputy State horticultural inspector for each district so established, if necessary. The persons so appointed shall be especially qualified for their positions by reason of a practical knowledge of horticulture and the pests incident thereto. Their jurisdiction shall be limited to their respective districts. Said inspectors shall hold their office during the pleasure of said board. Said board shall make an estimate of the amount of money available for each district for each year, and no inspector shall incur any expense in the discharge of his duties in excess of said estimate furnished herein by said board. The aggregate sum of all the estimates furnished to the various inspectors for any one year must in no case exceed the amount available for carrying out this chapter for such year.

Historical: Laws 1903, 347, Sec. 4. "Who shall receive a salary of eighteen hundred dollars per annum, payable as provided in Section 1120," inserted for "and shall fix his salary at not less than nine hundred dollars per

annum," to conform to Laws 1905, 54, Sec. 7. (See Codes, Sec. 1120).

Such compensation shall be paid out of the general fund of the State upon warrants duly drawn by the State Auditor, only after the bills presented for such services shall have been audited and approved by the secretary and a majority of said board, and audited as other bills against the State of Idaho.

Historical: Laws 1903, 347, Sec. 5.

Bond of Inspector and Deputies.

Sec. 1314. Before entering upon the discharge of his duties the State Horticultural Inspector shall be required to give bond in the sum of five thousand dollars for the faithful discharge of his duties; and before entering upon the discharge of their duties the several district horticultural inspectors shall be required to give bond in the sum of one thousand dollars for the faithful discharge and performance of their duties; said bonds to be approved by the State Board of Horticultural Inspection, and filed with the secretary of said board.

The expense of such proceedings shall be paid out of the general fund of the State in the same manner as above set forth for paying said inspectors. All sums so paid shall be collected from the parties owning said real estate on which said nuisance was situated, by civil suit in the name of the board herein created, and it shall be the duty of the county attorney of the county in which said real estate is situated to bring said suit, and said sum when collected shall be paid into the State Treasury.

Sec. 1317. Each inspector shall make a detailed report of all his official acts, to the secretary of said board on the first day of every month, which report shall be made under oath and shall include a statement of the number of days actually and necessarily employed and miles traveled as such inspector during said month, and a detailed statement of the amount due him or to other persons, for services or expenses incurred in carrying out the provisions of this chapter. The secretary of said board shall audit all such bills, and shall submit them by mail to each member of said board for approval and

Board of Medical Examiners.

Sec. 1341. The Governor of the State shall appoint a board of medical examiners to be known and styled "the State Board of Medical Examiners," consisting of six members, a majority of whom shall never be appointed from, nor represent, any one school of medicine, and not less than three schools of medicine shall be at all times represented on said board. All of said members shall be graduates of reputable medical colleges or universities, in good standing, and learned and skilled in theory and practice of medicine and surgery, and of good moral repute. The terms of office of the members forming the board shall be six years, and until their successors shall have been appointed and qualified. The members of said board as at present constituted shall hold office for their respective unexpired terms, two retiring each odd numbered year, and thereafter their successors shall be so appointed that two members shall retire, and two members be appointed, each odd numbered year. All persons appointed to serve upon said board shall, upon assuming the duties thereof, make oath before a District or probate judge, that they are graduates of colleges or universities in good standing, giving names and location thereof, and that they will faithfully and impartially perform the duties of such office. These oaths shall be made in duplicate, one to be retained on file in the office of the secretary of the board, and one to be forwarded to the Secretary of State, who shall, on receipt of the same, issue to each member appointed on said board, and complying with this section, a certificate of such appointment, under his hand and the Great Seal of the State: *Provided*, That the Governor shall remove any member of said board who shall be guilty of any criminal or dishonorable conduct, or who shall be guilty of any unprofessional conduct forbidden by this chapter, upon recommendation from the said board, made pursuant to a resolution thereof, duly authenticated, and accompanied by all the facts and testimony in possession of said board, upon which the said resolution is based. Vacancies occurring from death, resignation or any other cause shall be filled by appointment by the Governor within thirty days from the time such vacancies occur; such appointee shall serve during the unexpired portion of the term of the member whose place he fills: *Provided, further*, That no person otherwise eligible shall be appointed on said board who is not in possession of a license to practice medicine and surgery in this State under the provisions of this chapter.

Historical: Laws 1899, 345, Sec. 1, re-written so as to omit the provision for the appointment of the first board,

and to preserve the constitution of the board as a continuing body.

Board to Prescribe Regulations.

Sec. 1342. Said board shall have authority to prescribe and establish all needful rules, regulations and by-laws, not inconsistent with the laws of this State, or the United States, to carry into effect the provisions of this chapter.

Historical: Laws 1899, 345, Sec. 2.

Officers: Meetings: Records of Board.

Sec. 1343. Said board shall organize immediately after appointment by electing from among its members a president, secretary, and a treasurer, and shall provide a seal and shall attest its acts under said seal. Any member of the board shall have the authority to administer oaths,—and the board shall have authority to take testimony whenever the same is necessary in any manner relating to its official acts or duties. Said board shall hold regular meetings on the first Tuesday in the months of April and October in each year at the capital of the State, or at such other places as the board shall designate. Special meetings may also be called, when, in the opinion of a majority of the said board, the same are necessary, and shall be held at such times and places as a majority of the board may designate. Four members of the board shall constitute a quorum to transact business at any regular or special meeting. Said board shall keep a minute book or general book of record in which all the official acts, proceedings and transactions of said board shall appear in full. They shall also keep in addition thereto a “cash book,” in which shall appear in detail all receipts and disbursements of said board. They shall also keep a special register, containing the names and addresses of all applicants for license, together with the data required to be furnished in the application for said license. Said special register shall also show whether the applicant received license or was rejected, and if the applicant was rejected, it shall contain a full statement of the reasons therefor. Said general book of record, the cash-book, and the special register, shall be prima facie evidence of all matters therein recorded, and shall be public records in charge of the secretary of the board.

Historical: Laws 1899, 345, Sec. 3. The clause defining a quorum for the transaction of business is taken from Sec. 12 (Sec. 1348 post), to which it is not germane.

Compensation of Members.

Sec. 1344. The members of said board shall look alone to the revenues of this chapter for reimbursement of actual expenses incurred in attendance upon the business of sessions of said board, and they shall look alone to the same source for their per diem allowance, which shall not exceed the sum of five dollars per day each, for each day said board may be in actual session.

Historical: Laws 1899, 345, Sec. 17.

Annual Report.

Sec. 1345. The board shall make an annual report to the Governor of the State, which report shall set forth a full and complete history of all its official acts during the year, and shall also contain a true statement of all receipts and disbursements of said board for the period so reported.

Historical: Laws 1899, 345, Sec. 4.

Examination of Applicants.

Sec. 1346. Every person, except as hereinafter provided, desiring

to commence the practice of medicine and surgery, or either of them, within the State shall, immediately and prior to commencing the same, make a written application to the State Medical Examining Board, upon suitably prepared blanks, to be furnished by the board, for a license so to do. The applicant shall transmit with said application his or her diploma, together with an affidavit setting forth that said diploma is genuine and that the applicant is the rightful possessor thereof and the identical person named therein, and that the same was obtained by pursuing the regular course of study or examination in said institution, and setting forth that he or she is a citizen of the United States, or has declared his intention of becoming such. If the said diploma has been issued by a reputable college of medicine in good standing, said applicant shall be eligible to examination.

All applicants shall be examined in the applied branches of the theory and practice of medicine and surgery or either of them, as those branches are taught in the reputable chartered schools of the system of medicine to which the applicant belongs and which the applicant intends to practice, and such examination shall in all cases include anatomy, physiology, pathology, diagnosis, hygiene, chemistry, histology and toxicology.

No applicant for a license shall be allowed to practice medicine and surgery or either of them until such license shall have been granted. The board shall cause the examination to be scientific and practical, and sufficiently thorough to test the applicant's fitness to practice medicine and surgery or either of them, and if the applicant correctly answer at least seventy-five per cent of all the questions submitted, said board shall grant the applicant a license to practice medicine and surgery in this State. Every applicant for license under any of the provisions of this chapter, must furnish sufficient evidence to the board that he is of good moral character. All applications under this section must be accompanied by twenty-five dollars which is the fee for examination under this section. Should the applicant fail to pass said examination, the fee is not returnable. The cost of transmission to and from the board of all papers belonging to an applicant under this or any other section of this chapter shall be paid by the applicant. In case an applicant for an examination fails to pass the required examination, he or she may be re-examined after the expiration of six months, and within one year, without the payment of an additional fee, and thereafter said applicant may be examined as often as desired at any regular or special meeting of the board on the payment of the regular fee for such examination. Said board may also refuse a license, for unprofessional conduct, or conduct of a criminal, immoral, or dishonorable nature.

ulations. In *re Inman* (1902) 8 Ida 398; 69 Pac. 120.

Duties of Board: A Board of Medical Examiners examining applicants for a license to practice medicine, is required to exercise judgment and discretion in granting or refusing the license, and in so doing exercises quasi judicial functions. *Raaf v. State Board, etc.* (1906) 11 Ida. 707; 84 Pac. 33.

Conduct of Examination.

Sec. 1347. All questions upon the different branches of medicine and surgery submitted by said board to candidates for examination shall either be written or printed, or partly written and printed, and the questions on each branch shall be arranged upon separate sheets of paper and numbered consecutively. The candidates shall be supplied with a list of the questions upon but one branch or subject at a time; after completing his or her answers thereto, he or she shall be entitled to the next list of questions, and so on in like manner until said candidate shall have been examined in all the branches required. All answers to the questions thus submitted shall be in writing, upon suitable paper furnished by the board, no candidate being permitted to furnish his or her own paper for such written answers. Each list of the candidate's answers shall bear the same title as the corresponding list of questions, and each answer shall be numbered to correspond with the question to which it refers. The questions submitted by the board to each candidate examined, together with the answers thereto, shall be placed and kept on file in the office of the secretary of said board, and shall constitute part of the records of said office.

Historical: Laws 1899, 345, Sec. 8.

Issuance and Signing of Licenses.

Sec. 1348. All licenses issued by the board, shall be numbered consecutively and in the order issued. Each license shall be signed by the president and secretary of the board, under the official seal of the board issuing the same.

Historical: Laws 1899, 345, Sec. 12. Omitting the last sentence relating to a quorum for the transaction of business, which is combined with Sec. 3 (Sec. 1343 ante.). Sec. 5 of the act provided for the issuance of licenses without examination to established practitioners, on application be-

ing made within six months from the taking effect of the act. Failure to make such application within that time subjected the practitioner to examination as hereinbefore provided. That time having long since expired, the section is obsolete and is accordingly omitted.

Recording of License.

Sec. 1349. Every person receiving a license under this chapter shall, within thirty days thereafter, have the same recorded in the office of the county recorder, within the county where the licentiate intends to practice. Otherwise, said license is void. The county recorder of each county shall have, suitably prepared, a separate book of record in which all the licenses under this chapter presented to him, shall be recorded, and on the first day of December of each year, he shall furnish the secretary of the State Medical Examining Board a list of the licenses on record in his office, and upon notice to him from said secretary of the revocation of any license on record in his office, or of the death or removal from the county of any person whose license is on record therein, said recorder shall make a note of the fact on the page containing the record of said license, so that the records kept by said county recorder shall correspond with the records of his county, as kept by the secretary of said medical board.

Historical: Laws 1899, 345, Sec. 11.

Penalty for Practicing Without a License.

Sec. 1350. Any person practicing medicine and surgery within this State, without having obtained the license herein provided for, or contrary to the provisions of this chapter, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined not less than fifty dollars, nor more than three hundred dollars, or be imprisoned in the county jail not less than ten days, nor more than six months, or be punished by both such fine and imprisonment, in the discretion of the court, together with the costs of prosecution, and each day such person continues to practice medicine and surgery contrary to the provisions of this chapter, shall constitute a separate offense.

Historical: Laws 1899, 345, Sec. 10. Phraseology slightly changed to conform to grammatical rules.

Rejection of Applicant: Since this section makes it a misdemeanor to practice medicine without a license from the Board of Medical Examiners,

the court has no authority in reviewing the action of the examiners in rejecting an applicant to decree that such applicant has the right to practice medicine. *Raaf v. State Board*, etc. (1906) 11 Ida. 707; 84 Pac. 33.

Cancellation of and Refusal to Grant License.

Sec. 1351. When complaint is made to the board, of unprofessional or other conduct, on the part of any licentiate, under the provisions of this chapter, meriting a suspension, revocation or cancellation of his license, the board shall have power to hear evidence for and against the accused, touching such complaint, and if the board be satisfied from the evidence of the justice of such complaint, the board must institute proper proceedings in the District Court in and for the county where such licentiate resides, for the suspension or revocation and cancellation of such license, and the District Courts of this State are hereby vested with jurisdiction to hear and determine all such proceedings, and to suspend or revoke and cancel any license at issue in any such proceeding. The accused shall be entitled to appear in person or by counsel at every stage of any such proceeding, from the first hearing of said complaint before the board to the final disposition of the case in the District Court. All costs incident to any such proceeding in the District Court shall be assessed by the court as the justice of the case, in the discretion of the court, may require. In all such proceedings the county attorney shall appear for the board in the District Court. In case the board refuse to grant a license to practice under this chapter, the applicant shall have the right to have the action of the board refusing such license reviewed by the District Court in and for the county in which the meeting at which the license was refused was held, or such other county as may be agreed upon: *Provided*, Proceedings for such review be instituted within ten days after notice of such refusal to the applicant.

Historical: Laws 1899, 345, Sec. 9.

Review of Board's Action: The jurisdiction of courts in reviewing the action of the Board of Medical Examiners in refusing to grant a license is confined to the scope of investigation usually pursued and exercised by the courts in issuing and considering writs of review; this section does not

confer on disappointed applicants the right of appeal from the action of the examiners, or authorize the court to re-examine and re-grade the applicant, and to determine whether or not, as a matter of fact, the applicant passed the examination. *Raaf v. State Board*, etc. (1906) 11 Ida. 707; 84 Pac. 33

Note: This chapter is taken from the 1907 law, which supersedes and repeals Laws 1899, 387.

State Board of Dental Examiners.

Sec. 1357. The State Board of Dental Examiners, consisting of five members, heretofore created, shall continue to be the State Board of Dental Examiners. Upon the expiration of each member's term of office the Governor shall appoint his successor, who shall hold office for three years, or until his successor is appointed and qualified. In case of a vacancy occurring in said board, the Governor shall fill the same by appointment. No person shall be eligible for membership on such board who is not a legally practicing dentist in this State. The Board of Dental Examiners may sue and be sued, and in all actions brought by or against it, it shall be made a party under the name of the Board of Dental Examiners of the State of Idaho, and no suit shall abate by reason of any change in the membership of said board.

Historical: Laws 1907, 547, Secs. 2, 8.

Officers, Meetings and Records of Board.

Sec. 1358. Such board shall have power to make reasonable rules and regulations for carrying into effect the provisions of this chapter. It shall choose one of its members president, and one secretary thereof, and shall have a common seal. The secretary shall give such bond as the board shall, from time to time, require. It shall hold one regular meeting each year, and special meetings at such time and place as the board may select. A majority of the members of the board shall constitute a quorum for the transaction of business, but one less number may adjourn from time to time. The board shall keep full and complete minutes of its proceedings and of its receipts and disbursements, and a full and complete record of all persons licensed and registered by it, and such records, together with a list of licensed and registered dentists, shall be public records, and shall at all reasonable times be open to public inspection. Such records, or a transcript of the same, or any part thereof, under the seal of the board, certified by the secretary thereof, shall be competent evidence of the facts therein stated. A certificate of the secretary, under the seal of the board, stating that any person is or is not a registered dentist shall be prima facie evidence of the fact. The board shall make an annual report to the Governor, by December first of each year, together with an account of all moneys received and disbursed under this chapter.

Historical: Laws 1907, 547, Sec. 3. The provision requiring the secretary to give bond, and the provision requiring reports to be made to the Governor are taken from Section 4

(Sec. 1359) to which they are not germane.

Cross Reference: Reports of officers: Sec. 279.

Payment of Expenses.

Sec. 1359. All legitimate and necessary expenses, incurred in attending and holding the sessions of said board, shall be paid out of the funds coming into possession of the board, from fees, fines and penalties recovered under the provisions of this chapter: *Provided*, That no part of the expenses of the board shall ever be paid out of the State Treasury. All funds received in excess of expenses above provided for shall be held by the secretary of said board as a special fund for meeting the expenses of carrying out the provisions of this chapter.

Historical: Laws 1907, 547, Sec. 4. The phrases preceding the proviso are transposed for grammatical reasons. The two concluding sentences of the section which required the secretary

to give bond, and the board to report to the Governor, are transferred to the preceding section, to which they seemed more germane.

Practicing Dentistry Defined.

Sec. 1360. All persons shall be said to be practicing dentistry within the meaning of this chapter who shall, contrary to this chapter, for a fee, salary or other reward, paid either directly or indirectly to himself or to another person, perform operations or parts of operations of any kind on, or treat diseases or lesions of the human teeth or jaws, or correct malpositions thereof. This chapter shall not be construed to prohibit an unlicensed person from performing mechanical work upon inert matter in a dental office or laboratory, or to prohibit the student of a licensed dentist from assisting his

preceptor in dental operations while in his presence and under his direct and immediate personal supervision, or to prohibit a duly licensed physician from treating the diseases of the mouth, or performing operations in oral surgery.

Historical: Laws 1907, 547, Sec. 6.
The word "perform" inserted before

"operations," to express what seemed to be the meaning of the section.

Examination of Applicants to Practice.

Sec. 1361. Any person who shall desire to begin the practice of dentistry in the State of Idaho, shall file his name, together with an application for examination, with the secretary of the State Board of Dental Examiners, and at the time of making application shall pay to the secretary a fee of twenty-five dollars, and shall present himself at the first meeting of said board to undergo examination before that body. In order to be eligible for such examination, such person shall present to said board his diploma from some dental college in good standing, or a license from some other State dental board, or furnish proof of having been engaged in the study of dentistry under a licensed dentist for at least four years. The examination shall be elementary and practical in character, but sufficiently thorough to test the fitness of the applicant to practice dentistry. Board of Osteopathic Examination and Registration.

Sec. 1366. The Board of Osteopathic Examination and Registration consists of five persons who are reputable practitioners of osteopathy, selected from a number of not less than fifteen who are recommended by the State Osteopathic Association; the recommendation of the president and secretary being sufficient proof of the appointee's standing in the profession. The term of office of one member of the board expires each year, and in each year the Governor shall appoint one person to fill the vacancy thus created in the board at that time from a number of not less than five who are recommended by the State Osteopathic Association; the term of said appointee to be for the term of five years. A vacancy occurring from any cause shall be filled by the Governor for the unexpired term in the same manner as last above stated. The board shall meet annually in the City of Boise, and organize by electing a president, secretary and treasurer, each to serve for one year. The treasurer and secretary shall each give bond, approved by the board, for the faithful performance of their respective duties, in such sum as the board may, from time to time, determine. The board shall have a common seal, and shall formulate rules to govern its actions; and the president and secretary shall be empowered to administer oaths. The board shall meet in the City of Boise in June of each year, and at such other times and places as a majority of the board may designate. Three members of the board shall constitute a quorum, but no certificate to practice osteopathy shall be granted on the affirmative vote of less than three. The board shall keep a record of its proceedings and a register of all applicants for certificates, giving the name and location of the institution granting the applicant the degree of doctor of, or diplomate in, osteopathy; the date of his or her diploma; and also whether the applicant was rejected, or diploma granted. The record and register shall be prima facie evidence of all matters recorded therein.

for the appointment and first meeting of the board.

Sec. 1367. All fees shall be paid in advance to the treasurer of the board, to be held by him as a fund for the use of said Board of Osteopathic Examination and Registration. The compensation and

expenses of the officers and members of said board, and all expenses proper and necessary, in the opinion of said board, to discharge its duties under and to enforce the law, shall be paid out of said funds upon warrants of the president and secretary of said board, and no expense shall be created to exceed the income of fees or fines as hereby provided. The salaries shall be fixed by the board, but shall not exceed ten dollars per day and railroad and hotel expenses.

Historical: Laws 1907, 128, Sec. 3.

Examination and Issuance of Certificates.

Sec. 1368. Any person, before engaging in the practice of osteopathy in this State, shall, upon payment of a fee of twenty-five dollars, make application for certificate to practice osteopathy, to the Board of Osteopathic Examination and Registration, on a form prescribed by the board, giving:

1. His name and age, which shall not be less than twenty-one years, and residence;

2. Evidence that such applicant shall have, previous to the beginning of his course in osteopathy, a certificate of examination for admission to the freshman class of a reputable literary or scientific college, a diploma from a high school, academy, State normal school, college or university, approved by the aforesaid board;

3. The date of his or her diploma, and evidence that such diploma was granted on personal attendance and completion of a course of not less than three terms of not less than nine months each in three separate years;

4. The name of the school or college of osteopathy from which said applicant is a graduate, and which shall have been in good repute as such at the time of granting his or her diploma, as determined by the board.

The board may, in its discretion, accept as the equivalent of any part or all of the second, third and fourth requirements, evidence of five or more years of reputable practice of osteopathy: *Provided*, Such substitution be specified in the certificate.

If the evidence thus set forth, and to which the applicant shall be required to make affidavit, shall meet the requirements of the board as prescribed by its rules, then the board shall require the applicant to submit to an examination as to his qualification for the practice of osteopathy, which shall include the subjects of anatomy, physiology, physiological chemistry, toxicology, osteopathic pathology; osteopathic diagnosis, hygiene, osteopathic obstetrics and gynecology, minor surgery, principles and practice of osteopathy, and such other subjects as the board may require. If such examination is passed in a manner satisfactory to the board, or with a grade of seventy-five per cent, then the board shall issue to said applicant a certificate granting him or her the right to practice osteopathy in the State of Idaho. All examination papers shall be recorded and kept by the board. Any person failing to pass such examination may be re-examined at any regular meeting of the board within one year from the time of such failure, without additional fee: *Provided*, That a physician's certificate issued by a reputable school of osteopathy to a graduate from a reputable school of medicine after an attendance of

not less than two terms of not less than nine months each in two separate years may be accepted by the board on the same terms as a diploma, and the holder thereof shall be subject to the same regulations in all other respects as other applicants before the board. *Provided, further,* That the board may, in its discretion, dispense with an examination in the case, first, of an osteopathic physician duly authorized to practice osteopathy in any other State or Territory or the District of Columbia, who presents a certificate of license issued after an examination by the legally constituted board of said State, Territory or District of Columbia, accorded only to applicants of equal grade with those required in this State; or, second, of an osteopathic physician who has been in the actual practice of osteopathy for five years, who is a graduate of a reputable school of osteopathy, who may desire to change his residence to this State and who makes application, on a form to be prescribed by the board, accompanied by a fee of twenty-five dollars. The secretary of the board may grant a temporary permit until a regular meeting of the board or to such time as the board can conveniently meet, to one whom he considers eligible to practice in the State, and who may desire to commence the practice immediately. Such permit shall only be valid until legal action of the board can be taken. In all of the above provisions the fee shall be the same as charged to applicants for examination.

The board may refuse to grant a certificate to any person convicted of a felony or of unprofessional conduct, or who is addicted to any vice to such degree as to render him unfit to practice osteopathy, and may, after due notice and hearing, revoke such certificate for like cause.

Historical: Laws 1907, 128, Sec. 2. Omitting provisions, now obsolete, for the registration of applicants engaged in practice prior to the passage of the act, and as to qualifications of appli-

cants during, and prior to, the year 1908, which will be obsolete at the time of the submission of these Codes to the Legislature.

Certificates to Be Recorded.

Sec. 1369. Every person holding a certificate from the State Board of Examination and Registration shall have it recorded in the office of the recorder of the county in which he or she expects to practice. Until such certificate is filed for record, the holder shall exercise none of the rights or privileges therein conferred. Such certificate shall be recorded as are other medical certificates and for the same fee.

Historical: Laws 1907, 128, Sec. 5.

Fraudulent Practice a Misdemeanor.

Sec. 1370. O.," "D. Sc. O.," "Osteopathic Physician," "Doctor of Osteopathy," or any other title

or letters, either alone or with other qualifying words or phrases, under such circumstances as to induce the belief that the person using such term or terms is engaged in the practice of osteopathy; without having complied with the provisions of this chapter, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined not less than fifty nor more than two hundred dollars for each offense, or be imprisoned not less than three months nor more than six months in the county jail.

Sec. 1390. It shall be unlawful for any person not a registered pharmacist, within the meaning of this chapter, to conduct or manage any pharmacy, drug or chemical store, apothecary shop or other place of business, for the retailing, compounding or dispensing of any drugs, chemicals or poisons, except as hereinafter provided; or for the compounding of physicians' prescriptions; or to keep exposed for sale at retail any drugs, chemicals or poisons; or for any person not licensed as a pharmacist or assistant pharmacist, within the meaning of this chapter, to compound, dispense, or sell at retail, any drug, chemical, poison or pharmaceutical preparation, upon the prescription of a physician or otherwise; or to compound physicians' prescriptions, except under the supervision of a person licensed as a pharmacist under this chapter. And it shall be unlawful for any owner or manager of a pharmacy, drug store or other place of business, to cause or permit any other than a person licensed as a pharmacist or assistant pharmacist to compound, dispense, or sell at retail, any drug or medicine or poison except as an aid to or under the supervision of a person licensed as a pharmacist or assistant pharmacist: *Provided, however,* That nothing in this section shall be construed to interfere with a legally registered practitioner of medicine or dentist, in the compounding of his own prescriptions, or to prevent him from supplying to his patients such medicines as he may deem proper; nor with the exclusively wholesale business of any dealer who shall be licensed as a pharmacist, or who shall keep in his employ at least one person who is licensed as a pharmacist; nor with the selling at retail of domestic non-poisonous remedies; nor with the sale of patent or proprietary preparations which do not contain poisonous ingredients; nor with the sale of poisonous substances which are sold exclusively for use in the arts, or for use as insecticides, when such substances are sold in unbroken packages bearing a label having plainly printed upon it the name of the contents, the word "poison" and the names of at least two readily obtained antidotes: *Provided,* Nothing in this chapter shall be construed to apply to the manufacture or sale of proprietary or patent medicines: *Provided, further,* That in any village of not more than two hundred inhabitants, where there is no person licensed as a pharmacist within less than two miles of such village, the Board of Pharmacy may grant to any person who is licensed as assistant pharmacist, a permit to conduct a drug store or pharmacy in such village, which permit shall not be valid in any other village than the one for which it was granted, and shall cease and determine when the population of the village for which such permit was granted shall become greater than two hundred: And, *Provided,* also, That this chapter shall not apply to dealers in general merchandise in a city or rural district where there is no person licensed as a pharmacist or assistant pharmacist. All

such drugs and remedies authorized to be sold by general merchandise stores shall be sold in original packages, properly labeled over the name of a registered pharmacist of this or some other State. Within the meaning of this chapter rural districts are places of not more than one hundred inhabitants.

Historical: Laws 1905, 319, Sec. 1.

Application for Examination.

Sec. 1391. Every person who shall hereafter desire to be licensed as a pharmacist or assistant pharmacist, shall file with the secretary of the Board of Pharmacy an application, duly verified under oath, setting forth the name and age of the applicant, the place or places at which he studied, and the time spent in the study of, the science and art of pharmacy, and the experience in compounding physicians' prescriptions which the applicant has had under the direction of legally qualified pharmacists; and shall appear at a time and place designated by the Board of Pharmacy, and submit to an examination as to his qualifications for registration under this chapter, as pharmacist or assistant pharmacist.

Historical: Laws 1905, 319, Sec. 2. Omitting the first two sentences, which provided for the licensing of persons engaged in the practice of pharmacy at the time of the passage of the act. As the act has been in effect for over

three years, and Sec. 4 (Sec. 1393 post) limits the duration of a license to two years, and Section 6 (Sec. 1395 post) avoids licenses not renewed written sixty days from their expiration, the omitted sentences are obsolete.

Qualifications of Licentiates and Assistants.

Sec. 1392. In order to be licensed as a pharmacist, within the meaning of this chapter, an applicant shall not be less than twenty-one years of age, and he shall present to the Board of Pharmacy satisfactory evidence that he has sufficient preliminary education, and that he has had four years' experience in pharmacy under the instruction of a licensed pharmacist; and he shall also pass a satisfactory examination by or under the direction of the Board of Pharmacy.

In order to be licensed as an assistant pharmacist, within the meaning of this chapter, an applicant shall not be less than eighteen years of age, and shall have had not less than two years' experience in pharmacy under the instruction of a licensed pharmacist. He shall also have had sufficient preliminary education, and shall pass a satisfactory examination by or under the direction of the Board of Pharmacy: *Provided, however,* That in case of persons who have attended a reputable school or college of pharmacy, the actual time of attendance at such school or college of pharmacy shall be deducted from the time of experience required of pharmacists and assistant pharmacists, but in no case shall less than two years' experience be required for registration as a licensed pharmacist.

Historical: Laws 1905, 319, Sec. 3.

Issuance and Refusal of Licenses.

Sec. 1393. If the applicant for license as pharmacist or assistant pharmacist has complied with all the provisions of the two preceding sections, the Board of Pharmacy shall enroll his name upon the regis-

ter of pharmacists or assistant pharmacists, and issue to him a license which shall entitle him to practice as a pharmacist or assistant pharmacist for the period of two years from the date of said license. The Board of Pharmacy may refuse to grant a license to any person guilty of felony or gross immorality, or who is addicted to the use of alcoholic liquors or narcotic drugs to such an extent as to render him unfit to practice pharmacy; and the board may, after due notice and hearing, revoke the license for like cause, or any license which has been obtained by fraud. An appeal from the action of the board in refusing to grant or in revoking a license for such cause, may be taken to the Governor and Attorney General, the decision of which officers, either affirmative or overruling the action of the board, shall be final.

Historical: Laws 1905, 319, Sec. 4.
Omitting the last sentence relating to

patent medicines, which is appended
to Sec. 13 (Sec. 1398 post).

License of Registered Pharmacists From Other States.

Sec. 1394. The Board of Pharmacy may issue a license to pharmacists and assistant pharmacists who are registered in other States, or who are graduates of a reputable school or college of pharmacy requiring not less than a three years' course, without examination: *Provided*, That the requirements of the State are equal to the requirements of this State. Applicants for license under this section shall be required to pay the same fees as those undergoing an examination.

Historical: Laws 1905, 319, Sec. 5.

Licenses to Be Displayed: Renewal.

Sec. 1395. All licenses and permits under the provisions of this chapter, shall within thirty days of the issuance of the same, be conspicuously displayed in the place of business of the person holding the license or permit.

All licenses and permits must be renewed within sixty days after the expiration of the same. A failure to make application for renewal within the time specified will work forfeiture of the right to renewal under this chapter, and will subject the applicant to examination and the payment of the original fee.

Historical: Laws 1905, 319, Sec. 6.

Unauthorized Persons Not to Use Title of Pharmacist.

Sec. 1396. It shall be unlawful for any person, not legally licensed as a pharmacist, to take, use or exhibit the title of pharmacist or the title of druggist or apothecary, or any other title or description of like import; and it shall be unlawful for any person, not legally licensed as an assistant pharmacist, to take, use or exhibit the title of assistant pharmacist, or any other title or description of like import.

Historical: Laws 1905, 319, Sec. 14.

Restrictions Upon Sale of Poisons and Patent Medicines.

Sec. 1398. It shall be unlawful for any person to sell or deliver to any minor under sixteen years of age, except upon the written order of an adult, or to sell to or deliver to any person, any of the following described substances, or any poisonous compounds or preparations thereof, to-wit: Arsenic, corrosive sublimate, hydro-cyanic acid, opium, morphine, strychnine, cocaine, or aconite, except in the manner following: It shall first be learned, by due inquiry, that the person to whom delivery is made is aware of the poisonous character of the substance, and that it is desired for a lawful purpose, and the box, bottle or other package shall be plainly labeled with the name of the substance, the word "poison," and the name of the person or firm dispensing the substance. Before a delivery shall be made of any of the foregoing substances, there shall be recorded, in a book kept for that purpose, the name of the article, the quantity delivered, the purpose for which it is alleged to be used, the date of delivery, the name and address of the purchaser and the name of the dispenser, which book shall be preserved for at least one year and shall at all times be open to inspection by the proper officers of the law: *Provided, however,* That the foregoing provision shall not apply to articles dispensed upon the order of persons believed by the dispenser to be lawfully authorized practitioners of medicine or dentistry: And, *Provided, also,* That the record of sale and delivery above mentioned shall not be required of manufacturers and wholesalers who shall sell any of the foregoing substances at wholesale; but the box, bottle or other package containing such substance when sold at wholesale shall be properly labeled with the name of the substance, the word "poison," and the name and address of the manufacturer or wholesaler.

The board shall have the power to examine any patent or proprietary medicine, and condemn the same in case it is found to contain deleterious matter which might produce an effect other than that claimed by such patent or proprietary medicine.

Whoever, not being licensed as a pharmacist or assistant pharmacist, shall compound, dispense or sell at retail, any drug, medicine,

poison or pharmaceutical preparation, either upon a physicians' prescription or otherwise, and whoever, being the owner or manager of a drug store, pharmacy or other place of business, shall cause or permit any one not licensed as a pharmacist or assistant pharmacist to dispense, sell at retail or compound any drug, medicine, poison or physicians' prescription, contrary to the provisions of Section 1390, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined not less than ten dollars nor more than one hundred dollars.

Any license or permit or renewal thereof obtained through fraud or by any false or fraudulent representation shall be void and of no effect in law. Any person who shall make any false or fraudulent representation for the purpose of procuring a license or permit, or renewal thereof, either for himself or for another, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined not less than twenty-five dollars nor more than one hundred dollars; and any person who shall wilfully make a false affidavit for the purpose of procuring a license or permit, or renewal thereof, either for himself or for another, shall be deemed guilty of perjury, and upon conviction thereof shall be subject to like punishment as in other cases of perjury.

Whoever, being the holder of any license or permit granted under this chapter, shall fail to expose such license or permit, or any renewal thereof, in a conspicuous position in the place of business to which such permit relates, or in which the holder of any license issued under the provisions of this chapter is employed, contrary to the provisions of Section 1395, shall, upon conviction thereof, be fined not less than five dollars nor more than twenty-five dollars, and each week that such license, permit or renewal shall not be exposed shall be held to constitute a separate and distinct offense. And whoever, being the holder of any license or permit granted under this chapter, shall after the expiration of such license or permit, and without renewing the same, continue to carry on the business for which such license or permit was granted, contrary to the provisions of Section 1395, shall, upon conviction thereof, be fined not less than five dollars nor more than twenty-five dollars.

Whoever shall sell or deliver to any person any poisonous substance specified in Section 1398, without labeling the same and recording the delivery thereof in the manner prescribed in said Section 1398, shall be deemed guilty of a misdemeanor, and, upon conviction thereof, shall be fined not less than ten dollars nor more than one hundred dollars.

Whoever, not being legally licensed as a pharmacist, shall take, use or exhibit the title of pharmacist, licensed or registered pharmacist, druggist, apothecary, or any other title of similar import, contrary to the provisions of Section 1396, and whoever, not being legally licensed as an assistant pharmacist, shall take, use or exhibit the title of assistant pharmacist, or any other title of similar import, contrary to the provisions of said Section 1396, shall be deemed guilty of a misdemeanor, and, upon conviction thereof, shall be fined not less than ten dollars nor more than fifty dollars.

Board of Examiners.

Sec. 1401. Every odd numbered year the Governor shall appoint, for the term of two years, two competent engineers, who, together with the State Engineer, shall constitute an examining board, who shall serve without compensation. The State Engineer shall ex-officio be the chairman of such board, which shall hold meetings at such times and places as may be designated by the State Engineer.

Historical: Laws 1903, 81, Sec. 4. Omitting the provision for the appointment of the first board and changing "every two years" to "every

odd numbered year" so as to fix the year of appointment.

California Legislation: See Henning's Gen. Laws, 661, Sec. 5.

Application for License.

Sec. 1402. Every person desiring to become a licensed land surveyor in this State, must present to the State Engineer a certificate that he is a practical surveyor and a person of good moral character; also a certificate signed by the Board of Examining Surveyors, provided for in the preceding section, which certificate shall set forth that the person named therein is, in the opinion of the person signing the same, a fit and competent person to receive a license as land surveyor, together with his oath to support the Constitution of the State and of the United States, and to faithfully discharge the duties of a land surveyor as defined in this chapter.

Historical: Laws 1903, 81, Sec. 1.

California Legislation: Similar: Henning's Gen. Laws, 660, Sec. 1.

Issuance of License.

Sec. 1403. Upon the receipt of such certificate and oath, and upon his filing a good and sufficient bond in the sum of five hundred dollars for the faithful performance of his duties as land surveyor, the State Engineer shall issue to such applicant a license, upon payment of a fee of five dollars, which fee shall be turned into the State Treasury. The license shall set forth the fact that he is a surveyor and authorized to practice his profession within this State.

Historical: Laws 1903, 81, Sec. 2.

California Legislation: See Henning's Gen. Laws, 660, Sec. 2.

License Without Examination.

Sec. 1404. All persons residing in this State and who were engaged in the actual practice of land surveying prior to the sixth day of May, 1903, shall be licensed, without examination, to continue such practice, upon filing with the State Engineer an affidavit, stating his residence and qualifications, accompanied by the fee and bond provided for in the preceding section.

Historical: Laws 1903, 81, Sec. 11. Section 10 declared county surveyors in office at the time of the passage of the act to be licensed surveyors until the expiration of their terms. Those terms having since expired, that section is obsolete and is omitted. "Sixth day of May, 1903," inserted for "passage of

this act." The act contained no emergency clause, and became effective May 6, 1903. This section would be obsolete except for the fact that the act prescribed no time within which surveyors should apply for their licenses.

Duration of License.

Sec. 1405. Surveyor's licenses, issued in accordance with this chapter, shall remain in force until revoked for cause, as hereinafter provided.

Historical: Laws 1903, 81, Sec. 5.

California Legislation: Same: Henning's Gen. Laws, 661, Sec. 8.

Revocation of License.

Sec. 1406. Upon failure of any licensed surveyor to comply with the requirements of this chapter, and the furnishing of satisfactory proof of such fact, the State Engineer must revoke his license, and no license shall be issued to him within one year from such revocation.

Historical: Laws 1903, 81, Sec. 8.

California Legislation: Similar in

part: Henning's Gen. Laws, 662, Sec. 13.

Care of Papers.

Sec. 1407. All papers received by the State Engineer on application for licenses, shall be kept on file in his office, and a proper index and record thereof shall be kept by him, and he shall keep a list of all licensed land surveyors.

Historical: Laws 1903, 81, Sec. 3.

California Legislation: Similar in part: Henning's Gen. Laws, 660, Sec. 4.

Duties in Making Surveys.

Sec. 1408. Every land surveyor is hereby authorized to make surveys relating to the sale or subdivision of lands, the retracing or establishing of property or boundary lines, public roads, streets, alleys or trails; and it shall be the duty of each surveyor, whenever making any such survey except those relating to the retracing or subdivision of cemetery or town lots, whether the survey be made for private persons, corporations, cities or counties, to set permanent and reliable monuments; and such monuments must be permanently marked.

Historical: Laws 1903, 81, Sec. 7.

Surveyors May Administer Oaths.

Sec. 1409. Every licensed surveyor is authorized to administer

and certify oaths, when it becomes necessary to take testimony to identify or establish old or lost corners, or to perpetuate a corner that is in a perishable condition, or whenever the importance of the survey makes it desirable, and to administer oaths to assistants for the faithful performance of duty. A record of such oaths shall be kept as part of the field notes of the survey.

Historical: Laws 1903, 81, Sec. 6. The word "and" is inserted after "desirable." The section as printed and as found in the enrolled bill had a semicolon at that place, and while the insertion possibly changes the meaning of the section, it is thought that it only makes it clear. The section was

ambiguous as it stood. The words "to assistants" are transposed from their original position after "duty."

California Legislation: Similar: Henning's Gen. Laws, 661, Sec. 9.

Legal Survey of Land.

Sec. 1410. No survey of land, or plat or subdivision shall be legal after June 1, 1903, unless made by a licensed surveyor.

If the employees concerned in the controversy, or any of them, shall be members of any labor union or working men's society, they may be represented in the execution of said arbitration agreement by officers or committeemen of the union or society designated by it, in any manner conformable to its usual methods of transacting business, and others of the employees represented by committee as hereinbefore provided.

The sitting of the arbitrators shall be in the court room of the District Court or such other place as shall be provided by the county commissioners

of the county in which the hearing is had. The District Judge shall be the presiding member of the board. He shall have power to issue subpoenas for witnesses who do not appear voluntarily, directed to the sheriff of the county, whose duty it shall be to serve the same without delay. He shall have power to administer oaths and affirmations to witnesses, enforce order, and direct and control the examinations. The proceedings shall be informal in character, but in general accordance with the practice governing the District Courts in the trial of civil cases. All questions of practice, or questions relating to the admission of evidence, shall be decided by the presiding member of the board summarily and without extended argument. The sittings shall be open and public. If five members are sitting as such board, three members of the board, agreeing, shall have power to make an award, otherwise two. Sec. 1434. A copy of all the papers shall be preserved by the commission.

Record of Proceedings: Disobedience to Award: Procedure.

Sec. 1435. The clerk of the District Court shall record the papers delivered to him, as directed in the last preceding section, in the order book of the District Court. Any person, who was a party to the arbitration proceedings, may present to the District Court of the county in which the hearing was had, or the judge thereof, in vacation, a verified petition referring to the proceedings and the record of them, in the order book, and showing that said award has not been complied with, stating by whom and in what respect it has been disobeyed. Thereupon the court or judge thereof in vacation, shall grant a rule against the party or parties so charged, to show cause within five days why said award has not been obeyed, which shall be served by the sheriff as other process. Upon return made to the rule, the judge, or court if in session, shall hear and determine the questions presented, and make such order or orders, directed to the parties before him *in personam*, as shall give just effect to the award. Disobedience by any party to such proceedings of any order so made, shall be deemed a contempt of the court, and may be punished accordingly. But such punishment shall not extend to imprisonment except in case of wilful disobedience. In all proceedings under this section, the award shall be regarded as presumptively binding upon the employer and all employees who were parties to the controversy submitted to arbitration, which presumption shall be overcome only by proof of dissent from the submission delivered

to the arbitrators, or one of them, in writing, before the commencement of the hearing.

Historical: Laws 1901, 66, Sec. 10.

Rules Governing Proceedings.

Sec. 1436. The labor commission, with the advice and assistance of the Attorney General of the State, which he is hereby required to render, may make rules and regulations respecting proceedings in arbitration under this chapter, not inconsistent with this chapter or the law, including forms, and cause the same to be printed and furnished to all persons applying therefor, and all arbitration proceedings under this chapter shall thereafter conform to such rules and regulations.

Historical: Laws 1901, 66, Sec. 11.

Application for Arbitration.

Sec. 1437. Any employer and his employees, not less than twenty-five in number, between whom differences exist which have not resulted in any open rupture or strike, may, of their own motion, apply to the labor commission for arbitration of their differences, and upon the execution of an arbitration agreement, as hereinbefore provided, a board of arbitrators shall be organized in the manner hereinbefore provided, and the arbitration shall take place and the award be rendered, recorded and enforced, in the same manner as in arbitrations under the provisions found in the preceding sections of this chapter.

Historical: Laws 1901, 66, Sec. 12.

Precedence of Arbitration Proceedings.

Sec. 1438. In all cases arising under this chapter, requiring the attendance of a Judge of the District Court as a member of the arbitration board, such duty shall have precedence over any other business pending in his court, and if necessary for prompt transaction of such other business, it shall be his duty to appoint the District Judge of an adjoining district to sit in the District Court in his place during the pendency of such arbitration, and such appointee shall receive the same compensation for his services as is now allowed by law to judges appointed to sit in case of change of judge in civil actions. In case the Judge of the District Court, whose duty it shall become under this chapter to sit upon any board of arbitrators shall be at the time actually engaged in a trial which cannot be interrupted without loss and injury to the parties, and which will, in his opinion, continue for more than three days to come, or is disabled from acting by sickness or otherwise, it shall be the duty of such judge to call in and appoint the District Judge of an adjoining district, to sit upon such board of arbitrators, and such appointed judge shall have the same power, and perform the same duties, as member of the Board of Arbitration, as are by this chapter vested in and charged upon the District Judge regularly sitting, and he shall receive the same compensation, now provided by law, to a judge sitting by appointment, upon a change of judge in civil cases, to be paid in the same way.

Historical: Laws 1901, 66, Sec. 13.

Investigations by Commission.

Sec. 1439. If the parties to any such labor controversy as is defined in Section 1429, shall have failed, at the end of five days after the first communication of said labor commission to them, to adjust their differences amicably, or to agree to submit the same to arbitration, it shall be the duty of the labor commission to proceed at once to investigate the facts attending the disagreement. In this investigation the commission shall be entitled, upon request, to the presence and assistance of the Attorney General of the State, in person or by deputy, whose duty it is hereby made to attend, without delay, upon request by letter or telegram from the commission. For the purpose of such investigation, the commissioners shall have power to issue subpoenas and each of the commissioners shall have power to administer oaths and affirmations. Such subpoena shall be under seal of the commission, and signed by the secretary of the commission, or a member of it, and shall command the attendance of the person or persons named in it, at a time and place named, which subpoena may be served and returned as other process by any sheriff or constable in the State. In case of disobedience of any such subpoena or the refusal of any witness to testify, the District Court having jurisdiction, or the Judge thereof during vacation, shall, upon the application of the labor commission, grant a rule against the disobeying person or persons or the person refusing to testify, to show cause, forthwith, why he or they should not obey such subpoena or testify as required by the commission, or be adjudged guilty of contempt, and in such proceedings, such court, or the Judge thereof, in vacation, shall be empowered to compel obedience to such subpoena, as in the case of a subpoena issued under the order of and by the authority of the court, or to compel a witness to testify as witnesses in court are compelled to testify. But no person shall be required to attend as a witness at any place outside of the county of his residence. Witnesses called by the labor commission, under this section, shall be paid two dollars per diem fees out of the expense fund provided by this chapter, if such payment is claimed at the time of their examination.

Historical: Laws 1901, 66, Sec. 14.

Report of Investigations.

Historical: Laws 1901, 66, Sec. 15.

Confidential Communications.

Sec. 1441. An employer shall be entitled, in his response to the inquiries made of him by the commission in the investigation provided for in the last two preceding sections, to submit in writing to the commission a statement of any facts material to the inquiry, the publication of which would be likely to be injurious to his business, and the facts so stated shall be taken and held as confidential, and shall not be disclosed in the report or otherwise.

Historical: Laws 1901, 66, Sec. 16.

Compensation of Commissioners.

Sec. 1442. Said Commissioners shall receive a compensation of six dollars each per diem, for the time actually expended, and actual and necessary traveling and hotel expenses, while absent from home in the performance of duty, and each of the two members of the Board of Arbitration, chosen by the parties under the provisions of this chapter, shall receive the same compensation for the days occupied in service upon the board. The Attorney General or his deputy shall receive his necessary and actual traveling expenses while absent from home in the service of the commission. Such compensation and expenses shall be paid by the State Treasurer upon warrants drawn by the Auditor upon itemized and verified accounts of time spent and expenses paid. All such accounts except those of the commissioners, shall be certified as correct by the commissioners, or one of them, and the accounts of the commissioners shall be certified by the secretary of the commission. It is hereby declared to be the policy of this chapter, that the arbitrations and investigations provided for in it, shall be conducted with all reasonable promptness and dispatch, and no member of any board of arbitration shall be allowed payment for more than fifteen days' service, in any one arbitration, and no commissioner shall be allowed payment for more than ten days' service in the making of the investigation provided for in Section 1439 and sections following.

This chapter and the one following contain many provisions peculiar to themselves, and not in harmony with the matters covered by the Revenue Law. They are primarily police measures, and consequently are inserted in this place.

Liquor Dealers Must Procure License.

Sec. 1506. It shall be unlawful for any person, by himself, by agent, or otherwise, to sell spirituous, malt or fermented liquors or wines, to be drank in, on or about the premises where sold, without having first procured a license and given a bond as hereinafter provided.

Historical: Laws 1890-91, 33, Sec. 1.

Applications for Licenses.

Sec. 1507. All applications for a license to sell intoxicating, spirituous, malt or fermented liquors or wines, to be drank or handled in, on or about the premises where sold, must be made to the board of county commissioners of the county wherein it is proposed to sell such liquors, at least twenty days before the meeting at which said application shall be acted upon, and said application shall specify the precinct within which such place of sale is to be located, and said application may be granted or rejected by said board as hereinafter provided.

Historical: Laws 1890-91, 33, Sec. 2; amended Laws 1907, 219, Sec. 1.

Bond of Licensee: Discretion of Commissioners.

Sec. 1508. Before any license is issued, the applicant shall produce before such board the receipt of the sheriff, showing that he has paid into his hands the amount due for such license, and shall execute and deliver to said board his bond to the State of Idaho, which bond shall be in the penal sum of three thousand dollars, with at least two good and sufficient sureties, residents and householders or freeholders of the county, who shall on oath justify in double the penal sum of the bond, to be approved by the board of county commissioners.

Said bond to be in substantially the following form:

"Whereas, _____, of _____, has applied or is about to apply to the board of county commissioners of _____ County, Idaho, for a license to sell intoxicating liquors to be drank or handled in, on or about the premises where sold, at _____, in said _____ County, for the time of _____ months from and after the _____.

"We hereby undertake that the above named _____, if granted such license, will keep a quiet and orderly house for the sale of such intoxicating liquors, and will well and faithfully keep and observe all the laws of Idaho in regard to the sale of intoxicating liquors, and will well and faithfully keep and regard the provisions

of any ordinances and regulations of any municipal organization of the place where such business is to be conducted, relating to the keeping of saloons, taverns and the sale of intoxicating liquors, and if said fails to perform any of the conditions of this bond, or violates any of the provisions of the laws in regard to sale of intoxicating liquors or the keeping of saloons and taverns, we will pay all costs, damages, fines and forfeitures resulting therefrom, not to exceed the sum of three thousand dollars."

No such bond shall be void upon its first recovery, but it may be sued upon and recovered upon from time to time as herein authorized, until the whole penalty thereof is exhausted. The board of county commissioners may require any licensee under the provisions of this chapter to file an additional bond or furnish additional sureties at any time when, in their judgment, the bonds furnished by any licensee are insufficient: *Provided*, That when application is made for the sale of intoxicating liquors, as in this section provided, for a place outside of any incorporated city, either upon their own motion or upon objections duly filed upon the part of any citizen and resident of the precinct within which it is intended to carry on such sale, the county commissioners shall determine whether or not the granting of such license will be conducive to the best interests of the community in which such saloon or business is proposed to be established, and whether or not such applicant is a fit person to have such license and carry on said business, and whether or not such place of sale and business will likely be conducted in a quiet, orderly and peaceable manner, and should said board of county commissioners determine adversely to the applicant upon any grounds above specified, the license must be refused and the sheriff shall return the amount deposited to said applicant; otherwise the said license may be granted; and such order of the board of county commissioners shall be subject to appeal to the District Court as in the case of other orders of said board.

Historical: Laws 1890-91, 33, Sec. 3; amended Laws 1907, 219, Sec. 1.

Right to License Money: Where a person pays to the sheriff the amount of a liquor license tax and begins business without making application to the board of commissioners for a license, the money paid to the sheriff belongs to the county from the moment the party paying it commences the liquor business, and the sureties on the sher-

iff's bond are liable therefor. *Bingham Co. v. Fidelity & Deposit Co.* (1907) 13 Ida. —; 88 Pac. 829.

Where a person pays a license tax to the sheriff and begins business and thereafter the portion of the county in which such business is carried on is annexed to another county, the license tax so paid to the sheriff must be paid to the treasurer of his county, and his surety is liable to the county therefor. *Ib.*

Amount and Duration of License.

Sec. 1509. The amount to be paid by each applicant for such license shall be the sum of seven hundred and fifty dollars per year, and no license shall be issued under the provisions of this chapter for a less or longer period than one year.

of this chapter by either of the methods of service hereinbefore provided for, who shall sell, give away or furnish to any such habitual drunkard, or person who is in the habit of getting intoxicated, any intoxicating liquors, shall be guilty of a misdemeanor: *Provided, further,* That when such notice shall be served upon any individual, firm or corporation engaged in the sale of intoxicating liquor, it shall be the duty of such individual, firm or corporation, to immediately post the same in a conspicuous place in his or their place of business, and upon failure so to do such person, firm, or the agent of such corporation having charge of the place of business of such corporation, shall be guilty of a misdemeanor.

A clause of the act which sought

to exclude runners traveling for wholesale houses and "taking orders from merchants only" from the provisions of the act requiring a license, was held class legislation in contravention of the State and Federal Constitutions. In re Abel (1904) 10 Ida. 288; 77 Pac. 621.

A provision of the act which excluded from its requirements peddlers or hawkers in farm produce was held to apply to farm produce of other States as well as of this State, and was not class legislation, nor did it interfere with interstate commerce. *Ib.*

Municipal Ordinances: On ordinance by the terms of which a farmer

was prohibited from selling his farm produce without first taking out a city license was held void under a provision of the act of 1901, which ex-

cluded peddlers of farm products from its provisions. In re Snyder (1905) 10 Ida. 682; 79 Pac. 819.

Application for and Issuance of License.

Sec. 1530. Every peddler, whether principal or agent, shall, before commencing business in any county of the State, make application in writing and under oath, to the county treasurer for the county in which he proposes to make sales, for a county license. Such application must state the names and residences of the owners or parties in whose interest said business is conducted, and shall state the number of horses and vehicles to be used by him. At the same time he shall file a true statement under oath of the quantity and value of the stock of goods, wares and merchandise that is in the county for sale, or to be kept or exposed for sale in said county. He shall also at the same time make a special deposit of five hundred dollars with the county treasurer aforesaid, and shall pay the said treasurer the county license fee as follows:

1. Peddler on foot, one hundred dollars;
2. Peddler with one horse and a wagon, one hundred and fifty dollars;
3. Peddler with two horses and wagon, two hundred and fifty dollars.
4. Peddler with any other conveyance, three hundred dollars.

The county treasurer shall thereupon issue to said applicant a peddler's license, authorizing him to do business in the county aforesaid for the term of one year from the date thereof: *Provided*, That the license issued under and by virtue of this chapter shall expire by limitation on the second Monday of January succeeding the year in which said license is issued. Every county license shall contain a copy of the application therefor, and shall not be transferable, and shall not authorize more than one person to sell goods as a peddler, either by agent or clerk, or in any other way than in his own proper person.

Historical: Laws 1905, 97, Sec. 3.

Applications to Be Filed.

Sec. 1531. The county treasurer of each county shall keep on file all applications for licenses issued thereon. All files and records of said county treasurer shall be in convenient form and open to public inspection.

Historical: Laws 1905, 97, Sec. 4.

Cancellation of Licenses.

Sec. 1532. Upon the expiration and return of each county license, the county treasurer shall cancel the same, indorse thereon the cancellation thereof and place the same on file. He shall then hold the special deposit of the licensee for a period of ninety days from the date of said cancellation, and after satisfying any and all claims made upon the same under the following section, he shall return said deposit or such portion of the same, if any, as may remain in his hands, to the licensee.

Historical: Laws 1905, 97, Sec. 5.
Phraseology slightly changed to express the sense.

Liability of Deposit to Claims Against Licensee.

Sec. 1533. Each deposit made with the county treasurer of any county in this State, shall be subject to all taxes legally chargeable to the same, and to attachment and execution on behalf of the creditors of the licensee whose claims arise in connection with the business done under his county license, and the treasurer may be held to answer as trustee in any civil action in contract or tort brought against any licensee, and shall pay over, under order of the court or upon execution, such amount of money as the licensee may be chargeable with upon the final determination of the case. Such deposit shall also be subject to the payment of any and all fines and penalties incurred by the licensee through violations of the provisions of the preceding sections, which shall be a lien upon the same, and shall be collected in the manner provided by law.

Legal Rate of Interest.

Sec. 1537. When there is no express contract in writing fixing a different rate of interest, interest is allowed at the rate of seven cents on the hundred by the year on:

1. Money due by express contract;
2. Money after the same becomes due;
3. Money lent;
4. Money due on the judgment of any competent court or tribunal;
5. Money received to the use of another and retained beyond a reasonable time without the owner's consent, express or implied;
6. Money due on the settlement of mutual accounts from the date the balance is ascertained;
7. Money due upon open accounts after three months from the date of the last item.

Rate of Interest: Where a note

provides for interest at the rate of eighteen per cent, and the note, so far as the interest is concerned, is held void for usury by a judgment rendered under Rev. St. Sec. 1266, interest will be allowed under this section at the rate of seven per cent per annum. Finney v. Moore (1903) 9 Ida. 284; 74 Pac. 866.

Maximum Rate of Interest.

Sec. 1538. Parties may agree in writing for the payment of any rate of interest, on money due or to become due on any contract, not to exceed the sum of twelve per cent. per annum; any judgment rendered on such contract shall bear interest at the rate of seven per cent. per annum until satisfied.

Historical: Rev. St. 1887, Sec. 1264 (see 12 Ter. Ses. (1879) 7, Sec. 5); amended Laws 1897, 95, Sec. 1; re-enacted Laws 1899, 315, Sec. 1.

Contracts Held Usurious: A contract which provides for a monthly

payment of \$37.50 on a debt of \$2,500, to be applied: (1) To the payment of any fines or other assessments made in pursuance of by-laws; (2) to the payment of the premium for precedence due on the loan amounting to \$8.75 per month; (3) to the payment of interest due on the loan amounting to \$12.50 per month; (4) the balance of said payments to be credited as dues on stock and to continue until the dues credited on the

stock and dividends equal the amount due, is usurious. *Stevens v. Home Savings & Loan Assn.* (1898) 5 Ida. 741; 51 Pac. 779, 986.

A contract of loan between a borrowing member of a building and loan association and the association, by which the borrower agrees to pay a monthly sum of \$6, applicable to the satisfaction of the debt, which was \$650, and \$7.15 monthly interest (called "dues" on "stock") until the entire debt should be paid, is usurious. *Fidelity Savings Assn. v. Shea* (1899) 6 Ida. 405; 55 Pac. 1022.

The exaction of illegal interest under the guise of premiums is in violation of this section. *Cleveland v. Western Loan, etc., Co.* (1901) 7 Ida. 477; 63 Pac. 885.

Premiums exacted for making loans and retained from the face of the loan, or secured by mortgage, constitute unlawful interest, when, added to the rate provided by the loan contract, they make a rate greater than the statutes authorize, and payments upon such premiums and upon interest and principal must be applied to reducing the principal of the debt. *Madsen v. Whitman* (1902) 8 Ida. 762; 71 Pac. 152.

Contracts Not Usurious: The payment of commissions to an agent for procuring a loan, does not render the

loan contract usurious, because the commission plus interest exceeds the rate of interest allowed by statute, in the absence of any showing that the agent was acting on behalf of the lender, or that the latter received any part of the agent's compensation. *Cornwell v. Urton* (1898) 6 Ida. 266; 55 Pac. 294.

The fact that parties to a loan contract agree that the same shall bear interest both before and after judgment, at ten per cent per annum, does not render the contract usurious in the absence of any evidence of a corrupt intent to exact usurious interest. *Anderson v. Creamery, etc., Co.* (1892) 8 Ida. 200; 67 Pac. 493.

A mortgage bearing the highest rate of interest allowed by law is not rendered usurious by a further stipulation whereby the mortgagor agreed to pay taxes on the loan, which stipulation was, at the time it was entered into, absolutely void by the terms of Rev. St. Sec. 1425. *First Nat. Bank of Hailey v. Glenn* (1904) 10 Ida. 224; 77 Pac. 623.

Effect of Usury: Usurious contracts are not absolutely void, but the principal sum loaned thereon may be recovered by suit. *Portneuf Lodge v. Western, etc., Savings Co.* (1899) 6 Ida. 673; 59 Pac. 362.

Compound Interest Prohibited.

Sec. 1539. Compound interest is not allowed, but a debtor may agree in writing to pay interest upon interest over-due at the date of such agreement.

Historical: Rev. St. 1887, Sec. 1265. See 12 Ter. Ses. (1879) 7, Sec. 6.

Cited: *Blaine County v. Lincoln County* (1898) 6 Ida. 57; 52 Pac. 165. *Portneuf Lodge v. Western etc., Savings Co.* (1899) 6 Ida. 673; 59 Pac. 362. (Dist. op.) *Anderson v. Or. Mtg. Co.* (1902) 8 Ida. 418; 69 Pac. 130.

Interest on Interest: A stipulation in a promissory note that interest upon interest is to be paid, is in contravention of the provisions of this

section. *State v. Fitzpatrick* (1897) 5 Ida. 499; 51 Pac. 112.

Coupon Notes: Coupon notes, given for the interest of the principal debt, which, by their terms, draw interest after maturity, are in contravention of this section forbidding compound interest, and are usurious. *Vermont Loan Co. v. Hoffman* (1897) 5 Ida. 376; 49 Pac. 314. *Cleveland v. Western Loan & Savings Co.* (1901) 7 Ida. 477; 63 Pac. 885.

Penalty for Usury.

Sec. 1540. If it is ascertained in any suit brought on any contract, that a rate of interest has been contracted for greater than is authorized by this chapter, either directly or indirectly, in money or in property, such contract works a forfeiture of ten cents on the hundred by the year, and at that rate, upon the amount of such contract, to the school fund of the county in which the suit is brought, and the plaintiff must have judgment for the principal sum less all payments of principal or interest theretofore made, and without interest or costs. The court must render judgments in said action for ten per cent per annum upon the entire principal of said contract, against the defendant in favor of the State for the use of the school fund of the county,

whether the unlawful interest is contested or not; and in no case where unlawful interest is contracted for, must the plaintiff have judgment for more than the principal sum less the payments already made, whether the unlawful interest be incorporated with the principal sum or not. But no indorsee in due course of negotiable paper, is affected by any usury exacted by any former holder of such paper unless he have actual notice of the usury previous to his purchase; but in such case the judgment above provided in favor of the school fund must be entered against the drawer or maker, if a party to the action, and he may recover back the usury paid from the party who received the same.

Historical: Rev. St. 1887, Sec. 1266.

Cited: *Stevens v. Home Savings & Loan Assn.* (1898) 5 Ida. 741; 51 Pac. 779, 986. *Finney v. Moore* (1903) 9 Ida. 284; 74 Pac. 866. *Washington Co. Abstract Co. v. Stewart* (1904) 9 Ida. 376; 74 Pac. 955.

Strict Construction: The provisions of this section being quasi penal and providing for a forfeiture, will not be construed to include matters not expressly enumerated therein. *Finney v. Moore* (1903) 9 Ida. 284; 74 Pac. 866.

Test of Usury: The test of usury is whether or not a contract has been made whereby a greater rate of interest than that authorized by law may be charged, either directly or indirectly, and where the aggregate amount of interest to be paid falls within the terms of the usury statute, the contract will not be relieved from the operation of such statute because it reserves to the borrower an option to pay the entire debt at any time (the same being payable otherwise in installments), and the earliest interest installments fall within the rate of interest which may be legally charged. *Ford v. Washington Nat. Bldg., etc., Assn.* (1904) 10 Ida. 30; 76 Pac. 1010.

Form of Action: This section does not especially authorize any action on an usurious contract, but simply directs the judgment to be entered in an action brought to enforce the same. It does not preclude an action under Rev. St. Sec. 3364, (Code Sec. 3402), to compel the cancellation of usurious mortgages after the principal sum due thereon has been paid. *Portneuf Lodge v. Western, etc., Savings Co.* (1899) 6 Ida. 673; 59 Pac. 362.

The penalty herein provided for can only be adjudged in an action to enforce an usurious contract; this section does not prevent the mortgagor in an usurious transaction from suing for a cancellation of the mortgage. *Cleveland v. Western Loan, etc., Co.* (1901) 7 Ida. 477; 63 Pac. 885.

Provisions Mandatory: It is the duty of the trial court to see that the provisions of this section are carried out and to inflict the penalty therein

provided without suggestion so to do from any source. *Vermont Loan Co. v. Hoffman* (1897) 5 Ida. 376; 49 Pac. 314.

Since this statute imposes a penalty, a part of which goes to the school fund of the county, the effect of the same cannot be obviated by stipulation of parties, and the court must enter judgment in accordance with the statute, notwithstanding stipulations, to the contrary. *Ocobock v. Nixon* (1899) 6 Ida. 552; 57 Pac. 309.

It is not necessary to plead the defense of usury, but the rights of the parties and the duty of the court are fixed by this section. *Cleveland v. Western Loan, etc., Co.* (1901) 7 Ida. 477; 63 Pac. 885.

Proceedings by State: The State is not authorized to maintain an independent action to recover the penalty provided for in this section, but if the court fails to enter judgment for such penalty, the State should intervene by motion within the six months allowed by Sec. 4229 for the amendment of proceedings, upon notice to all parties to the record, and apply for a modification of the judgment so as to make it conform to this section. *State v. Eves* (1898) 6 Ida. 144; 53 Pac. 543.

The provisions of this section are not applicable to an action brought by the State to foreclose a mortgage, taken to secure the payment of a loan made from the permanent school fund; an unauthorized violation by the land board of Rev. St. Sec. 1265, by exacting usurious interest, cannot work a forfeiture or impose a penalty, directly or indirectly, upon the State. *State v. Fitzpatrick* (1897) 5 Ida. 499; 51 Pac. 112.

Right to Invoke Statute: This section applies only to actions where the lender or his assignee is plaintiff and the borrower is defendant. The grantee of an usurious mortgage who assumes the payment of the same, cannot set up the defense of usury or sue to cancel the mortgage after the payment of the principal on the ground of the usury contained therein. (Quarles, C. J., dissents.) *Anderson v. Or. Mtg. Co.* (1902) 8 Ida. 418; 69 Pac. 130. But the purchaser of premises covered by an usurious

mortgage may plead the defense of usury where he does not assume the mortgage debt, nor retain from the purchase price any sum for application upon the mortgage debt. *Ford v. Washington Natl. Bldg., etc., Assn.* (1904) 10 Ida. 30; 76 Pac. 1010.

Estoppel to Plead Usury: Since the State has an interest in the enforcement of this section, a private party cannot estop himself from asserting the plea of usury, *ib.*

Attorneys' Fees: In a suit upon an usurious contract, it is error to allow the plaintiff an attorney fee under the stipulation of the mortgage securing the debt. *Fidelity Savings Assn. v. Shea* (1899) 6 Ida. 405; 55 Pac. 1022.

Purging Usury: An usurious contract may be purged by giving a new

contract with the element of usury excluded, where no usury has been paid pursuant to the original contract. *Sanford v. Kunz* (1903) 9 Ida. 29; 51 Pac. 612.

Foreclosure of Usurious Mortgage: Where coupon interest notes, to secure which and the principal note to which they are attached, a mortgage is given, are void for usury, no action can be maintained to foreclose the mortgage until after the principal debt secured thereby becomes due, although the interest notes are, by their terms, declared to be due, and the mortgage authorizes foreclosure in case of default in the payment of the interest notes. *Vermont Loan & Trust Co. v. Tetzlaff* (1898) 6 Ida. 105; 53 Pac. 104.
